## 2017-20 Plan Summary

### The Story

Describe the students and community and how the LEA serves them.

Folsom Cordova Unified School District is a large suburban district that spans the cities of Folsom and Rancho Cordova just east of the state Capitol. Our district has three comprehensive high schools, five continuing and alternative education schools, four middle schools, 20 elementary schools, one charter school, and preschool and adult programs serving over 20,000 students.

FCUSD's educational program has largely been constructed by teachers who, because of board and administrative support and vision, have been given the opportunity to develop a comprehensive standards-based curriculum delivered through a wide range of instructional strategies. The district continues to develop and improve upon these strategies through ongoing collaboration and professional development. The goal: ensuring all students are college and career ready by the time they graduate from FCUSD.

Much of FCUSD's success is a result of active parent and community engagement designed to build understanding and support for district-related activities. The parent-teacher-student organizations provide educational enhancement for every student by supporting FCUSD's academic and extracurricular programs. Community partners, such as the Folsom Cordova Education Foundation, provides additional resources for individual teachers and programs. Parents are also a vital part of the FCUSD policy and decision making process as members of the Superintendent's Communication Committee.

FCUSD's economic sector is home to global corporations, including Intel, Aerojet, Kaiser Permanente, and Verizon (each recognized leaders in their respective industries). Supporting the academic focus of the FCUSD are two outstanding academic institutions: California State University, well known for its teacher education program, as well as its engineering and computer science programs; and Folsom Lake College, with two state of the art campuses, located a short distance

from our high schools. Both institutions are an integral part of the Sacramento region, with numerous educational opportunities for our students and teachers.

## LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Working closely with stakeholders throughout the district, four goals have been identified for focus within the next three years.

- Goal 1 - All students will receive instruction from a highly-qualified teacher and have access to curriculum which promotes college and career readiness. (State Priority 1)
- Goal 2 - Increase parent and student engagement and provide a safe, healthy, and positive learning environment. (State Priority 3, 5 and 6)
- Goal 3 - Provide students with high quality classroom instruction and access to a broad course of study. (State Priority 2, 4 and 7)
- Goal 4 - Student progress and educational outcomes will be monitored for success using assessment results. (State Priority 4 and 8)

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

Folsom Cordova Unified School District has much to celebrate. Base on the indicators of progress and the California Dashboard the following areas were identified for distinction:

- English Learner Progress (+2.6%)
- Graduation Rate (97%)
- English Language Arts (19 schools increased their Distance from level 3)
- Mathematics (20 schools increased their Distance from level 3)
- Implementation of Town Hall meetings as a method to engage stakeholders in a purposeful way.

The districts will build upon its success by focusing on increasing individual and organizational capacity through professional learning opportunities directly connected to our LCAP goals. In addition, increased stakeholder input will enhance our ability to respond to community needs and expectations.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## Greatest Needs

Folsom Cordova Unified School districts (FCUSD) aggregate achievement data continues to be exemplary when compared to other schools in California. While FCUSD didn't have any state indicators in the "Red" or "Orange" performance levels, we have identified a need to focus on improving student performance on the suspension indicator by specifically focusing on the continued implementation of PBIS (Goal 2, Action 4) and positive alternatives for suspensions district wide (Goal 2, Action 4). In addition, as a result of our improved stakeholder engagement processes, we have identified the need to increase student connectedness and services to Foster Youth.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

## Performance Gaps

Suspension rate data shows that Homeless, Socioeconomically Disadvantaged, Students with Disabilities African American, and Pacific Islanders' students are two levels below the "all students" performance. To address the gap, the following actions and services are included:

- Decrease all suspension incidents by 2% (to 1624). Keep expulsions below 30, or decrease expulsion incidents by 2%. Closely monitor our system that reports and tracks bullying incidents and create an annual survey focused on school safety and connectedness for parents, staff, and students (Goal 2, Action 4).

To meet this goal, the district is implementing the following strategies and interventions:

1. PBIS: All schools have a PBIS Coach and are implementing PBIS.
2. Specialized training for all administrators focusing on empathy, equity, bullying prevention, LGBTQ, and at-risk students.
3. Monthly meetings for all Principals to analyze data and implement interventions.
4. Utilizing district resources (counselors, school social workers, and mental health specialists) to implement restorative practices, counseling, skills groups, and possible referral to outside agencies for our at-risk students.
5. Change of discipline policies. Example, first time marijuana and alcohol offenders will receive counseling and a reduction in the number of days of suspension.

Graduation rate of Students with Disabilities and Two or more Race subgroups are two levels below the "all students" performance. To address the gap the following actions and services are included:

- Utilize Lead to support teachers with first instruction and design intervention.
- Provided extended learning before and after school, summer school for 9-12 and Boost for K-8.
- Hired intervention teachers to support student not meeting grade level standards in ELA and Math.
- Continue ongoing assessment and early identification of deficits and interventions; utilize resources to identify effective strategies (Goal 4, Action 1) to provide students support.
- Provide math support at secondary schools with high-need students (Goal 4, Action 1).

