2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Milpitas Unified School District is an exceptional district serving a rich diverse student population currently consisting of 10,283 students: 67% Asian, 20% Hispanic, 6% White, 4% Multiple, 2% African-American, 1% American Indian/Alaskan Native, 1% Hawaiian/Pacific Islander. 28% of our students are English Language Learners with approximately 16 different major languages represented or spoken at home. A total of 34% of our student population are Socioeconomically Disadvantaged.

We are an innovative and collaborative organization committed to create nurturing environments where students are inspired and empowered to purse their passions. Our diversity is our strength and even though we have a strong history of excellence, we remain vigilant and fully committed to engaging in continuous improvement in order to eliminate the opportunity gap. Our visionary mission and community support for innovative practices, using data to inform our work and continue to pursue personalized learning for all is palpable throughout our district. Our core values hold us together as a learning community committed to the district's priorities.

Excellence in Learning and Achievement Equity in Opportunity to Eliminate the Achievement Gap Integrate Data to Inform Our Work Personalize Learning for All

Engage Families and Community in a Culture of We

We engage in continuous cycles of improvement using data to inform and adjust our practices, celebrate **GROWTH** and reach performance targets. The ultimate test of our culture of WE is the creation of a sense of urgency to work together to achieve one ambitious goal: 100% of our students will be accepted into college or ready to pursue a career opportunity upon graduation. Evidence that we have met this test will be the percentage of students successfully completing A-G and career pathway requirements.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

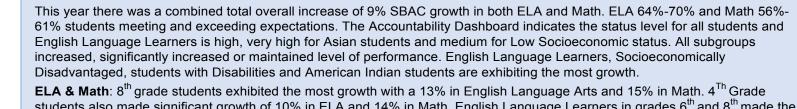

Working closely with the Milpitas' community leaders, students, parents and teachers, we identified three broad goals inclusive of all the 8 state priorities and under each goal, we identified annual measurable outcomes, aligned to specific strategies and resources highlighted below.

LCAP Goals	State Priority Areas	Highlights of Actions
1	 Basic Services and Conditions at Schools Implementation of State Standards Student Achievement Access to a Broad Course of Study 	Maintained highly qualified teachers via Induction Program. Provided professional learning and collaborative opportunities. Coaching opportunities for SEAL implementation at six elementary schools. Ensured all students had access to standards-aligned instruction, assessments and materials as evidenced by academic progress using local assessments. Greatest investment continues to be made on learning for all. Professional learning, technology, induction program and personnel to provide lower class size. Provided interventions during the day, site interventions, extended day opportunities for students to participate in extracurricular activities, blended learning and personalized learning for all, as well as planned a Summer School Intervention program. Goal 1 included a total of 15 Actions/Services with total estimated expenditures of \$ 6,266,425 detailed pages 6-13.
2	 2) Implementation of State Standards 3) Parent Engagement 5) Student Engagement 6) School Climate 8) Outcomes in Broad Course of Study 	Continued funding Community Manager to address family engagement needs and the special needs of Foster and Homeless students. Split Student Services and Special Education to ensure efficiency. Coordinator now in charge of monitoring SST's 504 Plans, attendance and established a SARB System to increase student attendance. Hired additional Counselor for Comprehensive High School and Assistant Principals for Elementary to improve school climate. Investments in personal and PBIS program to learn and implement multi-tiered system of supports for struggling students. Continued CASSY's professional services to address social emotional needs of students. Total of 12 Actions/Services with total estimated expenditures of \$1,627,060 detailed pages 14-20.
	2) Implementation of State Standards3) Parent Engagement4) Student Achievement	Continued funding Community Liaisons, extended Project Cornerstone partnership to offer Take It Personally workshops and Parent University. Implementation of SEAL in 6/9 Elementary Schools and centrally funded .5 of each of the total 6 coaches. Increased 9 FTE to offer ELD classes in middle and high school with lower student-teacher ratio. Partnered with Equal Opportunity Schools (EOS), offered AVID and additional

3	 5) Student Engagement 6) School Climate 7) Access to Broad Course of Study 8) Outcomes in Broad Course of Study 	interventions and enrichment programs such as music. 10 Actions/Services with total estimated expenditures of \$1,980,744 pages 17-21

