2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Hesperia Unified School District was formed in 1987. Prior to that, we were a mix of Hesperia Elementary School District and Victor Valley Union High School District. We currently include 3 comprehensive high schools, 2 continuation high schools, 3 middle schools, 15 elementary schools, 1 alternative school, and 1 adult education school. We are the largest employer in the high desert with over 2,058 amazing staff members. We serve and educate over 21,619 brilliant individuals with the following demographics:

62% Hispanic	24% White	7% Black
5% Asian	2% Other	
70% Low Income	18% English Learners	<1% Foster Youth
72.75% Unduplicated High Need		

Our primary focus is to provide a quality educational program in our schools. Student achievement continues to improve. Various opportunities for students to be involved in the performing arts, sports, and community service projects are available to augment learning experiences. We have quality staff that is dedicated and passionate about providing for, and leading our young people.

The Board of Trustees has identified six CORE values that define HUSD:

1. We are absolutely committed to providing a distinguished and challenging learning environment that ensures excellence and achievement for all our students.
2. We believe it is our responsibility to spend the funds entrusted to us to obtain the greatest educational opportunities for our youth while maintaining financial accountability and a prudent reserve.
3. We believe in recruiting and retaining highly qualified employees who maintain high moral and ethical character and consistently exhibit a positive example, exemplary attitude, genuine caring and enthusiasm which promote long-term stability and quality in our educational programs.
4. We believe in promoting strong partnerships and regular communication with parents and community members to help our students maximize their individual potential.
5. We believe that students and staff should be housed in learning and working environments that are clean and safe.
6. We believe in principled relationships and meaningful negotiations with employee groups which advance student achievement as well as both employee and district interests.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Goals:

To provide high quality classroom curriculum, instruction and assessment to prepare our students for success in college and/or a career

To provide a physically and emotionally safe climate and learning environment that is culturally responsive to all students

To involve our parents, families, and community stakeholders as direct partners in the education of all students

- Mission: Preparing Today's Students for Tomorrow's World
- Vision: Provide students with 21st Century Skills by continuing to develop, implement, and evaluate a quality educational program that supports academic excellence, closes student achievement gaps and advances college and career ready options.

Districtwide Focus Areas

- High-Quality Authentic Classroom Instruction and Curriculum
- Professional Development and Learning Supported by Instructional Coaches
- Parent, Student, and Community Engagement
- Preparing Today's Students for Tomorrow's World
- Academic, Social Emotional and Behavior Supports and Interventions
- Increase Proficiency of all Students Through CFAs and Single Assessment
- Safe and Orderly School Environment

- Professional Learning Communities
  What do we expect our students to learn?
  How will we know they are learning?
  How will we respond if they don't learn it?
  How will we respond if they already know it?
- 4Cs: Critical Thinking, Collaboration, Communication, and Creativity
- Units of Study
- Project Based Learning
- State Standards

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

> The LEA is making progress towards state and local indicators by implementing a single assessment given three times a year. The district's single assessment is designed to be used as a curricular map to measure academic and student progress. Educators use common and formative assessments to inform instruction to meet the needs of students. The data is intended to be analyzed through the PLC process to assist in meeting the LEA's educational goals.
>
> The LEA has made significant growth in our graduation rate. It should be noted that our EL population has made substantial progress over the last 3 years as evidenced by the 12% growth.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

> Based on the Dashboard data, it is apparent the LEA needs to develop and implement strategies to assist with improving the suspension rate of the special needs, African American, Hispanic and those identified as 2 or more races and instructional practices of the same subgroups and our ELs to increase performance in English Language Arts. The direct assistance to our EL and special needs population will require additional professional development. The LEA will provide support in differentiation for underperforming students using the RtI/MTSS model.
>
> The district has begun the implementation of Onboard Education which provides tools, resources, and guidance to measure and develop student resilience and a strengths-based culture in the schools. Onboard Education will help with expulsions/suspension, absenteeism truancy, violence, bullying, anxiety, vandalism, substance abuse, and students dropping out of school.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

