

Local Control Accountability Plan and Annual Update (LCAP) Template

[Addendum](#): General instructions & regulatory requirements.

[Appendix A](#): Priorities 5 and 6 Rate Calculations

[Appendix B](#): Guiding Questions: Use as prompts (not limits)

[LCFF Evaluation Rubrics](#): Essential data to support completion of this LCAP. Please analyze the LEA’s full data set; specific links to the rubrics are also provided within the template.

LEA Name	Contact Name and Title	Email and Phone
Bear Valley Unified School District	Dr. Mary Suzuki Superintendent	Mary_suzuki@bearvalleyusd.org (909) 866-4630

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Bear Valley Unified School District is in the San Bernardino Mountains, 70 miles from Los Angeles, 6,700 feet above sea level. There are approximately 19,000 full time residents in the valley and our median income is \$33,000. 71% of our students qualify for Free and Reduced lunches, 73% of our students are socioeconomically disadvantaged/EL/Foster Youth, and 14% of our students are English Language Learners. Our district serves students, TK – 12, in a variety of settings with four elementary schools, one middle school, one comprehensive high school, and one continuation high school. In addition to the traditional brick and mortar setting, we offer Independent Study options including blended learning at the elementary and middle school, where students meet with a credentialed teacher once a week for the core subject instruction with the opportunity to participate in specific class instruction, special events, field trips, and sports at their respective site. At the high school level, students have a hybrid option where students can take some classes on campus and some in an independent setting with a credentialed teacher. Additionally, our Bear Valley Virtual Academy allows students to do all their work online with a credentialed teacher, overseen by a Bear Valley teacher who meets with students once a week. Virtual Academy students are also encouraged to participate in special events at their respective grade levels. Our commitment is to meet the needs of ALL our students and have them graduate college and career ready with multiple options for post-secondary education, whether at a 4-year University, a 2-year community college, a vocational school, or a particular career path.

LCAP Highlights

Identify and briefly summarize the key features of this year’s LCAP.

In keeping with the Bear Valley Unified School District's commitment to our students' success, we continue to use our funding to support ALL students. This year on the LCAP, we will be:

*Continuing to foster a college going culture

-Implementing a second section of the Advancement Via Individual Determination (AVID) program to Big Bear High; now in 9th and 10th grade. (Action Item 1.17, pg 73)

*Expanding Computer Technical Education (CTE) offerings

-Adding an additional section of Threat Intelligence Pathway: Cyber Security 2 (Action item 3.4, pg 113)

*Expanding CTE in the Transportation sector

-Adding an additional Auto Service/Fundamentals section (4 sections total) (Action item 3.4, pg 113)

*Continuing to focus on student wellness and interventions

-Restorative Justice training and program implementation (Action Item 2.8, pg 102)

-Social Emotional Learning (SEL) supplemental curriculum TK – 9 (Action Item 2.10, pg 104)

-Master Schedule change at Big Bear Middle School to include a daily 25-minute advisory period to foster teacher/student relationships

*Hiring a School Resource Officer (SRO) as a community funded partnership (Action Item 2.9, pg 103)

*Increasing support of students with disabilities with supplemental curriculum and professional development for teachers and para-professionals (Action Item 1.29, pg 87; Action Item 1.30, pg 89)

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

In reviewing multiple academic indicators, local assessments tools in academics, school culture surveys, and stakeholder input, we have made some great progress in the following areas:

*A district wide reduction of suspension rates, specifically in the student groups of Foster Youth (declined 13%) and Students with Disabilities (declined .8%). Four out of seven schools are now in Green on the California Dashboard.

*An increase in ELA and math CAASPP scores in grade 11. In ELA, scores increased by 11 percentage points (22% increase), and in math by 11 percentage points (52% increase). We continue to provide professional development and vertical articulation opportunities as we align newly adopted ELA and math curricula to state standards, set pacing guides, and develop local assessments.

*Overall district wide steady increase in ELA (from 35% to 44% percent) and in math (23% to 29% percent) over the past four years (2015-2018).

*Increase of CTE offerings to include four sections of Automotive and Cyber Security I and II.

*Continued provision of updated devices for the one to one ratio in all core classes.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

*LEA CAASPP math scores in Orange

1 Elementary School in orange (BBE); 1 Middle School in orange (BBMS); 1 High School in orange (BBHS)

We are addressing these issues with:

-Continued professional development and curriculum alignment to California math standards (Action Item 1.6, pg 53)

-Continued support for math interventions during the day and afterschool; purchasing of supplement materials and online program to support academic achievement in math (Action Item 1.16, pg 70)

-Continued TK-5th grade meetings three times a year to adjust pacing, revise common assessments, and increase knowledge of evidence-based practices to inform classroom instruction and strategies (Action Item 1.8, pg 59)

-Continued 6-12th math department meetings and trainings to align instruction with content standards and analyze student assessment data (Action Item 1.8, pg 59)

*LEA CAASPP ELA scores in Orange

1 Elementary School in orange (BBE); 1 Middle School in orange (BBMS); 1 High School in orange (BBHS)

We are addressing these issues with:

- Continued alignment of ELA curriculum during department and grade level meetings (Action Item 1.8, pg 59)
- Continued professional development in Thinking Maps, Universal Design for Learning (UDL), and Advancement Via Individual Determination (AVID) (Action Item 1.6, pg 53)

*LEA Suspension in Orange

1 Elementary School in red (BLES); 1 Elementary School in orange (FV); 1 Continuation High School in orange (CT)

We are addressing these issues with:

- Monitoring quarterly data on suspension rates and root causes (Action Item 1.18. pg 74)
- A focus on Social Emotional Learning (SEL) with supplemental curriculum that teaches students to collaborate and problem solve to foster positive relationships with their peers and adults (Action Item 2.10, pg 104)
- Continued professional development with counselors, teachers, and administration on alternative means of correction (Action Item 2.8, pg 102)
- Continued professional development for para-professionals in strategies to support students in their educational environment (Action Item 1.30, pg 89)

*College and Career Readiness Indicator is at 28% Prepared (However this is incorrect data as it shows A-G rate as 0%, which is not correct. This will be remedied by 2019 data.)

We are addressing these issues with:

- Continued implementation of Career Cruising in which students develop a portfolio of career and college choices, explore college and career options online, and set up their own individual four-year educational plan, to be modified annually
- Expanded implementation of Achievement Via Individual Determination (AVID) to include two sections (9th grade and 10th grade) (Action Item 1.17; pg 73)
- Expanding CTE offering to include four sections of Auto Fundamentals/Maintenance and Cyber Security I and II (Action Item 3.4, pg 113)
- Continued promotion of a College going culture via college tours and guest speakers (Action

Item 3.6, pg 115)

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Students with Disabilities (ELA, Suspension)

All students ELA: 19.4 below level 3 (yellow); Students with Disabilities: 109.8 below level 3 (red)

All students suspension: 4.4% (green); Students with Disabilities: 11.1% (orange)

We are addressing these issues with:

- Continued training for Special Education and General Education teachers in classroom strategies to specifically address the needs of these students (Action Item 1.21, pg 78)
- Reorganization of Special Education class structures to ensure students are placed in the appropriate setting to provide the least restrictive environment
- Continued focus on alternative means of correction and Restorative Justice practices (Action Item 2.8, pg 102)
- Training for para-professionals in strategies to support students in their educational environment for all students (Action Item 1.30, pg 89)

Homeless (Chronic Absenteeism)

All student Chronic Absenteeism rate: 13.9% (yellow); Homeless: 25% (red)

We are addressing these issues with:

- the use of a comprehensive program (A2A) to better monitor absenteeism (Action Item 1.18, pg 74)
- a position dedicated to student services support with a focus on our homeless population (Action Item 2.7, pg 100)

English Learners (Suspension)

All student suspension rate: 4.4% (green: decrease of .4%); English Learners: 3.4% (orange: an increase of .3%)

We are addressing these issues with:

[Type here]

[Type here]

- Monitoring monthly data on suspension rates and root causes (Action Item 1.18. pg 74)
- A focus on Social Emotional Learning with supplemental curriculum that teaches students to collaborate and problem solve to foster positive relationships with their peers and adults (Action Item 2.10, pg 104)
- Continued professional development with counselors, teachers, and administration on alternative means of correction (Action Item 2.8, pg 102)
- Continued professional development for para-professionals (English Learner Aides) in strategies to support students in their educational environment (Action Item 1.30, pg 89)

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Performance Gaps

Some of the most significant ways Low Income, English Learners, and Foster Youth will be addressed are:

- Continued monitoring of Absenteeism with the Achievement Initiative system, a comprehensive accountability program for attendance with unduplicated count students (Action Item 1.18, pg 74)
- Continued provision of multiple intervention opportunities (Action Item 1.16, pg 70)
- Hiring of a School Resource Officer (SRO) to promote positive relationships with students and their sense of safety on campus (Action Item 2.9, pg 103)

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

n/a

[Type here]

[Type here]

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

n/a

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

n/a

Annual Update

LCAP Year Reviewed: 2018-2019

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

Increase percent of students who are on track to graduate college and career ready

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 4, 7, 8

Local Priorities: District Strategic
 Academic Excellence
 1.1 Academic Performance
 1.2 Align Curriculum
 2.1 Expand Curricular Program
 Site School Accountability Report Cards

Annual Measurable Outcomes

Action 1.4

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
The CT Secretary works directly with students to apply for free and reduced meals, complete scholarship applications, and assist with arranging transportation for homeless students via local mountain transit. Due to the enrollment of 40 at risk students with three Teachers, it is not necessary to provide instructional Aides, however the aides provide additional support to students with one on one interactions and interventions to facilitate the bridging of the academic achievement gap of the school which is 95% unduplicated students. At CT, in addition to core education, enrichment/intervention classes are provided to students to assist them in their college and career goals.	For this year, we provided a full time secretary at CT to allow her to interact with students on a personal and daily basis. Although the school ranged from 35 – 41 throughout the year, with the support of the secretary and classroom aides, the culture and relationships continued to show growth. As a result, 17 students will be graduating this spring.	\$110,914 LCFF SCG RS 0006 Teacher Salaries Classified Salaries Benefits	Certificated Salaries \$144,231 Classified \$23,819 Benefits <u>\$53,848</u> Total: \$221,898