- Identify appropriate curriculum and supports for special education students (Goal 4, Action 1).

Foster Youth, Homeless, Students with Disabilities, African American, American Indian, and Pacific Islander subgroups performance on the CAASPP English Language Arts is two levels below the “all students” performance. To address the gap the following actions and services are included:

- Student progress and educational outcomes will be monitored for success using CAASPP test results (Goal 4, Actions 1&2).

Foster Youth, Homeless, African American, Hispanic, and Pacific Islander subgroups performance on the CAASPP mathematics is two levels below the “all students” performance. To address the gap the following actions and services are included:

- Increase the high school graduation rate and decrease the dropout rate for all students including historically underperforming sub-groups (Goal 2, Action 2)
- Student progress and educational outcomes will be monitored for success using CAASPP test results (Goal 4, Actions 1&2)

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

### Increased or Improved services

FCUSD will increase or improve services to low income, English learners, and foster youth through the implementation of the following strategies:

Created increased access to experiential learning; college visits, field trips, vava experiences.

Provided child care to increase access to parent engagement for parents with low income, EL, Foster and Homeless Youth.

Safety: Through the formation of a new district wide Safety Committee, stakeholder feedback has identified the need for additional resources to support safety improvements in the following areas: Prevention and Planning; Security Measures; Threat Response; and Communication. Through the pending development of an action plan based on stakeholder feedback, additional services and expenditures will be identified in both the short and long term.

## Budget Summary

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures For LCAP Year	\$218,765,804
Total Funds Budgeted for Planned Actions/Services to Meet The Goals in the LCAP for LCAP Year	\$223,039,722.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The district strives to implement its strategic vision toward improving student outcomes while maintaining fiscal responsibility. The LCAP includes 70.3% of the total general fund budget for 2018-19. Expenditures such as Chromebooks, transportation, classroom supplies, network support, utilities and insurance, as well as expenditures from restricted grants such as Title I, Title II, Title III, Maintenance, Mental Health, and other federal, state and local grants are not included in the LCAP. The majority of district general fund expenditures (85%) are used for salaries and benefits to deliver and support services to students (approximately \$185 million).

## Goal 1

All students will receive instruction from a highly-qualified teacher and have access to curriculum which promotes college and career readiness.

1.1 Maintain the appropriate assignment of fully credentialed teachers and provide new teacher support.

1.2 Maintain schools in good repair.

1.3 All students, including English Learners, must have access to curriculum that is aligned to the state standards.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The actions and services associated with this goal have been implemented as planned. The district continues to immerse itself into the implementation of Measure G, a community bond that benefits schools in Folsom, and Measure P, a community bond that benefits schools in Rancho Cordova. The following projects have, or will be completed, as the end of this year: Cordova High School new gymnasium and stadium improvements; Folsom High School new auxiliary gymnasium; Carl Sundahl Elementary modernization/new construction; Oak Chan Elementary modernization/new construction; technology upgrades at Folsom High, Sutter Middle, Theodore Judah Elementary, Folsom Lake High, Folsom Middle, and Carl Sundahl Elementary;

In addition, the district continue to provide certificated staff professional development opportunities aimed at improving the quality of their instruction. Certificated staff had the opportunity to participate in four grade level or content area specific professional development days and one district wide professional development day. New this year was the implementation of professional development targeting classified employees. The district offered all classified employees the opportunity to participate in a district wide professional development day designed to increase their service to students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The district is making progress towards the goal of ensuring all students receive high quality instruction and have access to curriculum that promotes college and career readiness. Through feedback provided by certificated and classified staff the professional development days offered this year have been received very well. In addition, the completion of Measure P and Measure G projects

translates into improved facilities and additional resources for FCUSD students and staff. There are still many projects to be completed, but staff is methodically completing projects.

The District collaborated with the Folsom Cordova Educators Association bargaining unit to implement a variety of strategies to attract and retain highly-qualified teachers. These strategies included; a raise and additional contribution to the benefits package, providing additional preparation time for special education teachers, reviewing and updating job descriptions and working conditions, and providing an additional professional development day.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

1.1A) Certificated salaries increased due to negotiated salary increases for 2016/17 and 2017/18

1.1A) Special Education contribution increased due to higher than projected salaries/benefits as well as program costs.

1.3A) Increase for iLit was due to additional number of licenses purchased and multi-year agreement.

1.3E) History/Social Science materials for grades 9-12 Board approved May 10, 2018. Grades K-8 Board approved June 7, 2018. Grades K-5 will be purchased in 2018/19 and grade 6-12 will be purchased in 2019/20.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no changes to this goal.