> English Language Arts has been identified as a critical area of need. With 4 student subgroups (3 in red: special needs, African American, and American Indian; 1 in orange: Pacific Islander) demonstrating a performance achievement gap significantly below all students, a literacy task force has been established, adoption of a drastically different curriculum K-12, instructional coaches are supporting sites and providing professional development .
>
> Mathematics grades 3-8 has been identified as an area of need with 5 subgroups performing significantly below (2 in red: African American and Pacific Islander; 3 in orange: EL, special needs, and 2 or more races). To address this gap in performance, newly adopted curriculum (Integrated math), ongoing professional development and instructional coaches are being provided. The sites are also exploring personalized learning through open ed. resources and project-based lessons for real world mathematical application.
>
> To help in other areas, there will be a continued emphasis on the PLC process focusing on the 4 essential questions for student achievement. PLCs will use data to make informed decisions for instruction. The data will be analyzed from common and formative assessments and the single assessment. The site leadership teams, with administration, will develop a professional development plan based on the needs of the students.
>
> Continued implementation of Onboard Education will help with suspension and absenteeism which also help with student achievement.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

In an effort to provide improved services to these students and to meet the district goals/state priorities, additional supports for student programs include allocating funds for the following:

Academic supports
o   Tests
o   Remediation during and after school
o   Costs and fees for sports and extracurricular programs
o   Academic/Behavioral Coaches specifically for Special Education - 2

Health services
o   Additional psychologists - 2
o   College and Career Counselors - 3
o   Social Worker - 1

Support staff
o   Bilingual assistants for classroom support and monitor long-term ELs
o   Testing support staff - 5
o   Bilingual counselor support parents and students - 1
o   EL Teacher on Assignment

Other supplemental resources
o   AVID Excel
o   Latino Family Literacy
o   Health kits and backpacks

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	$226,505,397
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	$16,680,434

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The district does not include most of the cost of salaries in the LCAP which amounts to $180,885,246 of the total budget. In addition, expenditures related to restricted resources are not included in the LCAP as many of the expenditures are expended based on federal regulations. Total restricted expenditures for materials, supplies, and services totals,$23,149,009. Finally, unrestricted lottery funds are not included in the LCAP since the funds are allocated to the sites to use at the sites discretion.

Action   **B**

Actions/Services	**PLANNED** B. Ensure universal access to a viable curriculum by providing alternative ways to access the curriculum. 1) Provide online courses-credit recovery and core programs. 2) Provide supplemental materials, curriculum, and supplies to support students with disabilities. 3) Differentiate, personalize and pace lessons to meet student needs through project-based learning, etc. 4) Establish schedules that provide all students with sufficient access to instruction, courses and learning time necessary to master college and/or career readiness skills. 5) Conduct content area interventions during the school day and potentially before/after school (certificated and classified over-contract). 6) Summer school for credit recovery and enrichment (certificated/classified over-contracts, supplemental resources). 7) Psychologists/counselors will provide academic guidance; socio-emotional support and foster school connectedness and assist in the development of individual learning plans (hire 2 additional psychologists for a total of 6). 8) Hire 1 additional coach to support Students with Disabilities and behavior problems. 9) Hire a Behavior Analyst to support teachers in developing plans and strategies to positively impact individual conduct and classroom management.	**ACTUAL** 1) Credit recovery has been provided through on-line courses at various sites and during summer school. 2) Sites purchased a variety of materials and supplies to support students with disabilities. 3) Some schools have been trained in project-based learning and all are beginning implementation. 4) All sites have established master schedules that provide access to all students. 5) Schools provided intervention before, during, and after the school day. LTEL assistants also provided support to long-term English learners. 6) Summer school was provided with 11,962 units being earned for grades 9-12. 2,303 students earned at least one credit. 7) The 2 additional psychologists helped to reduce caseloads across the district thus allowing for time to facilitate a variety of socio-emotional supports. They provided social-skills groups, anger-management and other need-specific small groups, individual check-ins with students in need of emotional support, and support with implementation of PBIS and other social-emotional curriculums. 8) The coaches provided curriculum and behavior support to general and special education students. They assisted teachers with classroom management and behavior interventions, development and assistance with behavior plan implementation, and professional development on challenging behaviors. They also supported new special education teachers with implementing support and interventions. 9) The behavior analyst that was slated to be hired for the 2016-17 school year was not hired as the LCAP intended. At the beginning of