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We continue to focus on student achievement as we look for the best ways to support our students. Professional Development continues as we provided Thinking Maps introduction and follow up training all year long. Thinking Maps helps students visualize their cognitive processes as they organized data in a map and then are taught how to write from the map. In addition, AVID strategies

[Type here]

[Type here]

were presented and utilized 9-12 grades. Universal Design for Learning (UDL) was also introduced to the Leadership team and a few select teachers. This will be brought back at a more district wide level in 2019 – 2020.

To facilitate Next Generation Science Standards, 7th – 8th grade piloted Houghton Mifflin Harcourt Science Dimensions curriculum as we continue to align Science instruction with NGSS. California Science Project presented a two-day training to work with teachers to deepen teacher awareness of the CA Next Generation Science Standards and the instructional shifts required for their implementation. Elementary teachers used Mystery Science to promote NGSS standards at their level.

Additional instructional supports were offered online for K-8 and Chautauqua implemented a new online program, Edmentum, for credit recovery for students.

While Grade level and departmental meetings took place to create common pacing and local assessments. Intervention continues to be offered during the day and after school at all sites. Transportation was provided for Baldwin Lane, North Shore, Big Bear Elementary, and Big Bear Middle schools to facilitate student attendance in after school programs.

While many new initiatives were implemented this last year, we are confident that student achievement will rise over time.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Multiple measures, including CAASPP scores, local assessments, i-Ready diagnostics are used to measure overall effectiveness of the intervention programs. In the EAP for ELA, we've increased our scores from 28% (2015) to 61% (2019). In the EAP for math, we increased our scores from 18% (2015) to 31% (2019). District wide CAASPP scores in ELA went from 35% (2015) - 44% (2018), and in math from 23% (2015) to 29% (2018). BVUSD continues to implement professional learning and provide needed standards aligned core and supplemental materials and is confident that the scores will continue to rise.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action Item 1.4 – Due to increase of salary and benefits and even though the enrollment numbers dropped, 3.0 FTEs were maintained for the rest of the year.

Action Item 1.6 – Alternative grant monies and funding sources were used.

Action Item 1.7b – Due to declining enrollment, it was not necessary to purchase the expected number of student licenses.

Action Item 1.18 – Original quote that was presented to the district, however final quote for our district needs came in less.

Action Item 1.19 – Due to prior year carry over, sites spent additional funds.

[Type here]

[Type here]

Action Item 1.21 – Due to additional grants/funding sources received for professional development, Title I funds were used to pay Title I employees.

Action Item 1.22 – Alternative grant monies and funding sources were used.

Action Item 1.25 – Due to declining enrollment, it was not necessary to employ as many bi-lingual aides

Action Item 1.26 – Employee resigned partway through the year and the position was not filled.

Action Item 1.27 – An additional .2 FTE was added to provide independent study services for increased student need

Action Item 1.28 – Additional teacher was not needed due to declining enrollment.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In our goal of increasing student achievement as we prepare them for college and career readiness, we have:

- * Due to declining enrollment, Big Bear High School principal will take over as the principal at Chautauqua and the secretary hours and the number of instructional aides will be modified. (Action 1.4, pg 49)
- *Added Edmentum supplemental online curriculum for credit recovery in Chautauqua High School was purchased to replace the APEX curriculum which was no longer meeting student needs. (Action item 1.7, pg 55)
- *Revised .4 FTE District Wide English Learner Coordinator to a .5 FTE due to increased responsibilities for this position including the provision of parent education and resources. (Action Item 1.11, pg 63)
- *Embedded the FBET program to be part of EL Coordinator responsibilities as the employee previously running the program no longer works for BVUSD. (Action Item 1.15, pg 68)
- *Reduced the LCAP Intervention Specialists of 1.5 FTE at Baldwin Lane and North Shore to .5 FTE at North Shore Elementary only due to declining enrollment at each site. (Action Item 1.16, pg 70)
- *Reduced Elementary Title I Intervention Specialist from 1.0 FTE at Big Bear Elementary, North Shore, and Baldwin Lane to .5 FTE at BBE, 1.0 at NS, and 1.0 at BLES due to declining enrollment. (Action Item 1.16, pg 70)
- *Increased AVID offerings from one 9th grade section to two, one in 9th grade and one in 10th grade to continue the building of this college and career readiness program. (Action Item 1.17, pg 73)
- *Removed the position of an additional teachers to Fallsvale Elementary School due to declining enrollment. (Action Item 1.28, pg 87)
- *Added academic support for Students with Disabilities due to need for additional support for this student group based on CAASPP and local assessment academic scores. (Action Item 1.29, pg 88)