2.5  
 A) Continue the community reading program that outlines opportunities for adults to support students.  
 B) Continue to develop and implement Parent/Community Outreach that reinforces access to information, resources, and awareness on our school campus; ie EL classes for adults/parents, volunteer processing, outreach to at risk populations/agencies (Foster Youth, Homeless).  
 C) Increase coordination of services such as child care, volunteer activities, training, and Parent Summits to lower barriers for parent/community engagement for high need students.  
 D) The district will facilitate a minimum of three District English Learners Advisory Committee (DELAC) meetings to solicit input.  
 E) School sites will facilitate a minimum of three School Site Council (SSC) meetings; schools meeting criteria will also facilitate three English Learners Advisory Committee (ELAC) meetings, and two Title 1 meetings for EL/LI parent input.  
 F) Increase parent participation in the Superintendent's Communication Committee (SCC), and ELAC by providing child care and outreach activities.  
 G) Increase training for parent/community engagement and home visits for high need students.

2.5  
 A) Continued the community reading program that outlines opportunities for adults to support students. Served 48 students at 10 schools.  
 B) Developed and implemented additional EL Classes for adults at three locations (WW, RCE, and CME). Volunteer processing is a work in progress as it relates to fingerprinting as immigration status creates a barrier for some parents. Outreach to at risk populations/agencies (Foster Youth, Homeless) has greatly improved as evidenced by the increased services, donations, volunteers, and advocacy from partners. (Shoe/backpack/sock/hoodie drives, tutoring) and access to computer for Social Services and job search at CLC and Walnutwood.  
 C) Provided childcare at numerous parent training including Love and Logic training and (3) Education Town Halls. DELAC and Parent Summits (3) provide childcare and food to lower barriers for parent/community engagement for high need students.  
 D) Met goal of three District English Learners Advisory Committee (DELAC) meetings to provide information and solicit stakeholder input for EL programs, LCAP, and Addendum.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The actions and services for this goal were implemented as planned. One of Superintendent Koligian's priorities when she joined FCUSD in July 2017 was to improve stakeholder engagement. In response, FCUSD partnered with SCOE's LCAP network and adopted "stakeholder engagement" as its problem of practice. The most impactful initiative to emanate from our partnership with SCOE was the implementation of "Data Walks". Modeled after Ed Trust West's Data Equity Walk model, data walks enabled the district to engage approximately 350 stakeholders from a variety of backgrounds in purposeful discussion on student achievement.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The district's efforts to increase stakeholder engagement and to provide safe, healthy, and positive learning environments have been deemed effective. Through the expansion of intervention and credit recovery programs, PBIS strategies, the use of Naviance, and an increased emphasis on purposeful stakeholder engagement FCUSD has advanced this goal. As we near the end of the academic school year, measures of success will be denoted by an increase in attendance (95%) and graduation rates (92%), reduction in suspensions (1614), and increased stakeholder engagement (new volunteers 100).

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

2.1 (A) Salaries and benefits increased due to negotiated salary increases for 2016/17 and 2017/18.  
2.3 (C) School sites have been unable to utilize the full allocation; funds will be reallocated next year.

2.5 (I) Actual expenditures less due to scheduling issues with Sacramento State Counseling Internship Program; funding to be reallocated in 2018/19 for SEL services.

2.6 (A) Actual expenditures higher than projected due to implementation of increased stakeholder engagement efforts district-wide including "Data Walks."

2.6 (D) Added service to increase CHKS participation

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

2.3

(B) Funding for musical instruments funds at Mills Middle, Mitchell Middle, and Cordova High has reached the end of its four-year implementation plan. Funding will be re-prioritized in 2018/19.

(C) Funding for after school activities, clubs, sports, and field trips will be reduced in 2018/19 due to transportation issues. In addition, we are adding athletics to our definition of an extra-curricular activity.

2.4 With a new district wide annual survey implemented in the 2017-18 school year, which reached students, families, and employees, metrics were added to this goal to better measure indicators related to stakeholder perception of school climate, connectedness, and safety. Additionally, additional actions were added to this goal to support the work and to more directly respond to stakeholder feedback gathered through FCUSD's expanded 2018 LCAP Stakeholder Engagement efforts including Education Town Halls and a district wide LCAP survey. New actions include: 2.4 E,F, and G and 2.5 J,K,L, and M.

2.5 With a new district wide annual survey implemented in the 2017-18 school year, which reached students, families, and employees, metrics were added to this goal to better measure indicators related to stakeholder perception of family engagement and school connectedness. Additionally, additional actions were added to this goal to support the work and to more directly respond to stakeholder feedback gathered through FCUSD's expanded 2018 LCAP Stakeholder Engagement efforts including Education Town Halls and a district wide LCAP survey, as well as feedback from the District's new Safety Committee.

(A) Funds for Community Outreach Coordinator are being redirected to the general fund after revisions to the job description to expand scope of work.

(I) Funds for Elementary Social Emotional Learning are being redirected after the District was unable to reach agreement with the counseling internship program at California State University, Sacramento.

2.7 Additional metrics were added to strengthen measurements of audience engagement with digital communication tools, as well as to more directly respond to stakeholder feedback gathered through FCUSD's expanded 2018 LCAP Stakeholder Engagement efforts including Education Town Halls and a district wide LCAP survey.