Draft

	the year, the department requested to create a job description and post the position. At the time, there were several special education teacher vacancies in the district and cabinet was concerned that creating this position would take an additional special education teacher out of the classroom. Cabinet did not want to move forward with the position until all teaching staff was hired.
	By the time teaching staff were hired, the department was undergoing a FCMAT study. At that time, cabinet did not want to create any positions within the department until the report was completed. The report was completed on April 28. Too late into the school year to hire.
	The position is being considered for the 17/18 school year.

Actions/Services

PLANNED	ACTUAL
C. Increase the percentage of students who are college and/or career ready with 21st Century Skills by promoting critical thinking, collaboration, creativity, and using a variety of communication modes.	
1) Ensure that students K-12 have access to a variety of coursework and curriculum that is college and/or career oriented, including Advancement Via Individual Determination (AVID)	1) The middle and high schools had 1,347 students enrolled in AVID for the 2016-17 school year.
2) Encourage school sites to develop a focus/theme, i.e.: early college, medical, STEM, manufacturing, Global Citizenship, etc. that will allow students to have exposure to a variety of learning opportunities and provide supplemental materials to integrate the curriculum. Sites will develop college/career programs such as Science, Technology, Engineering, Arts, and Math (STEAM), health pathways, etc. to meet the needs of their students as outlined in Single Plans.	2) Sites continued with their focus/theme to provide a variety of learning opportunities to prepare students for college and/or career.
3) Adult and Career Education such as, adult basic education, CTE, ROP, ESL, GED, Citizenship, and a young	3) Adult and career education, career technical, ROP, ESL and GED courses were offered. A young adult transition center was not opened.

	adult transition center. 4) Hire a College and Career Readiness Counselor for each high school to oversee the college and career resource center, help create new pathways and develop internships, work with students on transition plans for careers/college, work as a liaison with colleges and employers, etc.	4) A College and Career Readiness Counselor was hired for each of the high schools. They held parent workshops regarding college applications and FAFSA, oversaw 4 year plans for all students, met with freshmen to give information regarding A-G, worked one on one with students to research careers and colleges, contacted community members to obtain job shadow opportunities, etc.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Overall, the actions and services for goal 1 were implemented except action 1-B9. We were unable to hire a Behavioral Analyst because at the time there were several special education teacher vacancies in the district and cabinet was concerned that creating this position would take an additional special education teacher out of the classroom. Cabinet did not want to move forward with the position until all teaching staff was hired. The actions for this goal supported teachers in providing rigorous implementation of the state standards; collecting and analyzing student assessment data to help drive instruction and identify and address student needs; collaborating with other professionals at the school site and grade level on best ways to meet students' needs; and accessing resources and supplemental materials to address the achievement gap.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The professional development and training provided to teachers and administrators supported effective implementation of the instructional program. Feedback indicates that they feel more prepared to provide students with access to rigorous academic standards, including opportunities for critical thinking, problem solving, and communicating reasoning. Instructional coaches supported teachers in the classroom to implement the strategies and methods introduced during training. Classroom observations indicate the use of Chromebooks as instructional tools are beginning to move from, substitution level to augmentation, where the Chromebook enhances the lesson or outcomes. Reviewing A-G completion rates, it appears that hiring the additional bilingual assistant for each high school and the RFEP counselor has had a positive effect on EL and RFEP student completion of A-G courses.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	The expenditures for ROP were budgeted out of 0965 and 9650, but 9650 wasn't available in the 2016-17 school year so all the expenses came out of 0965. The money for the textbook adoption professional training in D wasn't needed because it was provided as part of the math adoption so $250,000 wasn't spent. Also, some of the expenditures put in Goal 2 are accounted for in Goal 1 so the total spent is more. The total budgeted expenditures were $12,426,868 but the actual expenditures were $14,179,900.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	The actions and services of A and D have been combined since professional development (D) goes hand in hand with the curriculum and assessment actions of A. Other actions and services have been regrouped with similar actions and services with the intent of providing greater transparency and clarity to stakeholders.