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

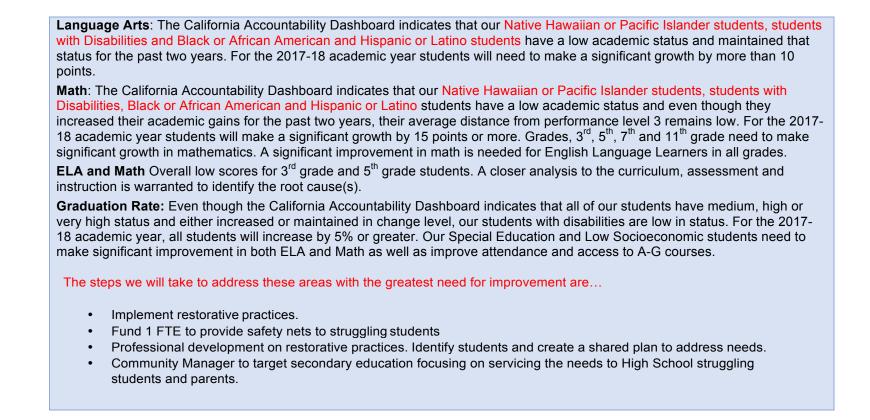

GREATEST PROGRESS

students also made significant growth of 10% in ELA and 14% in Math. English Language Learners in grades 6th and 8th made the greatest scale score growth with a total of 52 scale score points in ELA and 84 in Math.

All students and subgroups increased or significantly increased academic standing in math. To maintain and build upon this success, we will continue to invest in providing time and professional learning on how to engage in ongoing cycles of inquiry via effective PLC's at all levels. Continue to support sites with FTE's to offer access to ELD, AVID and other intervention and enrichment supports and continue vertical and horizontal articulation for alignment. Continue to refine common essential practices, including personalize and blended learning strategies to accelerate students' academic growth.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

GREATEST NEEDS

1 Improve School Climate by expanding PBIS implementation and Restorative Practices.

2. Fund Equity Student Advisor for our Comprehensive High School to ensure safety.

3. Ensure Site Base interventions, access to AP and A-G courses will be supported by the implementation of the Aeries Analytics Dashboard and Data Analyst position to identify early leading indicators and evaluate students' response to intervention sooner.

ANALYSIS

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Dashboard, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	All actions and services for this goal were generally implemented as planned with the exception Action 14. The biotechnology pathway was not implemented as planned due to the difficulty finding appropriate credentialed teachers. Current science teachers exploring obtaining additional credential to get pathway off ground for implementation next academic year. The overall implementation of these actuals resulted in our ability to see an increase of 9% SBAC overall achievement for all students as per the AMO's described in Goal 1.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The overall academic achievement as measured by SBAC and California Dashboard continues to see an increase for all students, including all subgroups. All actions are making a positive impact on student learning as per the positive academic results for all students. Our teachers continue to take advantage of professional development opportunities, collaborating in grade/department meetings, assessing students' progress and providing necessary supports to accelerate learning. An increase of A-G and AP access for disadvantaged students continues to be a challenge and indicates a need to provide more resources to the secondary schools for targeted services to these populations.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	The differences in estimated actual and budgeted expenditures were primarily due to the oversight of not including or budgeting some specific costs associated for paying stipends to teachers and substitutes to release teachers during the day to attend professional learning opportunities. Detail of changes is captured as follows: Writing team stipends, curriculum evaluation team stipends, released time substitutes such as New Teacher Center Contract for Sped Ed Induction \$62,400/per year (for two years, \$124,800) 1000-1999 Mentors \$40,200 SVMI Membership Fees \$5,000 RDA Sped Ed Mentor \$9,000 (5000-5999) were not budgeted SEAL Membership Fee \$75,000 RDA SEAL Classroom Supplies \$78,000 RDA/Lottery Early Literacy Released Subs \$6500 to attend workshops

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Analysis: A combined growth of 9% on SBAC was achieved. As per the California Dashboard our graduation rate status is either very high or high for all of our subgroups. With the exception of our Students with Disabilities have a low status and English Learners have a medium status. Therefore, there continues to be a need to provide targeted supports to struggling students at all levels, but specifically to secondary students. We need to continue to explore different ways to accelerate their learning so they can access the A-G and AP courses, as well as increase EAP results. We need to find different approaches and paths to authentically engage our students by providing relevant and rigorous instruction so they can be fully invested in their learning.

Changes: The wording of this goal has been changed to: All MUSD students will receive standards-based instruction, curriculum and assessments by highly qualified teachers in a safe environment to be fully prepared for college and career.

