§ 15497.5. Local Control and Accountability Plan and Annual Update Template.

Introduction:

LEA: _Santa Maria Joint Union High School District Contact: Dr. Mark Richardson, Superintendent, mrichardson@smjuhsd.org (805) 922-4573 x4201

LCAP Year: 2015/16

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process

The Santa Maria Joint Union High School District (SMJUHSD) had it first implementation year of the Local Control Accountability Plan (LCAP). Our goals are based on established District priorities, District-wide data and aligned to the eight state priorities. SMJUHSD held the following meeting to engage stakeholders:

- District Steering Committee meeting on January 26, 2015.
- School/District Administrator meetings
- Multiple meetings with District English Language Advisory Committee (DELAC), site English Language Advisory Committee (ELAC) and District Parent Advisory Committee for review and comment.
- Consulted certificated and classified bargaining units.
- Individual school site student meetings.

The District LCFF Steering Committee engaged the process on January 26, 2015. The purpose of the Committee was to review our current year (2014-2015) LCAP. Stakeholders were to provide input and comments. All recommendations were then consolidated into a document that was posted on a district provided blog for feedback.

Committee members represented the Santa Maria Bonita School District, Orcutt Union School District, Guadalupe School District, Blochman School District, Allan Hancock College, Cal Poly San Luis Obispo University, Santa Barbara County Education Office, City of Santa Maria, Santa Maria Chamber of Commerce, Fighting Back Santa Maria Valley, Santa Barbara County Teen Court, and Santa Barbara County Probation. The Committee also included four site principals, four site parents representatives, four site student representatives, eight parents that represented DELAC or ELAC or MPAC, four CSEA representatives, four faculty association representatives, seven District Office administrators and one lead facilitator.

Stakeholder engagement and data collection will be utilized to create a draft of the Local Control Accountability Plan (LCAP). This preliminary plan was posted on our District website, presented to parent advisory groups and District Board of Trustees for additional feedback and public comment. The Preliminary LCAP was presented to the Board of Trustees for Public Hearing on June 9, 2015. The Final LCAP was approved by the Santa Maria Joint Union High School District Board of Trustees on June 17, 2015.

Impact on LCAP

The District LCFF Steering Committee reviewed of our our Local Control Accountability Plan that resulted in revisions and addressed the needs of our parents, faculty and students based on the eight state priorities. This Committee was comprised of 51 stakeholders that engage in the process. The process led the Committee to identify appropriate services and actions to close the achievement gap.

The revision of the LCAP goals by the Committee was one of the most intense and reflective processes. Each stakeholder was valued for their input and comments. This led to the revision of Goal #1. Committee stakeholders reviewed Goal #1, which stated "Challenge and support all students to demonstrate proficiency in the Common Core State Standards and acquire the knowledge and skills, to be successful and prepared". The new Goal #1 reads "Challenge and support all students to demonstrate proficiency in the Common Core and other state adopted standards and acquire the knowledge and skills, to be successful and prepared to continue their education, and be successful in transitioning to a meaningful career". Although, the Common Core State Standards are a major focus and implementation for the District, the Steering Committee felt that it was important that addressing other state standard be added.

The participation by our LCFF Steering Committee for the review of our actions and services was a robust dialogue that produced amazing results. Some of the suggestions were too continue the support toward the Common Core State Standards, continue with cultural proficiency, expand vocational pathways, improve absenteeism, continue with the improvement of ELD program and support services for Foster Youth. Based on our District data and the identified needs, our actions and services will continue to meet the eight state priorities. The 2015-2016 LCAP will increase its actions and service in the area of curriculum, parent engagement programs, ROP partnership, chronic absenteeism, early academic outreach, student technology, school safety, foster youth services and the English Learner Program. The actual actions and services that are to be provided are for the school year will reviewed through a District provided for the Steering Committee. Following the input and feedback from the Steering Committee, the District blog was open to all stakeholders.

The LCFF Steering committee's recommendations for 2015/2016 were then presented to various parent groups. Our District's DELAC parents developed a variety of questions that they would like answered. At the next month's meeting the questions were answered and clarifications were provided to the list of questions. Some of the questions were: "Which students will be serviced with the new funding", "Does the funding help all students", "Can parents get a copy of the approved plan" and "Can we have more parent meetings with our counselors". These were questions that were asked at our April meeting and were answered at our May meeting. At out parent advisory meetings there were similar questions. The parent advisory meetings, parents were very grateful for all the services and wanted to meet in the fall to review services. Parents were assured that parent advisory meeting will take place in the fall and presentations on parent access to services that provide a parent portal through the internet.