Goal 2

To provide a physically and emotionally safe climate and learning environment that is culturally responsive to all students.

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Actions and services for this goal were implemented as planned. Parents and students participated in site parent surveys and LCAP input meetings. Maintenance projects are completed during the year and large projects completed during the summer. Schools implemented many programs and activities with no-cost opportunities to connect with other students and engage in programs and activities that interest them. Sites established programs such as peer counseling, Safe School Ambassadors, and other anti-bullying programs, School-wide Positive Behavior Intervention Support (PBIS), Rachel's Challenge, 100 Mile Club, etc. to help support students.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The metrics associated with this goal have shown that the chosen approaches to creating a positive school environment for our students are successful. Attendance rates went down slightly; graduation rates have increased, especially for our English learners. Parent participation rates have increased especially the participation rates for the surveys.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	Salary and benefit expenditures were higher than budgeted because there was a change in the salary schedule and benefits. The expenditures on contracted services were less than budgeted. Also, some of the expenditures are accounted for in Goal 1. The total budgeted expenditures for Goal 2 were $1,823,867 and the actual expenditures were $1,696,717.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	The actions and services for 2017-20 have been regrouped with similar actions and services with the intent of providing greater transparency and clarity to stakeholders.

Goal 3

To involve our parents, families, and community stakeholders as direct partners in the education of all students.

ANNUAL MEASURABLE OUTCOMES

EXPECTED	ACTUAL
Parent/student/community survey input – 100%. Parent participation report – Increase attendance by 3% at various meetings/workshops.	Majority of the schools saw an increase of 5%-20% in parent participation.

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action **A**

	PLANNED	ACTUAL
Actions/Services	A. Ensure parent and community involvement in academic improvement strategies, including representatives from EL, LI, and FY populations. 1) Provide parent training, learning opportunities and workshops, including the use of technology. 2) District and site administrators will adopt and support parent involvement programs such as Parent Project, Love and Logic, and Parenting Partners. 3) Enhance the District's Family and Parent Resource Center (FRPC) and encourage sites to develop site parent resource centers to provide information on educational programs, community services and other resources designed to improve parenting skills and student achievement. 4) District and site administrators will inform parents of the impact of the assessment results on students' placement and participation in core curriculum classes, intervention classes and support programs. 5) Communicate student progress through access to parent portals/links on the district website and information system. 6) Inform parents of site and district news and events through district and individual school site web pages, automated calls, newsletters and flyers. 7) Parents and students receive both high school graduation and UC/CSU entrance requirements annually beginning in the 6th grade.	A. 1) Sites provided many learning opportunities for parents. They included: parenting classes, family reading/math/science nights, and scholarship workshops. There were also many opportunities to engage parents: parent groups, school site council, talent nights, breakfast with the principal, classroom volunteers, field trips, Read Across America, and student awards assemblies. 2) The Parent Project wasn't offered this year due to the unavailability of personnel to facilitate. 7 schools were trained and provided Parenting Partners workshops to parents. 82 parents participated in these workshops. 3) The Family and Parent Resource Center moved into a new location and offered a variety of classes and informational meetings. Academic classes offered were: English I, basic math and tutoring. In the computer lab, the following classes were offered: computer basics, Excel, Google & Internet, PowerPoint, photo editing, and Rosetta Stone. Other classes were: Art, crochet, nutrition, employment workshop, nurturing parent's class and Strategies for Positive Parenting. Overall there were 23 classes with 14 volunteers and a monthly average of 300-350 parents using the center. 4) Parents were informed of student assessments through parent conferences, progress reports and report cards. 5) Parents were able to follow student progress through the Infinite Campus Parent Portal 6) Consistent parent communication occurred through ConnectEd, Parent Link, Facebook, Twitter and various other communication applications. 7) During the 6th to 7th grade transition, parents receive graduation requirement information as part of the registration process.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Actions and services for this goal were implemented as planned. Regular communication was promoted through newsletters, social media, ConnectEd messages, and school and district websites. Sites offered a variety of parent nights to provide parents with ways to support their student. The district Family Resource Center offered a variety of classes to parents from sewing to technology to academics.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The participation rates for the LCAP meetings increased this year as did attendance at site activities. Sites feel they need to continue to find ways to encourage greater parent engagement.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	There was a $139,694 difference in the budgeted amount for the Auto Caller and Student Info System- $231,000 budgeted, $370,694 actual expenditures. The total budgeted expenditures for Goal 3 was $266,00 but the actual expenditures were $396,745, a difference of $130,745.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	For 2017-20, the actions and services were regrouped and listed with similar action and services and listed under specific topics to make it easier to read and for stakeholders to see what the focus areas are for the goal.