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

FCUSD believes that teacher quality significantly influences student learning. There was a strong focus on professional learning and professional development with a specific emphasis on CCSS aligned instructional materials implementation, formative assessment, GLAD Training to support EL students, and literacy and mathematics instruction. All PD was evaluated and reviewed to ensure the adult learners improved levels of understanding and application.

The CTE Coordinator position established in 2017-18 has allowed for growth in building the capacity of students to become College and Career Ready. CTE pathways were re-organized to ensure compliance. An integration of CTSOs, the creation of increased student internship opportunities, and increased CTE course offerings, have enticed student interest in CTE coursework.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

FCUSD has been able to build on successes utilizing a continuous improvement process. Overall, classified and certificated staff have had increased opportunities to deepen and increase professional learning.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The actions and services for this goal were implemented as planned. The district continues to utilize a variety of assessments to monitor student outcomes. Teachers were provided ongoing training on how best to leverage assessment data to improve ALL students. We also continued to provide teachers training in EL strategies aimed at improving the quality of their instruction and student

outcomes. The district feels confident that the resources committed to supporting teachers in the use of data will be reflected in our state testing results.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

FCUSD continues to improve its use of assessment data to inform instruction. Through an ongoing commitment to PD that reaches all classrooms, we have been able to deeply implement strategies that target students with learning gaps, specifically EL and special education students. In addition, the role iReady plays in identifying learning gaps has been institutionalized. Across the district data is being used to develop intervention groups, support EL and Special Education students, and assess the overall quality of our programs.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Salaries and benefits increased based on negotiated salary increases for 2016/17 and 2017/18

4.1 (B) School Improvement services to be reorganized in 2018-19, and funding will be redirected to other services.

4.3 (A) Experienced an increase in students, which increased cost for staffing and services.

4.4 (C) Marriage Family Therapists re-classed to Mental Health Associates and Mental Health Specialists. Additional positions added in 2017/18.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no changes to this goal.

# Stakeholder Engagement

LCAP Year: 2018-19

## Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

When the District began its annual review in the fall of 2017, Folsom Cordova leaders joined a professional learning network facilitated by the Sacramento County Office of Education to examine ways to improve the LCAP development process and better align services and actions to strengthen student outcomes. Through this process Folsom Cordova identified its highest area of need, also called a “problem of practice,” and developed five essential questions to focus the work of solving this problem:

Problem of Practice: Stakeholders are not engaged in meaningful ways

Top 5 Analytical Questions (These questions are intended to focus solutions to the “problem of practice”):

How do we clearly define and engage ALL stakeholders?

How do we ensure all stakeholders understand their purpose and role?

How do we differentiate our tools to capture stakeholder input and feedback?

How do we measure and evaluate impact of stakeholder engagement?

How will stakeholders know the system acted on their input?

On a parallel timeline, the Superintendent formed a new LCAP working group to oversee the District’s stakeholder engagement process and review draft revisions to the LCAP. This group included the Superintendent, Assistant Superintendents for Elementary and Secondary Education, Director of Professional Learning and School Supports, Director of Categoricals and Grants, Testing Coordinator, three parent/guardian representatives, two Board of Education members, and the president of the Folsom Cordova Education Association, the labor group representing certificated staff members.

This working group created a comprehensive 2017-18 LCAP Stakeholder Engagement Plan that consisted of two phases, described in more detail below.

Phase I: Education Town Halls

As part of its 2017-18 LCAP Stakeholder Engagement Plan, Folsom Cordova chose to pilot a series of “Education Town Halls” modeled after Ed Trust West’s Data Equity Walk model. This model was chosen because of its ability to provoke dialogue among diverse stakeholders with different levels of understanding and to inspire collective action through the brainstorming of solutions.

At these Education Town Hall gatherings, teams of targeted school site stakeholders (teachers, classified employees, parents, students, principals/administrators and community members) were assembled to study select school and District performance measures. These included math and English-Language Arts test scores, suspension rates, graduation rates, A-G completion, school climate survey results, LCAP metrics, and other indicators. Site leaders were instructed to assemble their Town Hall teams strategically, with emphasis on representation among English learners, foster youth, and socioeconomically disadvantaged stakeholders.

Each Town Hall consisted of four parts:

Overview presentation: LCAP and how to understand the data.

Gallery walk: Participants were sorted into groups outside of their individual school groups, and rotated between six gallery stations presenting various performance data sets. Participants reflected on their observations and used Post-It notes to leave feedback, questions, or ideas on the gallery stations.

School site data dive: At Town Halls in which school site teams were present, participants returned to their individual school teams and logged onto the California School Dashboard to review school site performance metrics. Dialogue was facilitated to focus on how schools can use this data to drive decisions at the site level, through School Site Council, English Learner Advisory Committees, and other opportunities.

Evaluation: Each participant was asked to fill out an exit ticket evaluation form.