[Type here]

[Type here]

*Added professional development for para-professionals due to our continued efforts at building capacity within our staff. (Action Item 1.30, pg 89)

*Removed the position of High School Instructional aide due to the resignation of the current employee and due to declining enrollment, there was no need to fill the position. (Action Item 1.26, pg 84)

*Removed the position of an additional teacher at Fallsvale Elementary due to declining enrollment negating the need to fill this position. (Action Item 1.28, pg 87)

Goal 2

Provide an educational setting that is conducive to learning

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 6

Local Priorities: District Strategic Plan

4.4 Increase Maintenance and Operations Capacity Facility Inspection Tool

Annual Measurable Outcomes

Expected	Actual
1a. Provide highly qualified and credentialed teachers trained in CA State Standard Implementation Strategies State Metric: Teacher Misassignment Rate Expected 2018-19: Maintain 0% mis-assignments	2018-2019: 0% mis-assignments
1b. % of students receiving instruction in CA State Standards with aligned materials Expected 2018 – 2019: 100%	2018-2019: 100%
2. School Climate/School Connectedness Local Metric: CA Healthy Kids Survey (administered every other year) Expected 2018-19: 5 th : 70 % 7 th :75% 9 th : 70% BBHS:11 th :65% CT: 11 th :65%	2018-2019: will be administered in 2019-2020
3a. Continue to meet required class size reduction progress under LCFF (24:1)	2018-2019: maintain 22.4 to 23.1 on average

Fund Health Aides at each school site	Health Aides at each site provided student support in the areas of wellness and medical needs.	\$78,278 LCFF SCG RS 0006 Classified Salaries Benefits	Salaries \$62,688 Benefits <u>\$5,702</u> Total: \$68,390

Action 2.7

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
The Student Support program works directly with students in need to provide food cards, gas cards, and clothing for the homeless and economically challenged. Additionally, the Student Support program works with the Department of Behavioral Health (DBH), Lutheran Social Services, and other local support agencies to meet the needs of our unduplicated count students.	This program was modified this year due to grant funding restrictions. Bear Valley partnered with Lutheran Social Services to support unduplicated count students and provide the needed support with food cards, gas cards, and clothing for the homeless and economically challenged.	\$133,395 LCFF SCG RS 0006 Classified Salaries Benefits	Salaries \$67,276 Benefits <u>\$42,450</u> Total: \$109,726

Action 2.8

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Restorative Justice training/program implementation	Restorative Justice training was implemented at Chautauqua High School to support teachers and students as a conflict resolution process.	\$10,000 LCFF SCG RS 0006 Services/Operating Expenditures	\$0

Analysis

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The focus of this goal is to provide an atmosphere of safety and acceptance, so students can focus on learning. The services and actions provided are in the form of social emotional support, attendance to physical needs in the way of clothing and school materials, as well as referrals to medical/dental and mental health services to ensure students’ basic needs are met so they can focus on learning.

In addition, we maintain safety assistants at the secondary sites to make sure students felt safe on campus.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

For the past year, elementary schools and the middle school continued to implement Positive Behavioral Interventions and Support (PBIS) school wide to mitigate student behaviors and offered options to teachers while dealing with struggling students. At the secondary level, counselors continue to monitor student behaviors and offer counseling and support for students who demonstrate a need.

During Leadership meetings, alternatives to suspension were discussed as this continues to be an area of challenge. In response to the challenges presented by suspension rates, additional training was provided in the areas of de-escalation, alternatives to suspension, and Restorative Justice. The coding of disciplinary practices in the student information system was revised to better reflect actual incidents. As a result, there was a district wide reduction of suspension rates, specifically in the student groups of Foster Youth (declined 13%) and Students with Disabilities (declined .8%). Four out of seven schools are now in Green on the California Dashboard.

[Type here]

[Type here]

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action Item 2.5 – Due to funding from the Community Development Block Grant (CDBG) grant, these funds were not expended.

Action Item 2.6 – Due to employee turnover and the need for several long term substitutes in the positions, the cost was less than budgeted.

Action Item 2.7 – Due to the retirement of the Healthy Start Manager and the reclassification of the position to a non-management position due to declining enrollment, the cost was less than budgeted.

Action item 2.8 – This service was provided by Desert Mountain Special Education Local Plan Area (SELPA) at no cost.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In our efforts to continue to provide an educational setting conducive to learning, the following has been done:

*In anticipation of the expansion of Big Bear Middle school to include grades 6 – 8, an additional 3.75 hour safety assistant was hired (Action Item 2.2, pg 94)

*The existing position of a Probation Officer will be eliminated due to the procurement of a School Resource Officer (SRO) (Action Item 2.3 pg 96)

*To better meet the needs of students and continued support of all stakeholders on school sites, a Student Resource Officer will be hired. (Action Item 2.9, pg 103)

*A TK – 12 Social Emotional Curriculum will be implemented district wide to promote student collaboration, self-regulation, and continued support for student social and emotional needs. (Action Item 2.10, pg 104)