Annual Update:

On October 8, 2014, Dr. Richardson presented to the Board of Education an update on LCFF and an update on the activity of our LCAP plan. The Board was presented Local Control Accountability Plan with an overview of the state priorities and goals. This was an opportunity to give the Board a guided tour of what has been implemented in the District and establish a timeline to develop the next year's LCAP.

Parent stakeholder groups were involve in a variety of discussion regarding the LCAP. ELAC and DELAC Parent Advisory committees along with student groups that were presented the services and actions that were implement for the school year 2014/2015 and the new action services for the school year 2015/2016. The District's LCFF Steering Committee met on January 26, 2015. Site Principals work with School Site Councils and students to inform them of the Goals, actions and services regarding the LCAP to develop their Single School Plans. In discussion with all the stakeholder from the District lead us to provide a focused stakeholder group

The 2014-2015 LCAP was reviewed by the District LCFF Steering Committee on January 26, 2015. The actual meeting took place in the District's new Professional Development Center, which was an accomplishment as part of the LCAP. Stakeholders were very appreciative to see our plan is taking action. The following were the actions and service that the Committee were updated on are as follows:

- PIVOT Learning provide staff District wide common core training.
- Edivate, an online professional development for all staff.
- Construction of the new Professional Development Center.
- Various cohort attendees to Institute for Equity and Education and Cultural Proficiency Institute.
- District wide career pathways, capstone courses, and the development of a new CTE facility have a continued focus.
- The District has added 12 counselors.
- Additional AVID courses.
- Wireless access at all sites including the District Office.
- Purchase of 1:1 devices for staff and students.
- Two school resource officers have been added to our District, with supported safety equipment and training.
- Opportunity Program at each site.
- Implementation of READ 180 system 44 for our English Learner Program and the hiring of EL teachers to support the program.
- The addition of two teachers on special assignment to support the English Learner Program.
- Foster youth services were contract through Fighting Back Santa Maria Valley.

The summary of services and actions were discussed with stakeholders for input and comments. The Steering Committee was then given the opportunity to provide input and feedback through a District blog for any additional comments. The results of the Steering committee were then shared with our DELAC, ELAC, Parent Advisory Groups, site student groups, classified association, certificated association and a District blog.

Annual Update:

The LCFF Steering Committee met on January 26, 2015 to review our current LCAP. The Committee provided input and comments to next year's (2015-2016) and future plans. The input from the Committee was collected and all were given the opportunity to participate on a District blog for feedback and comments. The LCFF Steering Committee provided the input and feedback to develop the actions and services that were presented to DELAC, ELAC, PAC, Classified Association, Certificated Association, students and a District-wide blog for input and feedback. The following are action and services that will be continued and added services for next year and future years:

Goal #1 will continue with services and actions from PIVOT Learning and Edivate. The additional services and actions that will be added to Goal #1 are paraeducator training, PLC support, CAHSEE intervention assessment, and formative assessments and data platform. Goal #1 provides teachers with the professional development, addressing state standards and support for student learning.

Goal # 2 will have new additions. These services and actions include developing a committee to explore resource center and a newcomer academy, translation services, parent engagement programs (PIQE, PIDA), explore an ethnic and gender studies course and continued service and action toward cultural proficiency. Goal #3 addresses our education program and services to support our pathways. The District in collaboration with Allan Hancock College have applied for the California Career Pathway Trust Grant. The District is in the process of developing a CTE facility plan and has established a partnership with SBCEO ROP, additional support for equipment and supplies and training toward our CTE program for counseling of students. Goal #4 addresses the support for student learning. Additional support to our AVID program for supplies and training will be provided. Services and actions also include crisis group services, extracurricular support, a college and career readiness program, ELA intervention program, placement and progress monitoring services, 9th and 10th grade opportunity program, early academic outreach, reading intervention and 18 PPS counselors.

Goal #5 supports our District wide technology program. As we expand our services and actions, our staff and students will have 1:1 devices that will be supported with Microsoft training, Microsoft 365 licensing and three new positions to support teachers with instructional technology.

Goal #6 address school safety. School Resource Officers play an important role on our campus and all three will be dedicated to a site. Support for training purposes will be funded as well equipment. The District will also explore the implementation of restorative justice program, contracted services for expelled students, classified substitute program and implement an attendance intervention program.