From December 2017 through March 2018, the District held six of these facilitated data walks and engaged approximately 350 stakeholders including certificated employees; classified employees; management and administration; parents/guardians; students; Board of Education members; and community members:

Data Walk - Superintendent's Communication Committee: Dec. 7, 2017, Education Services Center Board Room

Education Town Hall: Jan. 16, 2018, Folsom High School

Data Walk - Monthly FCUSD Management Meeting: Jan. 23, 2018

Education Town Hall: Jan. 31, 2018, Cordova High School

Education Town Hall/Parent Summit: Feb. 3, 2018, Rancho Cordova Elementary School

Data Walk - FCUSD Student Advisory Board: March 6, 2018, Folsom High School

In total, six languages were served throughout the Town Hall process, and 1,357 pieces of feedback were collected, including:

92 Student thoughts

487 Parent/Guardian thoughts

185 Certificated thoughts

160 Classified thoughts

329 Management thoughts

104 Community/Other thoughts

Phase II: Standardized Stakeholder Presentation and Districtwide Survey

This phase, conducted from March-April 2018, allowed school sites and departments to engage their specific faculty, ELAC, School Site Council, and parent groups with the specifics of our 2017-18 LCAP goals, actions and services. The District created a standardized presentation, script and video for school site leaders to deploy in English, Spanish, Russian, and Farsi. Each presentation concluded with an opportunity to take a District LCAP survey to collect additional input.

As a supplemental reference material, the District created an easy-to-use 2017-18 LCAP infographic to build greater understanding for goals, actions, services, and expenditures.

In all, school site, departments, and bargaining units held more than 80 presentations throughout the district:

On April 12, 2018 the District distributed the presentation, infographic, and survey to all 20,000 families and 2,000 employees via its mass notification system, Blackboard Connect. All materials were posted online at [www.fcusd.org/lcap](http://www.fcusd.org/lcap) and promoted through various communication channels including a weekly newsletter and social media.

In total, the District received 552 responses to its survey during Phase II of our LCAP Stakeholder Engagement Plan.

Throughout the Stakeholder Engagement Plan, FCUSD convened a new LCAP Working Group to direct the process and help synthesize stakeholder input. These meetings included the Superintendent, three parent representatives, Cabinet-level staff, Board of Education members, and a representative from the Folsom Cordova Education Association, which represents certificated staff. These meetings were held on the following dates:

Nov. 29, 2018  
Feb. 22, 2018  
April 23, 2018

Additionally, FCUSD provided updates and opportunities for input throughout the year with to its Superintendent's Communication Committee (the Districts PAC) - which is made up of a parent representative from all 32 of FCUSD's schools - and the District's Management team. These updates were provided on the following dates:

Dec. 7, 2017  
Feb. 16, 2018

March 16, 2018

May 8, 2018

LCAP was presented to DLAC (EL PAC) on April 10 for review and comments. No comments were received

FCUSD staff presented a report on stakeholder feedback and common themes that could influence revisions to the LCAP to the Board of Education on May 10, and May 24th 2018.

On May 24, 2018, FCUSD staff released a public draft of the LCAP to the Board of Education

Public hearing on the budget and LCAP were held on June 7th

Final adoption of the LCAP and Budget - June 24th

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

In April, the District's LCAP working group, Cabinet, and entire Management team participated in activities to synthesize all feedback gathered through both phases of the LCAP Stakeholder Engagement Plan. To best connect feedback to potential LCAP revisions, the following guiding questions were used to tease out common themes and ideas for LCAP revisions:

What are common themes I am seeing?

Are there existing goals, actions, and services in our LCAP that address the feedback?

Is there existing work in our District that addressed the feedback but that is NOT reflected in the LCAP ? If so, should it be incorporated into the LCAP?

Are there actions, goals, or services that currently DO NOT exist anywhere in our District that can be incorporated into our LCAP? If so, how would they connect to the stakeholder input we received?

Through this analysis, the following common themes were identified:

School connectedness & climate

Desire for more counseling and social-emotional supports

Suspensions & alternatives

Special Education & Foster Youth

Sharing best practices school-to-school

Career preparation and CTE  
Desired increase in family & community engagement

 A) Continue to provide additional instruction and support for LTELS and high need students after school and during the summer.  
 B) Provide ongoing professional development to Program Monitors for each school to coach and facilitate teacher's understanding of EL, LTEL and RFEP.  
 C) Provide culturally relevant material to build background knowledge, provide standards aligned supplemental instructional resources in English and home language (as available).  
 D) Ensure EL students receive appropriate ELA/ELD curriculum and instruction through teacher support and material training, increase framework knowledge and provide scheduling and instructional grouping guidance.