Other changes to services are as follows: Eliminate service contract for Writing and Early Literacy. Services to be supported by Director of Learning and Development. In addition, due to reduction of federal funds, two technology TOSA's Teachers on Special Assignment have been reassigned back to the classrooms.

Site Base interventions, access to AP and A-G courses will be supported by the implementation of the Aeries Analytics Dashboard to identify early leading indicators and evaluate students' response to intervention sooner. There will be a need to add a Data Analyst position to provide these services. These changes can be found in Goal 1 Actions 1.5, 1.7, 1.8, 1.10, 1.16 and 1.17.

Goal 2 MUSD staff will successfully address the social emotional needs of our students through intervention, service and support.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Dashboard, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP. All actions and services were implemented as planned but the level of impact was not substantial, as many of the measurable outcomes were not met and based on the California Dashboard, underserved students are being suspended at a higher rate and continue to face incredible challenges to close the gap.

The overall effectiveness of the services and actions yielded a positive outcome in terms of attendance. We are also observing a reduction of drop out in middle and high school, as well as an increase in attendance for Period 1. SST teams have been trained and the SARB process implemented as planned, although we need to identify and provide specific supports for students who go through the SARB process.

As per the LCAP Engagement meetings, stakeholders do not see a high level of impact in parent engagement. Low attendance to Parent University supports this evaluation; though those in attendance found the workshops very valuable. Measuring level of effectiveness of Family Engagement is troublesome, as we did not establish a specific goal or identify specific metrics to measure level of impact. In addition, we were not able to train all staff members about stress, trauma and mindfulness and only two school communities benefitted from the Project Cornerstone Take it Personally workshops. One workshop in Spanish was well attended > 30 parents while the English one had > 10.

Since most of the budgeted expenditures were of personnel nature and CASSY contract, there were no differences between budgeted and actual for this goal. The only difference is the costs added to pay for substitutes to release site teams to attend SST trainings.

Analysis:

We began to put into place systems to support the social-emotional health of our students. These systems include protocols for identifying, monitoring and evaluating the effectiveness of our program on the wellbeing of the student body. There needs to be clarity of roles and responsibilities, as well implementation of on-going monitoring systems to gauge effectiveness of services and programs as per students' responses. In terms of the SOCIAL-EMOTIONAL TOOLS and MENTAL HEALTH: There continues to be a need to create safe school and classroom environments where the focus is on the social-emotional and mental health development of the students to support them in reaching their full potential. **Changes:**

Propose wording changes goal 2 as follows: All MUSD students' are fully invested to thrive socially and emotionally in a safe nurturing and culturally responsive school environment.

A proposed change to address the high rate of suspension for African-American and Hispanic students is to partner with Santa Clara County Office of Education (SCCOE) to implement a Positive Behavior Intervention and Support (PBIS) system @ approximate cost of \$3000 per school. Shift the role and responsibilities of the Family Engagement Manager to focus on supporting secondary education restorative practices. Begin to investigate other means to support the Social Emotional and Mental Health needs of our students. Evaluate level of impact and effectiveness of CASSY in meeting the needs of our students. Ensure all SPSA's set a goal to address parent engagement. Establish an Advisory committee for Special Education. Add additional FTE to MHS to provide Tier II Supports. These changes can be found in Goal 2 Actions 2.1,2.4, 2.5, 2.6 and 2.8.

ANALYSIS Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable

Describe the overall implementation of the actions/services to achieve the articulated goal.	The SEAL program has been implemented with consistency and fidelity. Curriculum for Long-Term English Language Learners was piloted in upper Elementary and Secondary schools. Unique online CCSS curriculum was purchased and Professional Development for its implementation began in January for all Mod to Severe SWD. EOS and additional AVID classes were provided and judging from the growth observed specifically by English Learners, these interventions were deemed to be effective in achieving the goal. Special Education EL Reclassification was not pursued as we are awaiting direction from State. The level of impact our Family outreach efforts have had on our families will need to be reviewed. Special Education Inclusion plan was piloted at one middle school and Childhood Development Center. A committee needs to be formed to seek input from all stakeholders about program areas that are working well and opportunities for growth.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	Separating the Student Services and Special Education has allowed more focus on attendance, implementation of SARB and SST training. We will need to clarify specific metrics to evaluate effectiveness and impact of support in closing gaps and accelerating learning for historically underserved students. Attendance has improved and SARB practices as well as SST systems have been articulated and are now in place. Suspension rate remains high for African American Students, SWD and Hispanics, Pacific Islander and two or more race are either orange or yellow, even though our district status is low and change level has declined. We have a total of two schools identified yellow and two orange. Three of those schools have increased the change level and one maintained, signaling the need to specifically target supports to identified subgroups in order to improve outcomes.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	There is a slight difference of approximately \$45,000 more between the Budgeted and Estimated Actual expenditures.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the	 Analysis As per the California Dashboard, our English Learner Progress indicator shows High district status. All our schools show a high or very high status except for one school. The change level either increased or maintained. We have a total of 3 schools yellow who declined and one orange who maintained the level of growth. Change: The proposed goal wording is as follows: <i>All MUSD historically underserved students will make accelerated growth to close the achievement gap.</i> A plan to support secondary implement ELD needs to be added. A specific Parent Support and Engagement will be added to include additional parent activities with clear metrics to addresses the needs. There is a need to add metric to evaluate EOS and AVID level