Goal #7 supports our District wide English Learner program. Our EL program has expanded its services and has created a structure to support the needs of our student through an ELA/ELD pathway. EL services are to include an intervention course toward completing A-G requirements. An English Language Advisory Committee has been establish to provide ongoing training and resources to those that are working with our EL students and parents. Under this goal, services and action will continue with the support to add bilingual instructional assistants, English Language Support Specialist and two English Learner Coordinators.

Goal # 8 address the District's foster youth services and actions. The District has added Program Specialist contracted through Fighting Back Santa Maria Valley (FBSMV) to provide liaison services for foster youth students. Training and support programs will be provided, along with after school tutoring. This goal also addresses for our District to participate in the California State Foster Youth Summit.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics,

LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
 - 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

	Explanation: Provide training that supports essential elements of successful Professional Learning Communities (PLC). Professional learning community (PLC) is an ongoing process in which educators work collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve. Professional learning communities operate under the assumption that the key to improved learning for students is continuous job-embedded learning for educators. Teacher will have the opportunity to attend Professional Learning Communities conferences that will be supported by the District. Teachers will have ten PLC days for the school year 2015-2016 to collaborate on creating and reviewing assessments (CFAs), lesson planning, content unit development, performance task, and professional dialogue. Explanation: Develop district-wide support matrix and fund programs like PIQE, PIDA, adult learning partnerships.

Parents Institute for Quality Education (PIQE) is a program to educate parents on how to foster a positive educational environment for their children both at home and at school. The program, which lasts nine weeks, is free to parents. Parents who participate learn how to create a positive and lasting educational environment at home using a number of proven academic success tools: dedicating a home study location and time of day for homework; creating ongoing dialog with their kids; surrounding their academic successes and challenges; discussing children's college expectations; and more.

Parent Involvement through dialogue and Action (PIDA) is a parent/guarding training that meets for 18-hour of dialogue and action planning with a focus on academic opportunity and achievement gaps in their school.

PIDA Strives to:

- Build trust and connections among a diverse group of parents/guardians to strengthen their connection with their children's school
- Deepen understanding of school specific achievement data and causes of achievement and opportunity gaps
- Explore effective strategies to promote equity in education and student success

Simultaneous interpretation is provided in Spanish and English. Working together parents/guardians gain tools and support each other to become leaders for equity in education. Parents/guardians to develop Action Plans to promote parent-school efforts to increase academic equity and academic success.

1. Counsel	ling Services Districtwide	District-wide	<u>√</u> ALL	LCFF/Supp-Conc	

Explanation: Increase counseling services (Districtwide 18 FTE: 7800/18 <500) Counselors assist students and parents in understanding the available educational resources and requirements for post-secondary educational options, assuring an education program that reflects the needs of the individual student. Counselors identify students who are at risk toward graduation, truancy intervention and meet with them and parents to provide a support system. Counselors work with students to develop a four year plan, which parents will be able to access on line though the District's college and career readiness software program Career Cruising. Counselors work with student to promote the completion of University of California's requirement to complete A-G courses, promote student to enroll in Advance Placement courses, Advancement Via Individual Determination (AVID) courses, and Career Technical Education courses.

2.	Advancement Via Individual Determination (AVID) Sections Explanation: Increase support and budget at the comprehensive sites to accommodate incoming feeder AVID students. (4 FTE Districtwide, \$30,000 per site for supplies) Advancement Via Individual Determination (AVID) is dedicated to closing the achievement gap by preparing all students for college and other post-secondary opportunities. The AVID College Readiness System works to ensure students are college-ready by equipping them with the skills, academic behaviors, and college knowledge necessary to succeed at every level from elementary school to college. The AVID course prepares and builds knowledge to prepare a student to apply to attend a four year university. Students participate in rigorous courses, learn study habits, note taking, collaborative study groups,	District-wide		LCFF/Supp-Conc \$301,810 1110 \$51,027 1160 81,693 3xxx 112,473 4310
	personal statement, university visits and facilitation of the financial aid process.			
3.	Comprehensive Site Opportunity Program Implementation Explanation: Implement program at sites (2 FTE per comprehensive site for 9th & 10th grade Self-Contained Opportunity Programs) The Opportunity Program serves students who are at risk of not graduating and are having challenges with attendance, discipline and academic setting. Students are provided services to complete credits toward graduation. The Opportunity Program is an intervention that is targeted towards our most at risk students. Students are provided with intensive support in the area of English and math. Counseling Ratio

District 1:400

A-G Completion

The District's expected annual outcome to increase its A-G completion rate by 5%.