*To better support some of the Students with Special Needs, flexible seating will be purchased (Action Item 2.11, pg 105)

Goal 3

Increase engagement level of students

State and/or Local Priorities addressed by this goal:

Action 3.10

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Provide league transportation for sports teams</p> <ul style="list-style-type: none"> • Middle School • High School 	<p>League transportation was provided for Middle School and High School athletic teams to support their involvement in the High Desert League.</p>	<p>\$34,000 LCFF B Services/Operating Expenditures</p>	<p>Services \$38,393</p>

Action 3.11

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Sensory tools/devices to support students in Special Education classes	Various sites purchased flexible seating, bite necklaces, weighted vests, and different manipulatives.	\$5000 LCFF Base/Goal 5770 Books and Supplies	Instructional Materials \$4,314

Action 3.12

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Transportation contribution above \$837,000 Base amount	Transportation was provided to and from school TK - 12 all students that needed it in the Bear Valley Unified school district	\$33,000 LCFF SCG RS 0006 Tires/Fuel/Oil	Fuel #33,000

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

BVUSD is committed to providing an engaging atmosphere in which all students are supported and offered innovative learning opportunities. In 2018-2019, instructional technology in the classroom continued to be supported and this year a refreshing of 775 chrome books and 225 iPads was completed to ensure students have access to updated fully functional devices. In addition, BVUSD will be hosting CUE (Computer Using Educators) Rock Star conference in June, 2019 where teachers will learn technology integration strategies in the classroom while integrating the 4 Cs (communication, collaboration, critical thinking, creativity). STEAM night continues to expand and includes student presentations from all BVUSD sites. Our music/drama departments continue to grow as students participated in multiple drama productions K-12 and students will travel to Europe with

[Type here]

[Type here]

the Strings program in the summer of 2019. Multiple awards were won in choral and string competitions as well as in Rube Goldberg competition where BBMS students took second place nationally out of 1800 middle schools. Our sports program continues to advance to the CIF level, several sports winning at the league level. In the Career Technical Education (CTE) program, the Auto Fundamentals/Service classes continued to remain full and in 2019-2020, and we will be offering four sections per student request. As well, in 2019-2020, we will be offering both Cyber Security I and II.

After school enrichment programs for over 300 Elementary and Middle School students provide access to Robotics, Yoga, Dance, Cooking, Spanish, Coding, Art etc.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

As evidence by our successful sports and Visual and Performing Arts programs, student continue to be engaged and involved at the various activities at the school sites.

The quantitative data also shows a high level of engagement. Our Middle School and High School drop-out rates remain low (2016-2017 MS – 0%; HS – 1.5%) and our Big Bear High School cohort graduation rate remains high at 95.8%.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action Item 3.2 – Due to declining enrollment and change in “end of life” dates for technology, the technology sustainability plan is being revised.

Action Item 3.3 – School sites did completely spend these funds as other funding sources were used to supplement STEM activities.

Action Item 3.4 – Classes were collapsed or not offered due to declining enrollment.

Action Item 3.7 – Due to declining enrollment, not as many after school programs were needed.

Action Item 3.10 – Transportation cost is based on progress of athletic team performance in league competition. There was a need for more than the budgeted amount for transportation due to successful league standings.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

*A change to this goal was to add the words “and families” to the goal itself, which now reads:

“Increase Engagement Levels of Students and Families”. One of the ways this will be addressed is the implementation of parent education and the work towards creating a parent resource center. This

is part of the responsibility of the District Wide English Learners Coordinator. (Action Item 1.11, pg 63)

*Removed the need for particular technology licenses as we have switched to wireless programs. (Action Item 3.1, pg 109)

Stakeholder Engagement

LCAP Year: 2019-2020

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

For the 2018-2019, there was one meeting on February 11, 2019. Each administrator brought two staff members, two teachers, two parents, and two students. In addition, parents of English Learners, parents of students with disabilities, Credentialed/Classified Staff Association Representatives, county child welfare and foster youth representatives, and community members were in attendance. This meeting was open to all stakeholders and additional participants attended and contributed ideas. At the meeting, academic and school climate data was shared from CAASPP scores, state data (CA Dashboard), Youth Truth, and local surveys. The LCAP goals were reviewed and then the 35 attendees were split into three different groups facilitated by a principal. Each group discussed each goal and the current Actions and Services in turn and identified what was working and what needed adjustments. In addition, new areas of need were listed.

In addition to this meeting, a district wide Parent Involvement survey was sent out, which included questions referring to Title I, school culture, and opportunities for parents to be involved. Links to the surveys were posted on the District Website and Facebook pages and hard copies were made available in the District Office.

Also, input from approximately 150 students was gathered during an LCAP presentation in the Government/Economic classes at BBHS.

On May 6, the LCAP committee met to review additional data from the Governing Board dashboard (local data), local surveys, Student Tracker, and Youth Truth as well as the outcome from their input in February, the data from the survey, and input from the student meetings. A new list of revised Actions and Services for the 2019-2020 school was reviewed.

