

**§ 15497.5. Local Control and Accountability Plan and Annual Update Template.**

**Introduction:** LEA: Hesperia Unified Contact (Name, Title, Email, Phone Number): David McLaughlin, Superintendent, [david.mclaughlin@hesperiausd.org](mailto:david.mclaughlin@hesperiausd.org)  
 (760) 244-4411 LCAP Year: 2015-2018

***Local Control and Accountability Plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

## **State Priorities**

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

**Expelled pupils (for county offices of education only):** *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

**Foster youth (for county offices of education only):** *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

### **B. Pupil Outcomes:**

**Pupil achievement:** *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

**Other pupil outcomes:** *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

### **C. Engagement:**

**Parental involvement:** *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

**Pupil engagement:** *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

**School climate:** *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

## Section 1: Stakeholder Engagement

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

### Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p><b>HUSD sought input from all stakeholders, categorized responses and examined trends and patterns allowing the District to determine the processes, goals, targets and criteria that focus on learning.</b></p> <p><u>Parents and Staff:</u>            During the District Advisory Committee (DAC) meeting on December 17, 2014, the LCFF/LCAP was explained to all members in attendance. The committee has previously heard about the new funding formula under LCFF when budgets have been reviewed. The LCAP process was explained to the members and a powerpoint presented information on progress made towards the goals. Members were given a questionnaire to gather what they wanted for their children and what they needed to help their child be successful in school. The suggestions were summarized and disseminated to members. This group met on April 15 to review a draft of the plan. Members were guided through the plan with an explanation of actual outcomes and expenditures for the 2014-15 school year and the updated goals, actions and expenditures for the 2015-2018 plan and given opportunity to ask questions and offer suggestions. Final draft was presented on May 20 with an opportunity for questions. There were no questions.</p> <p><u>EL:</u>            At the District English Language Advisory Committee (DELAC) meeting on January 22, 2015, the LCFF/LCAP was explained to all members in attendance. The new funding of the districts and the focus on English Learners (EL), Low Income (LI) and Foster Youth (FY) was discussed. Representatives from most schools were in attendance. During the meeting, Darrel Nickolaisen presented the district's LCAP goals and gave examples of planned actions to support them. He also presented data on the progress made in meeting the goals of 2014-15 and the actions, services and expenditures as of that date. DELAC members asked clarifying questions and expressed appreciation for being included in the process.</p> <p><u>Parent Advisory:</u>            On February 3, the Superintendent held a Superintendent Parent Advisory Group meeting to provide information regarding the LCAP and to review progress made in 2014-15 and give input on the goals and actions for the 2015-18 plan.</p>	<p><b>Upon completion of the various stakeholder input meetings, the District has identified common, recurring themes that are identified below. These themes are reflected in the goals, action/services and expenditures of the District. Common themes included:</b></p> <ul style="list-style-type: none"> <li>• Use of technology</li> <li>• Extended class/coursework study outside the classroom</li> <li>• Attract and retain quality personnel</li> <li>• Focus on student learning and application</li> <li>• Reduce class size-more one on one</li> <li>• More career technical educational courses</li> <li>• Improve study skills</li> <li>• Expand Regional Occupational Program</li> <li>• Provide rewards, address absences and tardiness</li> <li>• Increase project-based and activity-based instruction</li> <li>• Implement Common Core State Standards instruction</li> <li>• Implement site-based funding; fund programs according to needs</li> <li>• Provide industry-driven courses such as, internships, work experience, job placement</li> <li>• Partner with business, community groups, non-profits, etc. to increase opportunities for students</li> <li>• Increase tutoring</li> <li>• Promote AVID</li> <li>• Utilize multiple ways to measure success</li> <li>• Increase counseling services</li> <li>• Expand creative thinking and learning across all academic and extracurricular teaching/programs</li> </ul> <p><u>Advisory Groups:</u></p> <ol style="list-style-type: none"> <li>1. EL, LI, & FY:

Stakeholder meetings were held during the months of December, 2014 and January, 2015 at every school site in the district. There were scheduled LCAP input meetings along with the information being shared at SSC meetings and ELAC meetings. Parents of the subgroups were specifically given letters asking for their attendance at the meetings. Members of the subgroups were in attendance at the meetings. A Connect-Ed call went home to all families from the individual sites inviting their attendance at one of the meetings to give input on actions and services that the district should continue, increase, or stop providing to students. Parents were provided data on how the district students performed on previous State tests, graduation rate, and College Ready assessment results and progress made in achieving the goals in the 2014-15 plan and asked to complete a questionnaire regarding what they wanted for their children and what they needed to help them be successful.