Advance Placement

The District's expected annual outcome to increase its AP scores of "3" or higher by 5%

High School Dropout Rate

The District's expected annual outcome to decrease its dropout rate by 3%

High School Graduation Rate

The District's expected annual outcome to increase its high school graduation rate by 3%.

AVID Enrollment

The District's expected annual outcome to increase its AVID enrollment by 3%

	The district's expected annual outcome to increase its Avid emoliment by 5%				
Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures		
1. PPS Counseling Services Districtwide Explanation: Increase counseling services (Districtwide 18 FTE: 7800/18 <500) Counselors assist students and parents in understanding the available educational resources and requirements for post-secondary educational options, assuring an education program that reflects the needs of the individual student. Counselors identify students who are at risk toward graduation, truancy intervention and meet with them and parents to provide a support system. Counselors work with students to develop a four year plan, which parents will be able to access on line though the District's college and career readiness software program Career Cruising. Counselors work with student to promote the completion of University of California's requirement to complete A-G courses, promote student to enroll in Advance Placement courses, Advancement Via Individual Determination (AVID) courses, and Career Technical Education courses.	District-Wide		LCFF/Supp-Conc 1,199,748.00 1210 \$349,547.00 3xxx		
2. Advancement Via Individual Determination	District-Wide	_√_ALL	LCFF/Supp-Conc		

Page 50 of 118

				Page 50 of 1
	(AVID) Sections Explanation: Increase support and budget at the comprehensive sites to accommodate incoming feeder AVID students. (4 FTE Districtwide, \$25,000 per site for supplies) Advancement Via Individual Determination (AVID) is dedicated to closing the achievement gap by preparing all students for college and other post-secondary opportunities. The AVID College Readiness System works to ensure students are college-ready by equipping them with the skills, academic behaviors, and college knowledge necessary to succeed at every level from elementary school to college. The AVID course prepares and builds knowledge to prepare a student to apply to attend a four year university. Students participate in rigorous courses, learn study habits, note taking, collaborative study groups, personal statement, university visits and facilitation of the financial aid process. 3.	Comprehensive Site Opportunity Program Implementation Explanation: Implement program at sites (2 FTE per comprehensive site for 9th & 10th grade Self-Contained Opportunity Programs) The Opportunity Program serves students who are at risk of not graduating and are having challenges with attendance, discipline and academic setting. Students are provided services to complete credits toward graduation. The Opportunity Program is an intervention that is targeted towards our most at risk students. Students are provided with intensive support in the area of English and math.	District-Wide		LCFF/Supp-Conc \$380,244 1110 129,778 3xxx

	Explanation: Creation of a districtwide planning group to explore various Restorative Justice Programs for future implementation. Restorative Approaches (RA) is rooted in the belief that positive social behaviors are best supported through a process that collaboratively identifies the harm done by one's actions and establishes a way to repair that harm. RA is a philosophical approach, and can be implemented when dealing with a wide range of conflicts, from classroom disruption, to teacher/student conflict and student/student conflict. RA is supplementing traditional discipline structures and practices such as suspension, expulsion, and referral to law enforcement. The District will be exploring the possible implementation of Restorative Approaches through conferences or trainings provided by other institution. 1. Restorative Justice Planning	District-wide	_ <u>V_</u> ALL	LCFF/Supp-Conc

Page 66 of 118

	Explanation: Creation of a districtwide planning group to explore various Restorative Justice Programs for future implementation. Restorative Approaches (RA) is rooted in the belief that positive social behaviors are best supported through a process that collaboratively identifies the harm done by one's actions and establishes a way to repair that harm. RA is a philosophical approach, and can be implemented when dealing with a wide range of conflicts, from classroom disruption, to teacher/student conflict and student/student conflict. RA is supplementing traditional discipline structures and practices such as suspension, expulsion, and referral to law enforcement. The District will be exploring the possible implementation of Restorative Approaches through conferences or trainings provided by other institution.	District	OR:Low Income pupilsEnglish LearnersFoster YouthRedesignated fluent English proficientOther Subgroups:(Specify)	\$10,000 5800
2.	Classified Substitute Pool Program Explanation: Establish effective process and fund "sub coverage" for targeted classified positions. system for Long Term English Learners (LTELs)				
students who have been enrolled in U.S Schools for 6				
or more years and is centered on personalized				
academic guidance that involves teachers,				
administrators, counselors and student advocates who				
regularly monitor student academic progress related				
to graduation requirements and preparation for career				
and postsecondary education. SAAS is intended to				
provide a safe, culturally and linguistically responsive				
environment that nurtures strong				
teacher/student/parent relationships. Through explicit				
instruction in the advantages of a "growth mindset"				
and its relationship to success, students learn to				
persist and persevere in challenging situations while				
developing self-efficacy strategies and academic				
mindsets necessary for long-term success. A focus on				
literacy, language, note taking, writing, and research				
skills assists students in preparing for high school exit				
exam (CAHSEE) or current state adopted equivalent as				
well as college admission tests such as the PSAT.				
Students also learn about colleges and careers with				
growth potential through cultural events, college				
campus field trips, and community guest speakers that				
motivate students to think about future career				
options.

Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the Expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and Expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and Expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted Expenditures and estimated actual annual Expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

The actions and services for Goal #1 were reviewed for input and comments by our LCFF Steering Committee meeting on January 26, 2015. As a result of this meeting Goal #1 now reads "Challenge and support all students to demonstrate proficiency in the Common Core and other state adopted standards and acquire the knowledge and skills, to be successful and prepared to continue their education, and be successful in transitioning to a meaningful career". The dialogue with stakeholders discuss the need to reflect the District's expectation and the importance of all content areas. The Committee reviewed current actions and services for the current year 2014/2015. • Common Core training was provided to teacher and administrators through PIVOT Learning in preparation for Smarter Balance Assessment. Pivot Learning will continue for the school year 2015/2016. • Completion of the District Professional Development Center. This has provided a venue to centralize professional development for District initiatives. This was a one year expenditure. Equipment was purchased to outfit the Professional Development Center. This was one year expenditure. Edivate is an online professional development/resource for teachers. Training for site administrators was conducted in December 1, 2, 2014. Each site launched the implementation on the January PD day. What changes in actions, services, and Expenditures will be made as a result of reviewing past progress and/or changes to goals? As a result of Steering Committee stakeholder input and comment, additional services and actions have been added to Goal #1. The following bullets will be implemented for the school year 2015/16 to assist teachers and students with the learning of common core state standards and goal setting for Smarter Balance outcomes. • The District will purchase Microsoft 365 licenses for all staff to develop a state aligned frameworks with common core instruction. This will assist with students learning the most updated technology. • Professional Development for instructional aides in special education will be provided to assist with student learning. Guidance and counseling staff focus and implement pathway options for careers and postsecondary education is an area of growth. Assisting students towards completing A-G requirements and the promotion towards CTE courses. • Professional Learning Communities (PLC) will continue to be an emphasis for the school year 2015/2016. A cohort of more than 30 teachers attended a PLC conference for the school year 2014/2015. Revolution K12 will be a District provided program for all students. The program will be used to support students to prepare for the High School Exit Exam, SAT prep, Common Core math and Accu Placer for students who are considering taking courses or planning on attending a community college. School City will be our new software platform to provide support for our common formative assessments aligned to common core state standards. What changes in actio Expenditures will be m reviewing past progress goals?	ade as a result of and/or changes to	Cultural Proprompted to Action (PIDA will be adde • Con • Res	work in Goal #2 has been a growth for all stakeholders. This year there were 68 staff members, 5 community members and six parents that attended the ral Proficiency Conference at the Museum of Tolerance. There were 14 staff members that attended the Institute for Equity Education. This has pted those that have attended the events to develop groups and next steps. Out of these interactions a Parent Involvement through Dialogue and (PIDA) has been started at SMHS and would like to expand to all sites for the school year 2015/2016. In addition to services and actions the following e added for the school year 2015/2016: Committee formed to explore potential conversion of the Lincoln Center to a School Community Resource Center. Resources dedicated to improve translation services. Explore the potential for Ethnic and Gender Studies course. Support a new District cohort to participate in the Institute for Equity in Education and the International Cultural Proficiency Institute.