<b>Goal 1: All students will receive instruction from highly qualified teachers and have access to curriculum which promotes college and career readiness.</b>					
1.3	Provide written and oral translation	LEA-wide	Librarian and translation services are principally directed	This is the most effective use of funds because	\$276,199

	services and a librarian at schools with high EL/SED populations		to meeting the needs of our EL/LI students and their families.	<p>communication with families in their primary language increases their authentic engagement in their child's education.</p> <p>Our experience supports this as the most effective use of funds because librarians support EL by increasing their access to supplementary materials and supporting vocabulary development through web based programs.</p>	
<b>Goal 2: Increase parent and student engagement and provide a safe, healthy, and positive learning environment.</b>					
2.1	Improve student attendance rates	LEA-Wide	Provides resources to promote the importance of school attendance and intervention services for students demonstrating chronic absenteeism and/or truancy with a particular focus to support EL, FY, HS, and SED students/families.	<p>This is the most effective use of funds because research confirms a positive correlation between rates of attendance and student achievement. (Hattie, J. 2012; )</p> <p>While the data reporting chronic absenteeism is currently unavailable, it is our contention that FY, SED, and EL students are disproportionately represented in this metric and actions aimed at improving attendance rates would positively impact these groups performance.</p>	\$1,668,053
2.3	Provide supports and programs aimed at decreasing 8 <sup>th</sup> grade dropout rates.	LEA-wide	Increase EL/SED students access to electives, after school programs and interventions.	This is the most effective use of funds because research shows that students participating in high quality expanded learning	\$127,716

				<p>opportunities demonstrate improved academic and social emotional learning performance. (Buffum, A., Mattos, M, 2012, Hattie, J, 2012)</p> <p>SED student often have limited access to after school programs due to the cost associated with them. This action aims to remove those obstacles and encourage our most disadvantaged students to participate in high quality afterschool programs.</p>	
2.4	Provide supports and services aimed at reducing student suspension and expulsion rates.	LEA-wide	<p>Provide programmatic support and monitors site implementation of PBIS. PBIS programming includes a concentrated focus on specific student subgroups including EL, FY, HS, and SED students</p> <p>MFTs: Provides individual and family social/emotional services. A significant percentage of students/families being served include EL, FY, HS, and SED students.</p>	<p>These supports are designed to support student in dealing with the effects of trauma. Research and program data confirm the programmatic effectiveness of PBIS and MFT support as a viable means to offset the effects of trauma. (Educational Psychology, 2005).</p>	\$1,541,487
2.5	Stakeholder engagement.	LEA-wide	Provides Family and Community Engagement programs and services with a focused emphasis on EL, FY, HS, and SED students.	This is the most effective use of funds because research validates the positive correlation between meaningful family and community engagement and student	\$222,941

				academic, social and emotional success. The importance of these connections is heightened when working with EL, FY, HS, and SED students due to the myriad of obstacles potentially presented by their life conditions outside of school. (Henderson, T., Mapp, L., Johnson, V., Davies, D. 2007).	
<b>Goal 3: Provide students with high quality classroom instruction and access to a broad course of study.</b>					
3.1	Professional Development	LEA-wide	Provide TK-12 CCSS, ELD, and NGSS professional learning resulting in student access to standards aligned instructional materials and strategies, with a particular focus on EL, FY, HS, and SED students.	This is the most effective use of funds because research shows that instructional coaching support to teachers assists them in the utilization of student data, with an increased ability to disaggregate data according to specific student subgroup needs: SED, FY, EL, and others (Hattie, J., 2012; Marzano, R., Pickering, D., Pollock, J, 2001).	\$600,000
3.3	Promote college and career readiness through increased access to a rigorous course of study.	LEA-wide	In addition to the CTE coordinator, unduplicated students will benefit from staff that supports their success after high school, by providing college and career guidance via face-to-face, group, and web based interactions.	Data from the Ca. Dashboard indicates that our EL, HS, and SED students are performance is lower than that of their peers on the college/career report. research suggests that access to high levels of academic rigor and enrichment programs results in improved student achievement. (Hattie, J. 2012)	\$526,715
<b>Goal 4: Student progress and educational outcomes will be monitored for success using assessment results.</b>					

4.1	Provide support to ensure all students are reading at grade level (1 <sup>st</sup> , 3 <sup>rd</sup> , 5 <sup>th</sup> , 8 <sup>th</sup> , and 11 <sup>th</sup> grades).	LEA-wide	Literacy services with a particular focus on EL, FY, HS, and SED students/families.	This is the best use of funds because the Ca. Dashboard indicates that these groups are currently performing lower than their peers on the ELA assessment. Students will benefit from additional embedded interventions/supports aimed at improving their literacy (Hattie, J., 2012; Marzano,R., Pickering, D., Pollock, J, 2001).	\$87,917
4.2	Provide support to ensure all students are performing at grade level in math (1 <sup>st</sup> , 3 <sup>rd</sup> , 5 <sup>th</sup> , 8 <sup>th</sup> , and 11 <sup>th</sup> grades)	LEA-wide	Numeracy services with a particular focus on EL, FY, HS, and SED students/families.	This is the best use of funds because the Ca. Dashboard indicates that these groups are currently performing lower than their peers on the Math assessment. Students will benefit from additional embedded interventions/supports aimed at improving their numeracy (Hattie, J., 2012; Marzano,R., Pickering, D., Pollock, J, 2001).	\$360,882
4.5	Provide kindergarten readiness support	LEA-wide	In addition to support staff, the districts preschool offerings will be expanded. The preschool expansion is focused in communities serving EL/SED students.	District iReady data indicates that many of our EL and SED student enter school behind in their foundational reading (phonics and phonological awareness) and basic numeracy skills (basic number sense). Our experiences confirms a positive correlation between early education opportunities and long term academic achievement.	\$371,547