Foster Youth:

On May 7, 2015, the San Bernardino County Superintendent of Schools (SBCSS) Foster Youth Liaison, representatives representing Foster Youth Agencies that serving our students, Foster Youth representative from Victor Valley College (VVC), and Child Family Services representatives met with the district Foster Youth Liaison and the LCAP team to review the LCAP and give suggestions to help support Foster Youth.

- 6. Literacy programs for parents
- 7. Parent classes on how to fill out applications for colleges, scholarships and financial aid.

Parents, EL, LL & FY:

- 1. Students need to be prepared for college
- 2. Provide career ready courses and mentoring programs
- 3. Students need to be able to use skills in everyday life
- 4. Additional resources are needed for parents to help support learning
- 5. Communication between teachers, students and parents needs to be open, honest and on-going
- 6. EL parents want help learning English and also for their students to improve their language skills
- 7. Parents want staffs to have positive attitudes, show interest in the students, be positive role models, and instill a love of learning
- 8. Parents just want their children to graduate
- 9. Parents need scholarship information
- 10. Parents want their children to be comfortable at school and grow socially
- 11. Parents want their children to be confident and motivated, organized and independent

Foster Youth:

- 1. Since there isn't a central enrollment center, are FY given information about clubs, etc.?
- 2. FY need to meet with counselor immediately upon enrollment to gather information on credit recovery
- 3. FY need to be made aware of AVID program and allowed to enter right away
- 4. How are schools ensuring that FY are getting support they need?
- 5. VVC would like to meet with students to assist in the transition from high school to college.

Impact: There will be a meeting before school starts to inform foster parents/agencies of procedures and available services. Schools will have an assigned administrator to ensure that information is given to foster youth throughout the year. A meeting will be arranged with VVC and counselors (CAR) to help with transition to college.

<p><u>Students:</u>  Students at the comprehensive and alternative high schools met with staff to discuss what they liked about school and what worried them or what they felt was lacking. electronically to the president who would then send it to the LCAP team.

Community Members/Business Owners:

On May 8, 2015, the Superintendent presented the LCAP at the monthly coffee chat of the Hesperia Chamber. They were asked to complete a survey asking three questions: 1. How do you define a successful school? 2. What skills and attributes do students need to possess to be successful in the work force? And, 3. Would you be interested in participating in an intern partnership with the school district? If so, what would it look like for your company?

A monthly meeting (8/8, 9/10, 10/8, 11/12, 12/10, 1/14, 2/11, 3/11, 4/8, 5/13) is held with the Educational Services Planning Innovations Committee (EPIC) which consists of representative from the district office, Hesperia Teachers Association (HTA) and California

Community/Business Owners:

- #1. One that prepares all students for higher education and/or work.  
Where students learn what they are taught  
A school is successful when its students are active members of their community and society. When students continue to develop their skills in continuing education or certification.  
A school that will provide students that will be a good asset to the community. Students that take pride of where they live.
- #2. Work ethics, honest, punctual, takes direction well, not feel entitled, multi task accurately, appearance, etiquette, trainable/teachable, responsible, has integrity/honesty, Read, write and compute, values, teach that work has rewards.
- #3. Yes-will teach students what they need to know about entering the work force.  
I will donate money to programs that enhance work skills.  
Yes-filing clerk, receptionist, cashiers, techs if insurance allows.  
Not at this time-our employees must be over 18 years of age.