	Goal #4 focus was to add the services of PPS credential counseld	ors and increase our offerings of AVID. The District had growth in both areas.				
		The counseling program for the District has improved the ratio of 500 to 1 and seeking to lower the ratio for next year. The counseling and guidance departments met on a regular basis, which grew into a collaborative with Allan Hancock College, UCSB and Cal Poly San Luis Obispo.				
	_	the school year 2015/2016. The District Avid Team met through the year and ey also developed a budget that identified the essentials to sustain the program. o support the needs of the program.				
	New actions and services will be add to Goal #4. They are as fol	low:				
What changes in actions, services, and Expenditures will be made as a result of reviewing past progress and/or changes	• Comprehensive Site Opportunity Programs for grades nine and ten. The program is used to support students who are at risk and will benefit from a self-contained core structured curriculum. For the school year 2014/2015, only two of the comprehensive sites had the program. Starting for the school year 2015/2016, all three sites will have the program. As a better fit to Goal #4, this action and service was removed from Goal #6.					
to goals?	 Two Crisis Intervention Consultants will be added to support group counseling with a focus on drug and alcohol issues. To assist with chronic absenteeism the District has identified a need to implement a monitoring system to improve and facilitate our 					
	truancy program. The program is Attention 2 Attendance and will be implemented for the school year 2015/2016.					
	• Extracurricular activities play an important role for student participation. The intent is to lessen the dependence on programs on gate receipts, fundraising and to increase student activity participation for the school year 2015/2016.					
	The District will support the use of Renaissance Learning (STAREnterprise) to support academic progress monitoring and student					
	placement for English and math.					
	• College and Career Readiness programs were used by different sites in the District. The District assembled stakeholders from all sites to select a program for all sites. Students were included and data was gathered from a survey that students took. Starting the school year 2015/2016 Career Cruising will be used as our District College and Career Readiness program.

What changes in actions, services, and Expenditures will be made as a result of reviewing past progress and/or changes to goals?		 The District for the school year 2014/2015 collaborated with Santa Maria Police Department to hire two School Resource officers for SMHS and PVHS and the purchase of equipment and safe schools training. As a result of this the District will implement the following for the school year 2015/2016: There is an interest in exploring a Restorative Justice Program for future implementation. For the School year 2014/2015, a group from our District visited Santa Barbara Unified School District's Restorative Approaches program and have taken an interest in future trainings. As a result of our stakeholders a classified substitute pool program will be implemented. The need to have a pool of classified to fill in for others plays an important role to keeping our schools safe and running efficiently. School safety training was a need that will be addressed for the school year 2015/2016. Administrators, campus security, teachers and plant managers will participate in trainings. For the school year school year 2015/2016, a third school resource officer will be added to the District. Safety equipment is needed for sites. Updated security cameras and other safety equipment will installed for the school year 2015/2016. The District will be implementing a new safe school plan that has been reviewed by the District's safety committee.

For English learners:

1. Purchase Read 180 and System 44 Curriculum

Purchase Read 180 and System 44 Curriculum. Cost: \$300,000 (LCFF)

The SMJUHSD EL Restructure Committee came together for a second year to continue the work of improving instruction and services for English Language Learners and their families. Through the work of this committee, a new and improved course of study for English Learners (ELs) was established in the district, across all sites. The 2014-2015 SMJUHSD ELA/ELD Pathway sets a clear path of support for English Learners with an option of four designated ELD courses. Through the offering of these new courses, 28% of English were provided designated ELD support, up from 15% in the 2013-2015 school year. The ELA/ELD Pathway included the following courses:

- ELD Entry for beginning ELs who have been in US school for under 12 months
- ELD 1 for ELs with significant language and literacy gaps, needing accelerated growth
- English I Intensive and English II Intensive for ELs on an "a-g" path, with a focus on language and literacy support and access to core ELA content

A new, stakeholder approved and research based curriculum (Read180 and System 44) was implemented in ELA/ELD Pathway courses at three comprehensive sites and one continuation school. Implementation support was provided to ELD teachers, EL Coordinators and administrators across the district through initial training, ongoing one-on-one support with Scholastic coaches and a district wide ELD Professional Learning Community. Labs

The Districts ELD program is now structured under one curriculum through Scholastic. The Read 180 program serves our English Language Learners for students whose literacy levels are at a third grade level and above. System 44 serves our students whose literacy levels are below the third grade. The program has made great strides with students increasing their Lexile Scores. The District supported and provided ongoing professional learning and coaching for new and current ELA/ELD Pathway Teachers and administrators. Designated ELD courses are now in place District-wide. The EL Restructure Committee gave feedback to implement a common grading system.