Public Hearing of the LCAP: June 17, 2019

Governing Board adoption of the LCAP: June 19, 2019

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

At each of the LCAP budget meetings, input was gathered regarding the Goals, Actions and Services, and Annual Measurable Outcomes. Based on the discussions and written input from the meetings and various surveys, it was decided to keep the same three goals from the previous year expect the minor modification to Goal #3 to add “families”, so it now reads “Increase engagement of students and families”.

After multiple conversations at the meetings, several areas of focus were determined to be:

*A need for Restorative Justice practices due to suspension rates and the dropping of student engagement and connectedness as evidenced by Youth Truth Survey

*Attention to Chronic Absenteeism which adversely affects learning

*Increased Career Technical Educational classes

*Increase attention to preparing students for college readiness

*Continued intervention offerings for struggling students

Current and suggested Actions and Services were discussed based on feasibility and costs. Data was examined to ascertain the effectiveness of implemented programs in relation to cost.

The priorities and objectives listed above were addressed in a draft of the LCAP that was then posted on the district website for review by all stakeholder. This information was then taken into account when creating the final LCAP for Governing Board approval.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA’s goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged

Goal 1

Increase percent of students who are on track to graduate college and career ready

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 4, 7, 8,
 Local Priorities: District Strategic
 Academic Excellence
 1.1 Academic Performance
 1.2 Align Curriculum
 2.1 Expand Curricular Program
 Site School Accountability Report Cards

Identified Need:

1. As BVUSD analyzed CAASPP data (2019 EAP: ELA 59%; math 34%; 2018 3rd – 8th /11th ELA: 44% overall; math: 29% overall), while we increased across the board, it was clear that we still need to increase the level of performance in both math and ELA, to support our goal of students graduating college and career ready.
2. To better support student achievement, we continue to hold professional development and training in the use of our California Content Standards aligned core curriculum in math (adopted 2016-2017) and ELA (adopted 2017-2018). We continue this support as we move into piloting Next Generation Science Standards curricula and the implementation of NGSS standards in the classrooms by partnering with the California Science Project to deepen teacher understanding and implementation of the standards.
3. Because of the shifting in testing from the CELDT to the ELPAC, there are no new AMAO scores at this point. However, we continue to focus on reclassifying qualified students (reclassification rate 2019: 16.8% local data) which will support their goal of graduating college and career ready. The adopted ELA curriculum has a significant component to address the needs of our English Language Learners and professional development will continue to be provided throughout the year to support teacher implementation of the new materials.
4. Based on the current completion rate of CTE pathways and the input from students/parents/staff/community members calling for an increase in CTE offerings and a focus on authentic learning opportunities was a priority, we need to increase the percent of students taking CTE course who complete a CTE pathway (2017: 37.5; 2018: 9%). The challenge of declining enrollment and limited staff with CTE credentials remains. In response to that challenge, we are focusing on developing further the pathways already in existence (Information and Communication Technology, Transportation, Health Science and Medical Technology) by adding additional sections of Automotive and Cyber Security.

Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
1a. A-G completion rate State Metric: Share of pupils that are college and career ready Local Metric: % completing UC/CSU required classes	2015: 35.4% 2016: 26.6% 2017: 42%	37%	45%	47%
1b. CTE pathway completion rate State Metric: Share of pupils that are college and career ready Local Metric: % of students taking CTE course who completed a sequence of courses	2015: 0% (<i>this was due to a class coding issue – but it is what was reported</i>) 2016: 37.5% of the 168 students who took CTE classes completed a sequence (per local CALPADS) 2018: 9%	40%	15%	20%
1c. % of seniors seeking post secondary education Local Metric: Student Tracker	2015: 51% 2016: 46% 2017: 51%	51%	58%	65%
1d. %of students EAP ELA college ready	2015: 27% 2016: 41% 2017: 52% 2018: 49%	57%	57%	65%

<p>Action/Service 1.4a from 2017-2018 has been moved to 1.7a. Action/Service 1.4b from 2017-2018 has been moved to 1.7b.</p>	<p>The CT Secretary works directly with students to apply for free and reduced meals, complete scholarship applications, and assist with arranging transportation for homeless students via local mountain transit. Due to the enrollment of 40 at risk students with three Teachers, it is not necessary to provide instructional Aides, however the aides provide additional support to students with one on one interactions and interventions to facilitate the bridging of the academic achievement gap of the school which is 95% unduplicated students. At CT, in addition to core education, enrichment/intervention classes are provided to students to assist them in their college and career goals.</p>	<p>Due to declining enrollment and the moving of Chautauqua High School's location to Big Bear High School's campus, the administration and secretarial duties have been changed. Big Bear High School principal will also be the principal at Chautauqua. The CT Secretary hours and the number of instructional aides will be modified due to declining enrollment.</p>

Goal 2

Provide an educational setting that is conducive to learning

State and/or Local Priorities addressed by this goal:

State Priorities: 1
Local Priorities: District Strategic Plan
4.4 Increase Maintenance and Operations Capacity Facility Inspection Tool

Identified Need:

1. Due to the necessary implementation of CA State Standards aligned curriculum and a review of our CAASPP data, it is imperative to provide highly qualified and credentialed teachers trained in State Standards implementation strategies to support and educate our students in an environment that is conducive to learning.
2. In looking at student climate data: local Youth Truth data: the percent of students that agree/strongly agree that they enjoy coming to school has decreased: Big Bear High School- from 36% to 32%; Chautauqua High School – from 56% to 41%; Big Bear Middle School – from 52% to 34%. We recognize the need to ensure students feel emotionally and physically supported and safe on campus.
3. To continue to meet the academic and social needs of our TK – 3rd grade students, we need to maintain the 24:1 ratio at those grade levels.
4. To provide students with a positive learning environment, we feel the need to continuously improve facility cleanliness and maintenance at all sites. We use the Facility Inspection Tool (FIT) reports to annually self-evaluate our sites.

Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
1a. Provide highly qualified and credentialed teachers trained in CA State Standard Implementation Strategies State Metric: Teacher Misassignment Rate	2015: 0% mis-assigned 2016: 0% mis-assigned	Maintain 0% mis-assignments	Maintain 0% mis-assignments	Maintain 0% mis-assignments
1b. % of students receiving instruction in CA State Standards with aligned materials	2015:100% 2016: 100%	100%	100%	100%
2. School Climate/School Connectedness	*5 th grade students feel connected to their school (2016 -	5 th : 60%	N/A	5 th : 70 %

Instructional Materials

(Select from New Goal, Modified Goal, or Unchanged Goal)

Modified Goal

Goal 3

Increase engagement level of students and families

State and/or Local Priorities addressed by this goal:

State Priorities: 3, 4, 5,
 Local Priorities: District Strategic Plan
 2.1 Expand Curricular Program
 2.2 Increase Technology Access
 2.3 Enhance Career Pathways

Identified Need:

1. When looking at our attendance data and the upcoming metric of chronic absenteeism, and after talking about the importance of making sure our students attend school to facilitate their learning, we felt the need to increase attendance rates (as of 4/31/19: Attendance rate: 94.3%)
2. As we continue to engage parents at all levels, a new survey was created and sent out asking questions regarding parent levels of engagement and involvement at their child(ren)'s site. The results show a need to increase parent attendance at district/site decision making meetings as only 35% of those that responded indicated they attended these types of meetings. 70% of the respondents indicated that they believed their voice was important for these decisions and 70% of those who responded indicated they had been invited to participate in these meetings. We believe there is need to increase parental involvement on multiple levels to ensure student success and are exploring ways to invite participation and allow all stakeholder voices to be heard.
3. After reviewing the Physical Fitness results, we want to continue to improve quality of the sports and physical education programs district-wide (Students meeting 5 out of 6 Physical Fitness standards: (2016: 5th – 58.0%; 7th – 66.5%; 9th – 68.4%; 2017: 5th – 49.5%; 7th – 66.1%; 9th – 72.9%; 2018: 5th – 56.5%; 7th – 77.2%; 9th – 70.4%)

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2019-2020

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
\$4,575,557	23.20%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

BVUSD has always offered a comprehensive academic program to ensure student success. In an effort to support ALL students, including unduplicated, we are adding/continuing the following Actions and Services:

- *Ensure TK – 3rd small class sizes of 24:1 to promote student achievement and standards mastery; allow more one to one interaction and small group instruction and interventions (Action 1.2, pg 47, LEA wide)
- *Continue implementation of The Achievement Initiative (A2A) (Action Item 1.18 pg 74, LEA wide) to address chronic absenteeism as our current rate is 13.9% (CA Dashboard). We recognize the need to monitor and analyze the data to better support these students to increase attendance. This program provides a platform for parent communication as well as a multitude of reports to inform and facilitate attention to this issue.
- *The Student Services Support Liaison (Action item 2.7 pg 100, LEA wide) works directly with students in need to provide food cards, gas cards, and clothing for the homeless and economically challenged. Additionally, the Student Services Support Liaison works with the Department of Behavioral Health (DBH), Lutheran Social Services, and other local support agencies to meet the needs of our unduplicated count students.
- *Continue Restorative Justice training/program (Action item 2.8, pg 102, LEA wide) to address our suspension rates, specifically in our students with disabilities.
- *Increase Career Technical Education pathways (Action Item 3.4, pg 113, BBHS) to include an additional Cyber Security class and additional Automotive classes per a continued effort to expand options in the career pathways to better prepare students for careers post- graduation. The need to provide these types of classes is always on the priority lists from community members, parents, students, and teachers.
- *Increase offerings of Advancement Via Independent Determination (AVID) class at Big Bear High School (Action Item 1.17, pg 73, BBHS) in order to increase the percentage of students graduating prepared for college and provide additional support as these students pursue a rigorous curriculum. We will have both a 9th grade and 10th grade AVID class.
- *Maintain Bilingual aides to better support our English Learners in the classroom (Action Item 1.25, pg 82, LEA wide)
- *Increase number of safety assistance at Big Bear Middle School to support the transition to a 6th – 8th grade site (Action Item 2.2, pg 94, BBMS)