Stakeholder Engagement

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

HUSD sought input from all stakeholders, categorized responses and examined trends and patterns allowing the District to determine the processes, goals, targets and criteria that focus on learning. Stakeholders were provided data on how the district students performed on previous State tests, graduation rate, and College Ready assessment results and progress made in achieving the goals in the 2016-17 plan and asked to complete a survey regarding the goals and actions of the LCAP.
The stakeholder groups were represented by the following members:

Community Members: The superintendent or representatives attend Hesperia Chamber of Commerce meetings to share info. Also, community members participated in Principal of the Day at each of the sites.

Communication:
Methods used to publicize the opportunities to participate in the LCAP meetings included use of direct email to stakeholder groups; invitation and flyer on school websites; ConnectEd phone calls to parents; announcements at Board of Education meetings; flyers available at the District Office. Personal invitations were made to parents on District Advisory Committee.

Meetings:
Parents/Staff Advisory Groups: District Advisory Committee (DAC): Parent and staff representatives from each school site representing the low income students, foster youth and English Learners: During the District Advisory Committee (DAC) meeting on October 19, 2016, the LCFF/LCAP was explained to all members in attendance. The committee has previously heard about the new funding formula under LCFF when budgets are reviewed. A link to the LCAP on the HUSD website was also shared. During the February 15, 2017, meeting, the LCAP process was explained to the members and a powerpoint presented information on progress made towards the goals. This group met on April 12 to review a draft of the plan. Members were guided through the plan with an explanation of actions/services and budgeted expenditures. An electronic copy was sent to the members along with the LCAP Annual Update form to additional suggestions. An electronic copy of the final draft was sent to the members.

EL: DELAC: Parent representatives from each school site who are elected annually by the site English Learner Advisory Committee (ELAC): At the District English Language Advisory Committee (DELAC) meeting on September 6, 2016, the LCFF/LCAP was explained to all members in attendance. The new funding of the district and the focus on English Learners (EL), Low Income (LI) and Foster Youth (FY) was discussed. Representatives from most schools were in attendance. During the meeting, Darrel Nickolaisen presented the district's LCAP goals and gave examples of planned actions to support them. He also presented data on the progress made in meeting the goals of 2016-17. DELAC members asked clarifying questions, provided input and expressed appreciation for being included in the process.

EL, LI, & FY:

Stakeholder meetings were held during the months of January, 2017 and March, 2017 at every school site in the district. There were scheduled LCAP input meetings along with the information being shared at SSC meetings and ELAC meetings. Parents of the subgroups were specifically given letters asking for their attendance at the meetings. Members of the subgroups were in attendance at the meetings. A Connect-Ed call went home to all families from the individual sites inviting their attendance at one of the meetings to give input on actions and services that the district should continue, increase, or stop providing to students. Parents were provided data on how the district students performed on previous State tests, graduation rate, and College Ready assessment results and progress made in achieving the goals in the 2016-17 plan and asked to complete a survey regarding the goals and actions of the LCAP.

Foster Youth: Foster Youth Advisory: San Bernardino County Superintendent of Schools (SBCSS) Foster Youth Liaison, HUSD Social Worker, Director of Student Services and representatives from each of the group home agencies served within the district. The Director of Student Services invited foster parents and representatives from the Foster Family Agencies to attend a meeting on January 26 to discuss the LCAP and gather input. The district social worker attended monthly Foster Care Advisory meetings.