4.6	Provide support for targeted 9 <sup>th</sup> grade students and other low performing students.	LEA-wide	These services aim to expand learning opportunities, reduce class size, and increase levels of personalized support (illuminate and intervention teachers) for all students but with particular focus on EL, FY, and LI students.	This is the best use of funds because research validates that expanded learning opportunities, reduced class size and increased levels of personalized support for students have a positive influence on student academic and behavioral performance (Hattie, J., 2012; Marzano,R., Pickering, D., Pollock, J, 2001)..	\$4,095,650

## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$10,927,357

7.26%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Folsom Cordova Unified School District's funding for Supplemental Grants based on the number of low income, foster youth, and English learner students is estimated at \$10,927,357 for 2017-18. We focus supplemental resources in schools in Rancho Cordova, with high EL/LI populations, and target funds to Folsom schools which also have EL/LI numbers, but in lower amounts. The actions and services are focused on ensuring that students and families have access to the services necessary for student success.

The following actions/services are the most effective use of supplemental funds to meet our goals for our unduplicated students based on our past experiences and supporting research.

(A) Ensuring that all students have access to high-quality first instruction and tiered levels of support requires a commitment to systemic district-wide professional development. To that end, the district has developed a multi-year professional development plan that supports deep implementation of district initiatives.

(B) The plan consists of two types of professional development: Collective PD and Independent PD. The district believes that Collective PD is foundational to our efforts toward creating curricular interdependence amongst teachers. These professional development offerings place emphasis on grade-level and/or subject-area teams of teachers and others working interdependently on the creation of a guaranteed and viable curriculum. Through the creation of common curriculum and assessments, schools will position themselves to have conversations driven by data and focused on student learning. Collective professional development will be delivered during release time or buy-back days. Because we view these professional development opportunities as essential to the district's transition to a collaborative orientation, we need all teachers to participate.

(C) The second type of professional development opportunity is Independent PD. The district feels strongly that teachers need the opportunity to self-select personal growth areas. These types of professional development opportunities do not require teachers or

others to work interdependently. The teacher's focus is on individual practice or the acquisition of knowledge that enhances individual practice. The delivery method of Independent professional development occurs outside the school day

(D) The professional development plan is based on the three LCAP categories—conditions, outcomes, and engagement—coupled with the PLC essential questions: What is it we want our students to know? How will we know they are learning? How will we respond when students don't learn, and How will we enrich and extend learning for students when they are proficient (Buffum, Mattos, & Weber 2012)? The district believes that our ability to increase the academic achievement of all students hinges on our response to these questions.

(E) In order to address how we will respond when students don't learn, the district has increased its efforts to provide intervention resources at each site. All schools in the district have been provided a site intervention teacher. These teachers work closely with site principals and district administration to implement effective research-based intervention strategies. Mike Mattos' model for intervention, RTI at Work, is the driving force behind the district's tiered intervention strategy. Professional development supporting the implementation of Response to Intervention is embedded in our district-wide efforts toward a guaranteed and viable curriculum.

(F) Effective intervention is prescriptive and requires the district, schools, and teachers to have reliable diagnostic data. In concert with the formative assessment data being generated by teachers, the district has adopted the iReady Adaptive Diagnostic Assessment System. We are moving into our third year utilizing iReady and are making significant gains in our ability to identify students performing below grade level, pinpoint specific student needs, and provide academic support.

(G) A positive school climate and student and parent engagement lead to student achievement. In order to improve engagement, the district is employing a number of strategies ranging from improved communication opportunities to and from school to actual parent education courses on effective strategies that support student learning at home. With the assistance of school-based coordinators, families will be provided opportunities to participate in school activities, learn how to assist their students in school and in learning the English language. School-level engagement has positive outcomes, including more informed decision-making and engagement in their students' learning (Sanders & Sheldon 2009). Student engagement cannot be separated from the learning environment, therefore, social/emotional support and a focus on improving school climate will be provided district-wide through research-based PBIS, marriage/family therapists, counselors and social workers (Educational Psychology, 2005). Every school has a population of

unduplicated students whose parents need school connectedness. This program was piloted first at our elementary schools and expanded to the middle schools because of its success.

Naviance software (to support college and career readiness) is available to all students. Additional counselors, guidance clerks and student advocates have been hired at schools with high populations of unduplicated students to assist those students and parents with access and utilization.

Using the new EIE curriculum, Elementary STEM Lead Teacher was hired to develop hands-on lessons for use in classes with high populations of unduplicated students who often don't have background and opportunities.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Using supplemental funds, the district purchased musical instruments for use by, unduplicated students who can't afford to rent instruments for at-home use.

