Dear Superintendent Burke:

It is a great pleasure to inform you that the State Superintendent of Public Instruction has approved the Marin County Office of Education's Local Control and Accountability Plan (LCAP) for the 2015–16 school year, pursuant to Education Code (EC) Section 52070.5(d).

As you know, the Superintendent is required to review and approve the LCAP or the annual update to an existing LCAP prior to the approval of the LEA's adopted budget per EC Section 1622(b)(1)(C). You will receive an additional notification when the corresponding budget is approved.

On behalf of the Superintendent, we would like to thank you and your staff for your efforts towards continuing to increase student achievement and opportunities for every student to have a world-class education.

If you have any questions regarding this subject, please contact me by phone at 916-319-0303 or by e-mail at jbreshears@cde.ca.gov.

Sincerely,

Jeff Breshears, Education Administrator
Local Agency Systems Support Office

§ 15497.5. Local Control and Accountability Plan and Annual Update Template.

Introduction

Marin's Community School (MCS) serves 7th-12th grade students who have been referred due to expulsion, excessive truancy and/or chronic insubordination. MCS operates a full day classroom program, an independent study option and the Marin County Juvenile Court classroom. The 2014-2015 school year began with the opening of the new MCS site, which is located on the Marin County Office of Education (MCOE) campus in state of the art 21st Century classrooms and meeting spaces. Our student population is reflective of higher number of low-income students with over 40% identified English Language Learners. Our student programs reflect the needs of our student population with high levels of intervention and the development of unique student pathways for academic success. Our LCAP goals are written to address the development of effective programming for students that may or may not remain with us through graduation. As much as possible we will use standardized metrics, however it may lend itself to the most accurate data as many of our students placed here do not remain on a year to year basis. Our programs do serve special education students (students with exceptional needs), however the proportion does not form a sub-group. These students have the opportunity to participate in all programs that Marin Community School offers as well as the support services they need in accordance with their IEP. Our programs emphasize multi-modal, hands on learning with a higher level of intervention strategies that target weaknesses in learning. Parents of students with exceptional needs are encouraged to attend all IEP meetings, participate in school activities and services that are available for their children. Student conferences are held as needed for parents of these students secondary to their educational supports. One of the instructional settings served by this LCAP is our juvenile court school. Coordination of information and delivery of services is done to ensure adequate educational programs occur for incarcerated youth.

Marin's Community School mission is to support students in building their academic skills while participating in curricular opportunities that address 21st Century learning. The academic programs are based on individual student performance-levels and designed to support student success in a small, alternative setting while providing a variety therapeutic services to support personal growth and success. Marin's Community School programs support students to earn credits toward graduation, increase positive attendance, and improve their classroom behavior. It is important to note that many of the measures that are required for this LCAP specific to Student Achievement, may not be the most reliable method of deriving outcomes for this metric. To that end, we have developed local measures that provide us with a means of measuring annual outcomes. The following state required metrics are not applicable and/or are difficult to measure:

CELDT progress and Reclassification rates are derived from an annual assessment. Most of our students are with us for a maximum of 6 months and therefore this test will not provide us with adequate longitudinal data. Participation rates for this assessment are poor for those students that are in attendance during the testing window. Our program design with various intervention strategies that address the needs of all learners, especially those with second language and special education issues.

A-G requirements – not applicable. We emphasize credit recovery and real world experience in our programs as well as establishing goals for individual student success to return to district schools.

Participation in the Advance placement examination – our program does not offer Advanced Placement courses. Our students are working toward credit recovery in an effort to return to their district programs.

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

Implementation of State Standards: *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

Course access: *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

Expelled pupils (for county offices of education only): *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

Foster youth (for county offices of education only): *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