<p>School Employees Association (CSEA) to continually address the progress made in meeting the LCAP goals and offer suggestions for revision.</p> <p>Regular written updates were provided to the Governing Board on 11/2, 2/6, 4/24 and 5/22.</p> <p>The final plan was presented to the Governing Board on June 8 for the first reading and public hearing to give stakeholders an opportunity to ask questions or comment. The Superintendent responded to the comments in writing and the final plan submitted to the Board for approval, along with the 2015-16 budget, on June 18.</p>	
<p><b>Annual Update:</b>          The 2014-2017 LCAP was posted on the district website and made available in the approved format to all stakeholders. It was a continual reference point as HUSD worked to implement the actions and services described in the plan. Schools sites used the plan as a focus while amending their Single Plan for Student Achievement (SPSA).</p> <p>As the plan was reviewed in tangent with achievement data (single assessments, AP/EAP scores), suspension/expulsion data and graduation rates, it was determined that the goals should remain the same for a few years in order to determine effectiveness of actions and services through consistency.</p> <p>Beginning in the fall, school sites held LCAP parent meetings to review data on the progress of each goal, actions and services and expenditures. The parent gave input on what they wanted for their child and asked questions to help determine effectiveness of the goals, actions, and services. The stakeholders gave written input into the update of the plan to help determine priorities.</p> <p>The bargaining groups, management groups, advisory groups and any interested party were given a summary of progress of the LCAP and given opportunity to ask questions and provide input for possible changes. The responses from all meetings were gathered and reviewed. At this time there were no major changes recommended.</p>	<p><b>Annual Update:</b>          Upon stakeholder review it was determined that all goals will remain the same for 2015-16 with the exception of the subgoals from 2014-15. In 2014-15, subgoals were listed but as the plan was being reviewed for 2015-16, it was determined that they weren't goals but actually identified needs and part of expected annual measurable outcomes. It was also determined that the "subgoal D was part of the identified need/outcome subgoal A and so it was removed and "subgoal" E became identified need/outcome D. The expected annual measurable outcomes #1 was revised from September to October and January to February in order to address logistical concerns at the sites and district level. As part of our annual stakeholder evaluation of progress in meeting the goals and effectiveness of the actions and services, additional changes were made and are listed after each goal in the annual update section of the LCAP.</p>

**Section 2: Goals, Actions, Expenditures, and Progress Indicators**

**Instructions:**

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the school sites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the school site level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is district-wide, school-wide, county-wide, or charter-wide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils re-designated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

### **Summary of How HUSD is Addressing the Guiding Questions and State Priorities**

Research-based practices have identified specific areas of focus that students need in order to be college and/or career ready. These areas of *focus are* known as the 4Cs: critical thinking, collaboration, communication, and creativity. The 21<sup>st</sup> Century student needs to apply, synthesize, and communicate information and to work collaboratively across subjects to solve complex, real-life problems. Hesperia Unified's (HUSD) curriculum is designed to promote the 4Cs and demonstrate depth of knowledge through project-based lessons, utilizing multiple perspectives, technology, and demonstrating strategic and extended thinking.

As we transition to new state standards, it is important to assist educators in embedding the 4Cs in their classroom practices. HUSD will provide appropriate professional development to prepare teachers for these shifts and to implement technology as a tool to enhance learning.

It is important to assess the effectiveness of HUSD's instructional program. Multiple measures of performance, both formative and summative, are required to assess student learning. On-going data review with stakeholder input has been, and will continue to be, an essential piece of determining student needs, instructional goals and actions. Outlined in this document are the goals and actions identified to address gaps in student learning and preparedness for college and/or career that have surfaced as a result of our data review.

The LCAP was created in collaboration with community stakeholder groups and encompasses effective, efficient, and exemplary practices in all HUSD's divisions, departments and schools. Working together to achieve these goals supports our vision of "Preparing Today's Students for Tomorrow's World."

### **Base Program (What is provided for all students)**

Student academic, social and emotional success will be a priority for all Hesperia district and site personnel, and will create a cohesive focus for the base program for students. This includes high quality teachers and leaders, safe and clean facilities, standards-based instructional materials, instructional support, operational and human resources. The district's base program lump sum of \$153,967,484 reflects the approximate cost for high quality teachers, administrators, classified staff, counselors, district office staff, related materials and resources.

GOAL:	1. To provide high quality classroom curriculum, instruction and assessment to prepare our students for success in college and/or a career.	Related State and/or Local Priorities: 1_X 2_X 3_X 4_X 5_X 6_X 7_X 8_X COE only: 9__ 10__ Local: Specify _____

**Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.**

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

**Guiding Questions:**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>A1. Add: "Use supplemental resources to" action: Integrate and align curriculum with state standards, including ELD standards to support increase in student achievement-no additional cost  A2. Add: "Purchase or maintain" standards-based district adopted textbooks and/or resources to teach state standards and removed "along with supplemental materials" since resources and materials are the same-no additional cost  A3. With the purchase of devices for all students, there will be an ongoing expenditure to cover the lease of the devices and for replacement and repair. Funding will be increased to 2.7 million for the lease and an additional \$500,000 for replacement, repairs and future growth. Action also changed to included digital textbooks.  A5. TK-3 class sizes will continue to be reduced to 26:1 for the 2015-16 school year. The district will also reduce staffing ratio for all other grades resulting in an increase in funding of \$2.7 million  A6. Infrastructure expenditure addressed in A3; so action removed for 2015-2018.  A10. Added action: The math adoption committee reviewed materials and decided that there weren't any materials that appropriately addressed the standards so they decided to have the district develop their own curriculum. The result being a new action of writing math curriculum with expenditures up to \$250,000 for over-contract and subs for teachers  B1. District will provide funding to sites for credit recovery. \$40,000  B2. Funding will be decreased for the 2015-16 year from \$185,000 to \$75,000 as was planned in the 3 year plan for 2014-15  B3. Purchasing of 3Dprinters has been moved to action A3 and an additional \$15,000 added to planned expenditure as compared to 2014-15 3 year plan  B5. Sites will continue to fund intervention expenses through site funds so no expense of \$160,000 to LCFF  B6. \$30,000 was allocated to alternative schools but only \$16,250 was utilized  B7. In order to effectively serve students in a blended learning model, funding for grades 7-12 summer school will be increased by \$50,000 for a total of \$200,000  B9. It was determined that the students would receive the same benefit from the services of a Special Ed Coordinator and an Instructional Coach/es so those positions were posted, interviewed and hired to begin in the 2015-16 school year  C1. Elementary AVID will be eliminated based on insufficient evidence of program effectiveness. Secondary AVID will continue. Cost of the program for 2014-15 was \$27,360. Cost for 2015-16 will be \$35,000 for AVID contract and \$35,000 for AVID tutors  C3. Hesperia High School's Early College Program will be expanded with an additional cohort of students and additional \$50,000 in funding for a total of \$200,000.</p>		

Cisco Network Academy at Oak Hills High School will continue in 2015-16 and be funded for a full-time teacher, training, materials, supplies and equipment totaling \$200,000.  
 Innovative projects to support 21<sup>st</sup> Century Learning Initiatives supported by the Superintendent funded at \$250,000.  
 A Broadcasting program and film festival will be developed to offer students real-world opportunities with equipment already purchased  
 C6. Plans for the Young Adult Transition Center have been placed on hold at this time. Funds will be allocated to ROP and CTE. \$700,000 for ROP teachers, support staff, supplies, equipment and materials.  
 C-additional services to EL students. 3 bilingual assistants were hired to support college/career readiness for high school long-term EL students but only began working the last month of the school year and were funded completely through Title III so no expense to LCFF Funding for this service was shifted entirely to Title III so no LCFF expenditures  
 (All actions in subgoal D have now been moved into section A)  
 D3. The District Single Assessment was printed using site funds but since it is a district expectation, funding will be allocated and processed through the Director of Curriculum, Instruction and Assessment for the 2015-16 year  
 D4. AVID Excel for middle school long-term EL students was not implemented in the 2014-15 school year. The schools are preparing to implement it in the 2015-16 school year and it will be funded through Title III  
 (All action in subgoal E have now been moved to section D in 2015-16)  
 E1-E14. Areas of professional development and collaboration have been combined into one action D1  
 E15. Curriculum Articulation CART) Teams training initially had to do with transitions to CCSS and it has been reworded to Continue transition (there isn't the need for the training to be conducted through CART and could be accomplished at individual sites with curriculum coaches and site personnel-Action D2  
 E16. This action has been changed to D3. The expenditures will no longer be funded through RIMS BTSA so the cost of teacher support will increase from \$170,000 to \$342,900-an increase of \$172,900 to LCFF. For 2014-15 the stipends expenditures were only \$32,789 so the allocated money was also used for substitutes, instructional materials, and printing  
 E17. This action has been changed to D4

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

**Section 3: Use of Supplemental and Concentration Grant funds and Proportionality**

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$25,703,735</u>
For the 2015-16 school year, Hesperia USD will receive an increase in funds of \$15 million. This amount was calculated on the unduplicated count of low income, foster youth and English learners estimated at slightly above 73.63%. Supplemental and concentration funds are being expended on a district-wide basis to meet the needs of all students including the above target groups. This will be effective because it maintains or increases all students’ levels of academic proficiency. These funds are being used to provide an increase of quality learning opportunities through hiring additional highly-qualified teachers, along with tools needed to prepare all students for tomorrow’s world.	

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

**LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX**

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