Unduplicated students often lack the background knowledge and experience gained through opportunities afforded other students. In order to equalize opportunities, supplemental funds are being used to fund for extra curricular activities and experiential learning. In addition to supplemental funds, the City of Rancho Cordova, through its Measure H funding, has approved the following district applications to benefit unduplicated students in Rancho Cordova: science field trips, STEM activities, Crocker's Artist-to-Go and Meet the Masters, additional after-school funding to augment ASES, school gardens, mentoring programs and scholarships for all Rancho Cordova graduates to the local community college.

The district is implementing changes to provide positive school climate on a district-wide basis using supplemental funds. Often times, unduplicated students are isolated due to language or cultural differences from their peers. Also, low income students, including homeless students, have barriers to learning (family relationships, attendance, counseling needs, lack of immunizations) that the family can't always provide. The district has hired MSW, MFT, nurse and a Child Welfare Officer to focus on reducing the barriers to learning and Academic Support Teachers, Intervention Teachers were allocated to schools based on the number of unduplicated students at each school.

Additional Assistant Principals have been allocated to elementary and secondary schools with high population of unduplicated students. This provides for increased oversight and communication on academic and behavior needs.

The following summary describes the use of supplemental funding:

Support to unduplicated students:

Provide English learner translation and interpreter services (\$1,084,000) Goal 1, Action 3 and Goals 3, Action 2

Monitor immunizations, attendance and behaviors that can be barriers to learning (\$1,321,000). Goal 2, Action 1

Provide additional clubs, sports, after school activities and field trips (\$370,000) Goal 2, Action 3

Increase early education opportunities (\$202,000) Goal 4, Action 5

Provide additional academic counseling (\$304,000) Goal 4, Action 6

For all students (district-wide or school-wide approach as this is most effective in supporting EL/LI/Foster Youth):

Access to college planning strategies and high-level courses preparing students for college (\$537,000) Goal 1, Action 3 and Goal 3,

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

**Action 3**

Provide professional development for instructional staff (\$1,355,000) Goal 3 and Actions 1 and 2

Curriculum development with testing supports and services (\$516,000) Goal 3, Actions 2 & 3, Goal 4, Action 6

Provide academic intervention including ELD, math, intervention specialists, literacy coach, tutors, and summer school, principally focused on EL/LI and Foster Youth (\$3,868,000) Goal 4, Actions 1, 2, 3, and 6

Positive school climate (\$1,067,000) Goal 2, Actions 4 & 5

Parent and community engagement (\$314,000) Goal 2, Action 5

# Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

## **Plan Summary**

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year. When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

## **Budget Summary**

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with

the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided

in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **New, Modified, Unchanged**

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### **Goal**

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### **Related State and/or Local Priorities**

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### **Identified Need**

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

### **Expected Annual Measurable Outcomes**

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

### **Planned Actions/Services**

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

#### **Students to be Served**

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering "All", "Students with Disabilities", or "Specific Student

Group(s)". If "Specific Student Group(s)" is entered, identify the specific student group(s) as appropriate.

#### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

#### Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

#### Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".
- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

**For charter schools and single-school school districts**, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

#### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

## **Actions/Services**

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

### **New/Modified/Unchanged:**

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

## **Budgeted Expenditures**

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

# Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

## Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

## Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

# State Priorities

**Priority 1: Basic Services** addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

**Priority 2: Implementation of State Standards** addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
  - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
  - b. Mathematics – CCSS for Mathematics
  - c. English Language Development (ELD)
  - d. Career Technical Education
  - e. Health Education Content Standards
  - f. History-Social Science
  - g. Model School Library Standards
  - h. Physical Education Model Content Standards
  - i. Next Generation Science Standards
  - j. Visual and Performing Arts
  - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

**Priority 3: Parental Involvement** addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

**Priority 4: Pupil Achievement** as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

**Priority 5: Pupil Engagement** as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

**Priority 6: School Climate** as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

**Priority 7: Course Access** addresses the extent to which pupils have access to and are enrolled in:

- A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

**Priority 8: Pupil Outcomes** addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

**Priority 9: Coordination of Instruction of Expelled Pupils (COE Only)** addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

**Priority 10. Coordination of Services for Foster Youth (COE Only)** addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

**Local Priorities** address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

# APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

- (a) “Chronic absenteeism rate” shall be calculated as follows:
  - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
- (b) “Middle School dropout rate” shall be calculated as set forth in 5 *CCR* Section 1039.1.
- (c) “High school dropout rate” shall be calculated as follows:
  - (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
  - (2) The total number of cohort members.
  - (3) Divide (1) by (2).
- (d) “High school graduation rate” shall be calculated as follows:
  - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
  - (2) The total number of cohort members.
  - (3) Divide (1) by (2).
- (e) “Suspension rate” shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
- (f) “Expulsion rate” shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).

# APPENDIX B: GUIDING QUESTIONS

## Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

## Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## **Guiding Questions: Goals, Actions, and Services**

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified?  
Where can these expenditures be found in the LEA's budget?