Students:
Students at the comprehensive and alternative high schools became members of the San Bernardino County Student Advisory Panel. The purpose of the panel is to provide the opportunity for diverse students to come together from across the county and share their perspectives with each other about topics critical to their well-being, the world they live in, and the pursuit of their dreams. They met on January 25, February 8 & 22, and March 8.

Staff:
During the months of February and March, each site reviewed the 2016-17 LCAP with staff, gathering input on the site's progress towards meeting the goals and suggestions for changes to the 2017-20 plan.

The LCAP was continually referenced during meetings with both certificated and classified management teams, and a summary of progress and expenditures was presented. Opportunity was given for questions and comments.

Administration: District and site administration, Planning For Soaring Committee-all department directors and above with Superintendent: The Planning For Soaring group met on 1/24, 3/28, 4/25, and 5/23. During these meetings, progress on meeting LCAP goals was reported and opportunities given for suggestions to add or remove actions/services.

Educational Services met on 9/28, 10/5, 1/11, 1/18, 1/25, 2/8, 3/1, 3/15, 4/19, 4/26, 5/3, 5/10, and 5/17. During the regularly scheduled meetings, the LCAP was presented, data analyzed, actions/services/expenditures discussed. Opportunity was given to make additions or deletions to the 2017-20 LCAP.

Governing Board:
There was a presentation to the Governing Board on February 2, 2017, to provide review progress made in meeting goals of the 2016-17 LCAP and gather input for changes. A draft of the 2017-20 LCAP was presented to the Governing Board on June 12 for public comment and then on 6/19 for approval.

Bargaining Groups: Bargaining Units: Members of HTA and CSEA: In April, information was shared with CSEA to gather input on specific actions or services they felt should be included in the plan. In April, the Hesperia Teachers Association's rep council met and was presented with the LCAP info. They were told to expect an email with the info and to share at sites to gather input. The information was submitted electronically to the president who then sent it to the LCAP team. Educational Planning Innovation Committee (EPIC): Educational Services administrators, members of Hesperia Teachers Association (HTA) and California School Employees Association (CSEA): The Educational Planning Innovation Committee Meetings (EPIC) were held on 9/20, 10/18, 11/15, 1/17, 2/21, and 4/18. The committee which consists of representative from the district office, Hesperia Teachers Association (HTA) and California School Employees Association (CSEA), met to continually address the progress made in meeting the LCAP goals and offer suggestions for revision.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Upon completion of the various stakeholder input meetings, the District has identified common, recurring themes that are identified below. These themes are reflected in the goals, action/services and expenditures of the District. Common themes included:

- Use of technology
- Extended class/coursework study outside the classroom
- Attract and retain quality personnel
- Focus on student learning and application
- More career technical educational courses
- Improve study skills
- Provide rewards, address absences and tardiness
- Increase project-based and activity-based instruction
- Implement State Standards instruction
- Implement site-based funding; fund programs according to needs
- Provide industry-driven courses such as, internships, work experience, job placement
- Partner with business, community groups, non-profits, etc. to increase opportunities for students
- Increase tutoring
- Promote AVID
- Expand creative thinking and learning across all academic and extracurricular teaching/programs
- More parent activities
- Parent/community involvement programs
- Parent support coordinator to involve parents
- Computer classes for parents

Input was received from the various stakeholder groups through the LCAP survey on the district website and in paper form in 3 categories: College and Career Readiness, Safe & Responsive Environment, and Increase Stakeholder Involvement.

NEXT STEPS
-Continue to focus on the instructional shifts, providing students with greater opportunities to participate
in project-based learning and practicing the 4 Cs
-Provide more opportunities for parent involvement
-All students need to be prepared for college/career
-Partnerships with businesses and schools

It was also suggested to make it easier to read by simplifying actions and services. The goals remained the same with the existing actions and services being condensed by combining similar actions or services.

Identified Need

Stakeholder feedback indicates there is an ongoing need to ensure that HUSD maintains high-quality materials in every classroom and a staff of highly qualified teachers and instructional assistants, as defined by state and federal law. With the adoption of State Standards in ELA, ELD, Math, and Science and aligned CAASPP assessments there is a need for new instructional materials aligned to the new expectations for all core subject areas with professional development and instructional support to meet the diverse needs to the student population.