In addition to the above services funded by Supplemental and Concentration Grant, we are also using different funds to bring the following to BVUSD:

- *Supply supplemental materials and instructional supplies to specifically support English Learners as well as provide targeted professional development for teachers to support effective instructional strategies for English Learners (Action Item 1.23, pg 81, School wide).
- *Continue to utilize Ellevations as a monitoring system of English Learners and Long-Term English Learners in attendance and academic performance and progress. (Action Item 1.24, pg 82, School wide)
- *Continued Professional Development in the areas of Thinking Maps, AVID, Universal Design for Learning, and CA Science Project to prepare students in all academic areas (Action Item 1.21, pg 78, School wide)

In addition to the above services, Actions 1.3, 1.5, 1.6, 1.7a, 1.7b, 1.13, 1.16, 1.20, 1.30, 2.5, 2.6, 2.9, 3.2, 3.3, 3.8, 3.12, and 3.13 are districtwide services principally directed toward unduplicated students; Actions 1.4, 1.27, 2.3, 2.4, 3.5, 3.6, 3.7, and 3.9 are schoolwide services principally directed toward unduplicated students, and Action 1.12 directly supports unduplicated students. Each of these actions provide additional services to unduplicated students above the MPP of 23.20%.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$4,227,779

21.86%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

BVUSD has always offered a comprehensive academic program to ensure student success. In an effort to support ALL students, including unduplicated, we are adding the following Actions and Services:

*Ensure TK – 3 small class sizes of 24:1 to promote student achievement and standards mastery; allow more one to one interaction and small group instruction and interventions (Action 1.2, pg 47, LEA-Wide)

*Implementation of The Achievement Initiative (Action Item 1.18, pg 75; LEA Wide) to address chronic absenteeism as our current rate is 17.3%. We recognize the need to monitor and analyze the data to better support these students to increase attendance. This program provides a platform for parent communication as well as a multitude of reports to inform and facilitate attention to this issue.

*Implement Restorative Justice training/program (Action item 2.8, pg 83) to address our suspension rates, specifically in our students with disabilities.

*The Student Support program (Action item 2.7, pg XX) works directly with students in need to provide food cards, gas cards, and clothing for the homeless and economically challenged. Additionally, the Student Support program works with the Department of Behavioral Health (DBH), Lutheran Social Services, and other local support agencies to meet the needs of our unduplicated count students.

*Increased Career Technical Education pathways (Action Item 3.4, pg 92) to include Cyber Security class per a continued effort to expand options in the career pathways to better prepare students for careers post-graduation. The need to provide these types of classes is always on the priority lists from community members, parents, students, and teachers.

In addition to the above services funded by Supplemental and Concentration Grant, we are also using different funds to bring the following to BVUSD:

*Implementation Advancement Via Independent Determination (AVID) class at Big Bear High School (Action Item 1.17, pg 59) in order to increase the percentage of students graduating prepared for college and provide additional support as these students pursue a rigorous curriculum.

[Type here]

[Type here]

*Supply supplemental materials and instructional supplies to specifically support English Learners as well as provide targeted professional development for teachers to support effective instructional strategies for English Learners (Action Item 1.23, pg 66).

*Purchased Ellevations (Action Item 1.24, pg 68), as monitoring system of English Learners and Long-Term English Learners in attendance and academic performance and progress.

In addition to the above services, Actions 1.3, 1.4, 1.5, 1.6, 1.7, 1.7b, 1.13, 1.16, 1.20, 1.30, 2.5, 2.6, 2.9, 3.2, 3.3, 3.8, 3.12, and 3.13 are districtwide services principally directed toward unduplicated students, Actions 1.4, 1.27, 2.3, 2.4, 3.5, 3.6, 3.7, and 3.9 are schoolwide services principally directed toward unduplicated students, and Action 1.12 directly supports unduplicated students. Each of these actions provide additional services tounduplicated students above the MPP of 23.20%.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$ 2,731,963

14.02%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

In order to meet our MPP of 14.02% to increased and improved services over prior year, please see below:

* Hire a full time CT Principal for Chautauqua School, which has a 90% Unduplicated count; previously, the BBHS Principal was over both BBHS and CT. 50% of CT Principal total compensation will be paid from

[Type here]

[Type here]

Supplemental and Concentration funding as this position will provide counseling services and intervention support.

- * Professional development will be provided in 2017-2018 to implement Advancement Via Independent Determination (AVID) class at Big Bear High School (2018-2019)
- * Expand Summer school for middle school and high school students needing additional intervention and support in math at the Middle School level and needing credit recovery at the High School level.
- * Include English and continue to offer math for after school intervention at the High School: 2 days a week for 2 hours in each content area
- * To retain and attract highly qualified staff and hire additional teacher to reduce class size, we negotiated a 1% increase and \$500 additional to health and welfare insurance cap at an estimated cost of \$284,506 paid from Supplemental and Concentration funds.