Cost: \$568,870 (LCFF)

3. Hire and maintain EL Coordinators

Hire and maintain EL Coordinators. Cost: \$160,000 (LCFF)

For the 2014/2015 school year, the District hired two EL Coordinators to provide support services for English Learners (EL) and recently Reclassified Fluent English Proficient (RFEP) students in collaboration with Multilingual and Migrant Education staff. Throughout the year, the EL Coordinators planned and led teacher collaboration and professional learning opportunities aligned to state common core, content, and ELA/ELD standards. Additionally, EL Coordinators worked with school counselors in supporting EL and RFEP students experiencing barriers to academic success. EL Coordinators collaborated with school sites to establish a common process for the placement of EL students based on multiple measures of data. Furthermore, the EL Coordinators also collected, organized, analyzed, and reported academic and linguistic student achievement data of EL and RFEP students to assess the outcome of services provided. The Coordinators were instrumental in developing a new course to serve the needs of ELs in attaining "a-g" course requirements. In collaboration with teachers and support staff, EL Coordinators researched, designed, and developed, Student Academic Achievement Seminar, a course of study for Long Term English Learners focused on academic mindsets, self-efficacy, academic support, and preparation for career and postsecondary education. Moreover, EL Coordinators represented and promoted the program's accomplishments and needs to the LEA and public through DELAC, MPAC, and other parent and community groups related to academic support services for EL and RFEP students.

For the school year 2014/2015, the District hired two ELA/ELD Coordinators to assist and support ELA/ELD teachers. The ELA/ELD Coordinators lead Professional Development workshops for all ELA/ELD teachers, data monitoring for Read 180, and lead the EL restructure committee meetings. The ELA/ELD Coordinators work with ELA/ELD teachers to establish common process for the placement of El students, including of SRI assessments, StarEnterprise, attendance, current academic placement, migrant students, English grade history, writing sample score, teacher recommendation and student course request for English. The ELA/ELD Coordinators also reviewed the data of long term English Learners. The ELA/ELD Coordinators were instrumental in developing a new course to serve the needs of English Learners in attaining A-G course requirements. The name of the new course will be Student Academic Achievement Seminar.

Cost: \$152,343.00 (LCFF)

Fighting Back Santa Maria Valley was contracted for the school year 2014/2015 to provide services for our Foster Youth. Part of the services were for FBSMV to follow up with students to assure they were getting the proper services, attending afterschool tutoring, and working with SB County Social Services to identify who was a Foster Youth. In a mid-year review it was identified that services needed more attention. Three Program Specialist were to support and monitor District Foster Youth. As a result, the following will be added for the school year 2015/2016: • Foster Youth Program Specialist will continue services for the school year 2015/2016. • Provide Foster Youth training and support programs for staff. • Resources identified to facilitate involvement in the California State Foster Youth Summit. • Continue afterschool tutoring for Foster Youth through Santa Barbara County Office of Education and other outside agencies as needed.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:

\$ 10,810,477

The District's estimated level of unduplicated pupils for the LCAP year 2015/2016 will be 73.05%. The estimated amount of Supplemental and Concentration Grant fund for the LCAP year 2015/2016 have been calculated to be \$10,810,477. The District's intent of the Local Control Funding Formula (LCFF) funds is to provide consistent services among all school sites that serve a variety of programs and supports specifically for English Learners, low income students and Foster Youth.

The District's English Learner program will continue with greater services reaching more students for the school year 2015/2016. The EL program will continue with the researched-based curriculum Read 180 and System 44, proper student placement, ELA/EL standards pathway and meeting Title III accountability for AMAO 1 and 2. The District will implement a new course "Student Academic Achievement Seminar" for long term English Learners and reclassified students. The SAAS is centered on personalized academic guidance that regularly monitors student academic progress related to graduation requirements and preparation for career and postsecondary education.

The District services for Low Income students will provide the needed interventions. These services include a common core aligned literacy intervention program that will be used with regular education students and special education students that have been identified for services with continue progress monitoring. Low income students will also be provided reading intervention course that supports the improvement of reading comprehension and use as a support course for students in college preparatory English courses. Services in mathematics will also be utilized through an online computer adaptive curriculum that is aligned to the common core. The expansion of the District AVID program to develop organizational and academic skills to ensure career and college readiness.

Foster Youth student services will include and consist of the services as mentioned above. Targeted services for Foster Youth students will include liaison services to provide an individual academic plan, services through outside agencies to assist with medical, social and mental health, tutoring, and training and support programs for counselors and staff members working with Foster Youth students.