IMPACT ON LCAP AND ANNNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Using the suggestions and recommendations provided through the input process, Actions and Services are being drafted or revised to support the achievement of our three broad Goals.

Basic Actions and Services are designed to assist ALL students; additional or expanded Actions and Services will also be provided to support students in the following subgroups: English learners, socioeconomically disadvantaged students, foster youth, and students with disabilities.

Proposed Actions and Services to support the success of MUSD students are:

- Continue to provide High quality professional development and collaboration opportunities for all MUSD teachers
- Continue to use diagnostic, formative, interim, and summative assessments to inform instruction
- Continue Mentoring & Coaching (SEAL Schools) & Continue SEAL implementation
- Creation of K-12 vertical alignment math map facilitated by Silicon Valley Math Initiative (SVMI).
- Provide High quality CCSS- and NGSS- instruction
- Provide consistent, purposeful and clear communication with the community and meaningful opportunities for parent engagement and input
- · Create a Family Engagement Plan based on current needs with actions and metrics to measure level of effectiveness
- Parents request to receive consistent and frequent information regarding students' assignments and grades to monitor academic progress that can be accessed remotely.
- Use Aeries Analytics to increase teacher-to-parent communication via Parent Portal

Priorities:

Close the gap before it begins by focusing on TK-3 early prevention

- Rtl2 Response to Instruction and Intervention & Cultural Targeted Measurable Family Engagement Outreach
- Implementation of social-emotional programs, such as Project Cornerstone and expansion of PBIS implementation to other schools
- Continue social-emotional supports for all students
- Increase after school options and access to counseling for supplemental students
- Increase in number of technology devices for purposeful student use (blended/personalized) learning during instruction and assessment
- Implementation of STEAM (Science, Computer Science, Coding, Technology, Engineering, Arts, Math, and Music)

2017-18 Recommendations

- · Revise Goals to include
 - GOAL 1 define, measure and report grade level proficiencies in grade K-3 in both Math and Reading
- Identify number of students entering Kinder and TK with Preschool Experience
- Identify number of High School students with four-year plans, number who are college prep (UC/CSU) versus HS graduation
- Include all personnel costs as per SCCOE expectations.
- Explore Implementation of Systematic Cross-Age Tutoring Program
- Implement Buddy System for incoming 9th graders, transition plan and creation of 4 year plans for targeted students
- SEAL adjustments to the implementation model and creation of a sustainability plan.
- Limit/Reduce the contract for Consultant for Writing and Early Literacy but continue support to teachers via Director TOSA
- Continue funding to provide additional supports for EL's in the areas of writing and math

Identified Need	The need to accelerate academic growth for our unduplicated students continues to be the focus of this goal. As per the California Dashboard, SBAC results and graduation rates, Students with Disabilities, Pacific Islander, Hispanic and African American students have low status in both English Language Arts and Mathematics and in terms of change they have maintained this status for two years. Our English Learner status on the other hand is high at 83% (high is defined as 75% to less than 85%). Even though our EL's are making adequate progress attaining a second language, their access to grade level content continues to be a challenge as per their SBAC Results. In addition, data shows that a very low number of students are accessing A-G path and have low rates accessing AP courses. The graduation rates as compared to the overall MUSD student population. There is a need to provide targeted supports and extended opportunities to access alternate paths towards the successful completion and successful preparation for college and career.