While the California School Dashboard indicates a yellow in performance, the percent of students who have met the standards on the Smarter Balanced test in English Language Arts needs to increase-currently 33%, with Pacific Islanders in orange and the Students with Disabilities, African American, and American Indian in red. The percent of students who have met the standards in mathematics needs to increase-currently 21% with English Learners, Students with Disabilities, and Two or More Races in Orange and African American and Pacific Islanders in red.

Since there is a gap between some subgroups, there is a need to continually support strong first instruction through professional development and support of teachers through instructional coaching to more readily transfer professional learning into classroom practice.

Goal 2

To provide a physically and emotionally safe climate and learning environment that is culturally responsive to all students.

State and/or Local Priorities Addressed by this goal:

STATE ☐1 ☐2 ☐3 ☐4 ☐5 ☐6 ☐7 ☐8

COE ☐9 ☐10

LOCAL _____

Identified Need

Student connectedness to the school community, access to extra-curricular activities, and a healthy school culture and climate demonstrate higher achievement. Research in California and across the nation has shown that particular aspects of school climate and culture are strongly associated with students' academic, social, and emotional well-being.

Attending school regularly helps students feel better about school and themselves and, ultimately, do well in high school, college, and at work. Research indicates:

- Poor attendance can influence whether children read proficiently by the end of third grade.
- Missing 10 percent of school days can negatively affect a student's overall academic performance.
- The academic impact of missing school is the same whether the absences are excused or unexcused. Suspensions also add to lost time in the classroom.
- When students improve their attendance rates, they improve their academic prospects and chances for

graduating.

- Attendance improves when schools engage students and parents in positive ways.

Research has demonstrated that adopting prevention-based practices to address student behaviors can reduce problem behavior, improve academic achievement, and contribute to the establishment of a safe environment for staff and students. Implementing a preventive framework such as school-wide Positive Behavioral Interventions and Supports (PBIS) reduces the number of serious problem behavior incidents and contributes to a more positive and supportive school climate.

Goal 3

To involve our parents, families, and community stakeholders as direct partners in the education of all students.

State and/or Local Priorities Addressed by this goal:

STATE ☐1 ☐2 ☐3 ☐4 ☐5 ☐6 ☐7 ☐8

COE ☐9 ☐10

LOCAL _____

Identified Need

Parent and family engagement have a positive influence on student achievement and behavior. Research links the various roles that families play in a child's education, including supporters of learning, encouragers, models of lifelong learning, and advocates of appropriate programs and services for their child. Indicators of success as a result of parent engagement include student grades, achievement test scores, lower drop-out rates, students' sense of personal competence and efficacy for learning, and students' beliefs of importance of education.

Stakeholder input indicates a need to address respectful environments for students' interaction, parent education and engagement opportunities, links to community parent resources and programs, services and supports for at-risk students, and communications and the development of the LCAP.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year	☐2017–18 ☐2018–19 ☐2019–20

Estimated Supplemental and Concentration Grant Funds:	$ 37,945,165	Percentage to Increase or Improve Services:	14.17 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Because our population of unduplicated students is in excess of 55% district wide, many of the services and related expenditures, which align with the goals and actions mentioned above, although targeted for identified sub groups, are offered to all students. The LCAP expenditures are the best use of funds to make an impact upon all students to maintain or increase all students' level of academic proficiency and effect change in the identified goals. These funds are being used to provide an increase of quality learning opportunities through hiring additional highly-qualified teachers, providing professional development in effective strategies, early learning opportunities, career pathways, and additional staff such as psychologists, social worker, and college and career counselors. Expenditures are planned on a district-wide and school-wide basis due to our unduplicated pupil count percentage being 72.75%.