B. Pupil Outcomes:

Pupil achievement: *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

Other pupil outcomes: *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

C. Engagement:

Parental involvement: *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

Pupil engagement: *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

School climate: *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

<p>September, 2014 – April, 2015:</p> <p>Monthly Site Council meeting / Serves as DELAC and parent advisory – Review of LCAP goals and progress with parents and community partners.</p> <p>Several all school community events were also opportunities for parent engagement in the LCAP process. Parents were provided the opportunity to respond to surveys and review LCAP goals from 2014–2015. Data from previous year trend data in assessment and participation were used in the discussion as well as the impression of staff. Behavioral data and suspension incidences also provided insight.</p> <p>Students engage in quarterly discussion, giving feedback and input related to school goals. This feedback is used to make program changes.</p> <p>Staff meeting: Weekly meetings with all staff which includes members of both Bargaining Units. These changes included adding more project-based learning activities, increasing field trips and guest speakers, dropping two vocational offerings and adding a different option.</p> <p>In regards to our parents, their input contributed to goals and actions around engagement and coordination of services provided to students. Through understanding the relationship of various support services parents will have better access to the school’s resources. This is most notable in goals 3 (Engagement in real-life activities) and 5 (increase parent involvement and awareness of programs and services).</p>
<p>Annual Update:</p> <p>Throughout the 2014–15 school year, the Alternative Education program facilitated several collaborative events to engage certificated and classified staff, parents, community members, agencies, and other stakeholders in developing the LCAP goals and action steps. We have used various measures (review of survey data – staff, students and parents; individual student suspension data; assessment results – PLATO and CAHSEE, staff response to professional development) to ensure that our LCAP goals for 2014–2015 are carefully reviewed and are driven by data.</p> <p>The process of gathering input for the LCAP supported the development of each goal and action step. 2014-2015 continue to be relevant and reflective of our needs. The action steps associated with these goals reflect the input from all stakeholder groups.

The input from our classified and certificated staff centered on the focus of robust professional development (goals 1 and 2) and understanding of resources (goal 5). Providing the staff with tools to enhance their instructional pedagogy and coordinating services to support student success allows the alternative education community to meet the needs of students in the educational and social emotional realms.

Specific outreach was made to our parent community and partner agencies to ensure representation from the low socio-economic population, students on the Free and Reduced Meal Program as well as homeless and foster youth.

Bargaining unit invited to 4 community team meetings for input/participation in the months of March, April, and May.

While engaging with students we learned how much they were in need of a school environment and educational program they could be proud of. We developed goals and actions around a safe, clean school campus and instructional practices that allowed students the opportunity to learn by doing through hands on projects and student driven activities. These ideas help shape goals 3, 4 and 5 in a way that targets our unique population, including expelled and foster youth countywide

invaluable and represents/shapes the actions steps.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?

- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Expected Annual Measurable Outcomes:	Students will demonstrate interest in coursework	Actual Annual Measurable Outcomes:	<ul style="list-style-type: none"> Staff registration at trainings (100% of staff participated in trainings in 2014-2015 as evidenced by timesheet, roster and post-training report). 100% of staff actively participated in Weekly staff meetings across 14-15 (2 hours of professional development each week) as evidenced by record of attendance and participation. Attendance rate: (12 – 13 =67%; 13-14 = 67% and 14-15 68%) – relatively stable/year to year comparison – this is more a reflection of referral rate as opposed to a measure of program. Suspension data (13-14 and 14-15). CELDT scores are varied and small in number – difficult to draw trend data from students that are not consistently enrolled year to year for comparison El reclassification – district data as the majority of students may not remain at MCF long enough to derive reclassification.

Absenteeism trends are also consistent with suspension and truancy trends. • Middle school dropout rates are difficult to derive due to the number of middle school students enrolled. Of those that are enrolled there have not been any documented dropouts. • High school dropout rates – significantly decreased in between 12-13 and 13-14. • Graduation rates – MCS uses the countywide rate – 90.8%. Individual analysis of student rates suggest that a fairly stable number of students are graduating across 12-13, 13-14 and 14-15. • Dropout rate is 6.7% using the countywide rate for 2014-2015 will show a substantial increase due to referral of long term 18+ year old independent study students to Adult Education in summer, 2014 – these students are counted as “Drop Outs”. Individual school dropout rates reflect a substantial drop from 12-13 @ 59 students to 13-14 @ 20 students. • Suspension rates: 13-14= 13.2; 12-13 =18.0 • Expulsion rates – not a valid measure – students are not expelled. • Staff Survey • Student Survey

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$ <u>\$160,050</u>
<p>The Marin County Office of Education’s Alternative Education program is operated on a countywide basis. The majority (76%) of the students in this program are English learners, low income or foster youth students. To ensure support to this population of students we have integrated the development and use of individual social/emotional and academic learning plans, tutoring services, and quarterly parent events around wellness and program support services. These additional resources provided to students are principally directed to offer a greater understanding of how to meet the needs of individual students and support their parent/guardians in understanding the services the program provides.</p>	

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compare to the services provided to all pupils.

21.61	%
<p>To increase or improve the services provided to this targeted population of students we have created school “families” that conduct regular reviews of students individual learning plans and provide additional direct outreach to parents to engage them in participating in wellness events as well as informational meetings regarding school support services. For our targeted population of students we offer additional outreach resources, such as individual transportation to meetings and or school functions as well as a separate opportunity of gathering with parents/guardians in order to walk them through support services in a small group setting. For example, with each of the scheduled quarterly parent outreach events, we offer translators and additional one-on-one time that represents approximately 50% more in services to the parents of English learners, low income and to the foster parents of foster youth students. Each quarterly meeting is scheduled for one hour, with an additional 30 minutes or more offered to these identified families.</p>

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