The focus of our Local Control Accountability Plan and the allocated LCFF resources for unduplicated pupils will provide a services District-wide. These services include support for Common Core State Standards, Technology, Career Technical Education, College and Career Readiness, parent support services, parent engagement programs, academic intervention, school safety and support services for Foster Youth. These services are supportive of our professional development to build capacity amongst all staff in culturally responsive practices and targeted interventions.

The District's unduplicated count for the school year 2015/2016 was 73.05%. The use of the LCFF funds not only services the needs of our sub group population, the District as a whole. As a District in program improvement the effort and implementation of supplemental and concentration of LCFF has provided support for systemize services, research supported programs and progress monitoring support for student academic growth. The LCAP process has for the school year 2015/2016 will reflect its growth in the new model the state has provide and the continue efforts to improve student achievement.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

17.35 %

The District's proportionality calculation for the LCAP year 2015/2016 is 17.35%. The percentage of the proportionality calculation of 17.35% is equivalent to the dollar amount identified in Section 3A (\$10,810,477). The District has identified the following actions and services representing targeted increases in or improvements to services for unduplicated students as satisfying the proportion improvement requirement of this section:

- English Learner program continues to be a target of improvement and improved services. Professional Development services to teachers were provided training on a researched based curriculum for best instructional practices to support the academic achievement of English Learners.
- Two English Coordinators to provide support services for English Learners (EL) and recently Reclassified Fluent English Proficient (RFEP) students in collaboration with Multilingual and Migrant Education staff.
- English Learner Academic Support Specialist is responsible for assisting with the implementation of the academic supports for English learners.
- There are two District Language Assessors to coordinate and support all CELDT assessments and materials.
- Access to technology
- The addition of five bilingual instructional assistants to support instruction in the core content areas in small group setting for EL students.

The District has identified actions and services provided District-wide as legitimate proportional expenditures that are beneficial to all students.

- The District has consultant support for effective instructional strategies for the implementation of the Common Core state Standards and the development of professional learning communities.
- Four Crisis Intervention Consultants to assist with Drug and Alcohol intervention.
- Counseling services with a ratio of 1:500 or less.
- Improvement with new common formative assessment program.
- College and Career Readiness program to assist in the guidance of postsecondary education or career.
- Teachers (3) on special assignment to assist teachers with technology instruction in the classroom.

Quantitative and/or qualitative improvements in services for unduplicated students during the school year 2015/2016 include the following:

All Students

- Assessments for placement and benchmarks in English and math using grade equivalency and scaled scores will be used for all ninth and tenth grade students District-wide.
- The use of common formative assessments data to inform instruction and student achievement.
- School climate will be addressed through parent engagement programs and other student targeted programs.
- Improving student attendance and/or chronic absenteeism through automated intervention.
- Developing and the implementation of Common Core State Standards and new core content standards.

English Learners

- Build background knowledge to help students form mental models. Providing a clear path for daily instruction that focuses learning on science, social studies, literature, and life skills. Students are exposed to a range of challenging, high-quality informational and literary texts that span genres, cultures, and eras. Students engage with and evaluate texts across a range of types and disciplines—with a strong emphasis on informational text—and consider multiple perspectives that represent a variety of periods, cultures, and viewpoints.
- Providing a culturally proficient learning environment to support student academic achievement.
- Providing access and support to student to meet the UC A-G requirements through a new support course "Student Academic Achievement Seminar" providing support for Long Term English Learners.
- Through the efforts of the English Learner Coordinators improved the support to reclassified students.
- Improved instructional practices through multiple points of data.

Low-income Students:

- Providing intervention support for students who are below grade level in English and Math with continued progress monitoring through the use of benchmark assessments.
- Providing support for social emotional and behavioral needs through counseling services department.
- Providing access, guidance and support to meeting the UC A-G requirements and other career curricular pathways.
- Preparing students to be college and career readiness through career oriented assessments.
- Access to technology.
- Expansion of the AVID program to support student on the path to college.

Foster Youth:

- Providing a safe learning environment that is support through the participation of extracurricular activities, counseling and community agencies.
- Each Foster Youth will be assigned a program specialist to meet with to identify their needs and support systems.
- Providing Foster Youth training and support programs for staff.

NOTE: Authority cited: Sections 42238.07 and 52064, Education Code. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.5, 47606.5, 48926, 52052, 52060-52077, and 64001, Education Code; 20 U.S.C. Section 6312.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).

- (e) "Suspension rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).) Divide (1) by (2).

8-22-14 [California Department of Education]