Student data and stakeholder input helped to inform the district that these expenditures are necessary and appropriate for our target subgroups. These expenditures are:
Additional School Site Allocation:
Resources allocated directly to schools to address the unique needs of the students at the site level. Site expenditures are expected to principally focus on low-income pupils, English Learners, Re-designated Fluent English Proficient Pupils and Foster Youth, and other subgroups identified to close achievement gaps. For details regarding site funds, please see individual School Site Plans (SPSA) aligned directly with LCAP. (Goal 1-C1)
Technology: Devices for one to one and infrastructure (Goal 1-A1)
Professional Development: Teachers on Assignment and training on instructional strategies and language development for English learners. (Goal 1-A1)
Academies Pathways: Early College, Health and Medicine Lab, Cisco, DEMA, SPA, Environmental Sciences, Performing Arts, Technology and Innovation, etc. (Goal 1-C1)
Social-Emotional and Behavioral Support: Psychologists for small group support, PBIS or other social-emotional support programs, Social Worker. (Goal 2-B1)
Academic Intervention/Support: Summer school, credit recovery opportunities, before/after school intervention. (Goal 1-B1), Preschool (Goal 1-B2)
Programs to support positive school climate: Rachel's Challenge, Robotics, I Can Film Festival, Safe School Ambassadors. (Goal 2-D1)
Parent involvement programs: Parent Project, Parenting Partners, Family Resource Centers. (Goal 3-A1)

Local Control and Accountability Plan and Annual Update Template Instructions

[Addendum](#)

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year**: This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual (http://www.cde.ca.gov/fg/ac/sa/)*. (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)

- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

> * For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

> For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

> Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

> Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.

- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.

- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

> **Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder

narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

> **School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

> **Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

> **School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

> **Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

> As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

> State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

> Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. (Link to State Priorities)

Identified Need

> Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

> For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking "All", "Students with Disabilities", or "Specific Student Group(s)". If "Specific Student Group(s)" is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

> **Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to "LEA-wide."

- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to "schoolwide".

- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", place a check mark next to "Limited to Student Groups".

For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter

schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the "Action #" box for ease of reference.

New/Modified/Unchanged:

- Check "New" if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.

- Check "Modified" if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.

- Check "Unchanged" if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.

  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check "Unchanged" and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 *CCR)* Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.

- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities**.** Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:
   A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
   B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
   C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:
   A. The implementation of state board adopted academic content and performance standards for all students, which are:
       a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
       b. Mathematics – CCSS for Mathematics
       c. English Language Development (ELD)
       d. Career Technical Education
       e. Health Education Content Standards
       f. History-Social Science
       g. Model School Library Standards
       h. Physical Education Model Content Standards
       i. Next Generation Science Standards
       j. Visual and Performing Arts
       k. World Language; and
   B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:
   A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
   B. How the school district will promote parental participation in programs for unduplicated pupils; and
   C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:
   A. Statewide assessments;
   B. The Academic Performance Index;
   C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
   D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
   E. The English learner reclassification rate;
   F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
   G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:
   A. School attendance rates;
   B. Chronic absenteeism rates;
   C. Middle school dropout rates;
   D. High school dropout rates; and
   E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:
   A. Pupil suspension rates;
   B. Pupil expulsion rates; and
   C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:
   A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
   B. Programs and services developed and provided to unduplicated pupils; and
   C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:
   A. Working with the county child welfare agency to minimize changes in school placement
   B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
   C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
   D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:
   A. Local priority goals; and
   B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

   (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

   (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

   (3) Divide (1) by (2).

(b) "Middle School dropout rate" shall be calculated as set forth in 5 *CCR* Section 1039.1.

(c) "High school dropout rate" shall be calculated as follows:

   (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

   (2) The total number of cohort members.

   (3) Divide (1) by (2).

(d) "High school graduation rate" shall be calculated as follows:

   (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

   (2) The total number of cohort members.

   (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

   (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

   (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

   (3) Divide (1) by (2).

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?

2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?

3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?

4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?

5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?

6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?

3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?

4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?

5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?

6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?

2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?

3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?

4) What are the LEA's goal(s) to address any locally-identified priorities?

5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?

6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?

7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?

8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?

9) What information was considered/reviewed for individual school sites?

10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?

11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?

12) How do these actions/services link to identified goals and expected measurable outcomes?

13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