Demonstration of Increased or Improved Services for Unduplicated Pupils

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a school wide or LEA-wide basis. Include the required descriptions supporting each school wide or LEA-wide use of funds (see instructions).

MUSD's unduplicated percentage of low income, Foster Youth, and English Learner pupils is 44.93%.

MUSD will continue to offer a variety of programs and support services that will meet the academic and socio-emotional needs of English Learners, low-income students and Foster/Homeless Youth to assist in closing achievement gaps. These supplemental programs increase services well beyond 9.22%.

Goal 1

Actions 1.3, 1.7 Continue to provide a variety professional development to support the implementation of high quality first instruction, effective student assessment, coaching and support; as well as increased secondary staffing to support equitable access to content. (\$1,193,359+\$69,114) Action 1.6 Support the unique needs of unduplicated students at individual school sites within the LEA through the implementation of multi-tiered systems of support to accelerate learning(\$2,050,000).

Action 1.8 Formative and Summative Assessments are essential in identifying needs, provide supports, monitor progress and evaluate impact. MUSD will continue to utilize online, adaptive diagnostic and interim assessments tailored to detect and support students who are struggling regardless of their membership in the unduplicated student count. Likewise, there are students in the unduplicated population who may be doing fine in the regular program. That said, assessment and support systems will serve underperforming students and therefore will primarily serve those student groups with the highest needs, which are our unduplicated students (\$181,870).

Action 1.9 Continue to provide blending learning and personalized learning (153,935).

Action 1.10 Hire of a Data Analyst will Increase our systematic precision of detecting and serving individual student needs, across the full spectrum of intensive intervention to enrichment, our goal is to surpass the precision of the State's funding model based on generalized student groups (\$93,592). Action 1.13 (\$557,545) MUSD is committed to close the gap before it begins by investing heavily on the Early Childhood Development Support. The district's CDC Coordinator collaborates hand-in-hand with the Community Manager to engage and partner with parents and Special Education Director to pilot an Inclusion Model serving the needs of our CDC Preschool students.

Action 1.14 (\$103,856) Increase numbers of Special Education, Foster Youth, English Language Learners and Low Income students in our district-wide music program.

Action 1.16 (\$58,209) Tech TOSA to support teachers in the use of technologies to provide blended learning opportunities and personalize instruction for all of our students in particular monitor direct impact in accelerating learning of English Learners, Low Income, Foster Youth and Special Education students.

Action 1.17 (\$90,000). Provide professional development opportunities to collaborate within and across grade levels for vertical and horizontal articulation and standards alignment.

Goal 2

Action 2.1 Build positive school culture through the implementation of PBIS (\$176,569)

Action 2.2 Addresses the social emotional and socio-economic barriers encountered by our most needy students. (\$395,000)

Action 2.3 continue to fund additional counselor at high schools to support tier II high need students in meeting graduation requirements including decrease suspension and expulsions (\$113,789)

Action 2.5 Hire Equity Student Advocate to focus on the social- emotional support and work directly with Community Engagement Manager in support of the implementation of Restorative Practices and school linked services to assist students with severe challenges. (\$123,277)

Action 2.6 Identify and provide needed supports to Foster and Homeless Youth (\$29,682).

Action 2.8 (\$7,421) Provide targeted parent workshops and outreach to increase authentic parent engagement.

Action 2.11 (\$32,849) Vertical articulation and on-going PLC's for our CDC-TK-K. Provide a Family and Student Learning Jumpstart Program for targeted TK-K EL, LI and FY students a week before schools starts.

Action 2.12 (\$44,714). Continue implementation of Project Cornerstone ABC and Take It Personally at targeted schools for EL, FY and LI students and parents.

Goal 3

Action 3.1 3,11 Provide assessments to link students with strategic content based on individual needs, resources for credit recovery, programs to assist college and career readiness for underrepresented students (EOS and Naviance), (\$35,000 + \$38,288).

Action 3.4 provide intervention courses for identified target groups who are below grade level in reading and mathematics, implement AVID courses (\$920, 911)

Action 3.5 Provide extended day and extended year learning opportunities interventions and summer school programs to extend the learning (\$356,844).

Action 3.6 Provide opportunities for parent education and parent engagement to support underrepresented students. (\$ 305,443)

Action 3.8 provides high quality sheltered EL academic language instruction through early intervention via SEAL, purchase materials for program implementation, professional development is direct support of English Learners and underrepresented students to support success in the general

education program. (\$120,000).

DRAFT Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.
