

2018-19

Local Control Accountability Plan and Annual Update (LCAP) Template

[Addendum](#): General instructions & regulatory requirements.

[Appendix A](#): Priorities 5 and 6 Rate Calculations

[Appendix B](#): Guiding Questions: Use as prompts (not limits)

[LCFF Evaluation Rubrics](#): Essential data to support completion of this LCAP. Please analyze the LEA's full data set; specific links to the rubrics are also provided within the template.

LEA Name	Contact Name and Title	Email and Phone
Oak Grove Elementary School District	Ivan Chaidez Assistant Superintendent	ichaidez@ogsd.net (408) 227-8300

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Oak Grove School District
 Vision: Academic, Social, Emotional Student Success; Making a Difference
 Mission: To Ensure that Every Child's Potential is Achieved
 Core Values: Student Learning, Respect, Integrity, Inclusivity, Positive Interdependence, Quality Performance

Oak Grove has a total student enrollment of 10,304 students from grades TK-8. The size of the school ranges from the highest (878) student enrollment to the lowest (325) student enrollment. There are currently 16 elementary schools, three intermediate schools, and Choice Programs: Indigo K-8th grade program, Christopher Grade 7/8 STEM program, AdVenture grades 5-8 STEM, Two-Way Spanish Bilingual Program grades K-2, three Spanish Bilingual Programs grades K-4, The Academy grades 5-8, and Independent Study grades K-8. Oak Grove School District is experiencing declining enrollment. In 2010-11 there were 11,858 students. All schools are experiencing this decline of student enrollment. Our Board of Trustees voted in March of 2018 to 2 elementary schools, re-boundary attendance areas and to eliminate general transportation for the 2018-19 school year. These decisions are in response to our trend of declining enrollment and the increase to the State Teacher Retirement System (STRS) and Public Employee Retirement System (PERS). The three year projection for the district's revenue and expenses forced the district to make some difficult decisions regarding budget reductions. A Consolidation Committee was formed consisting of parents, staff, community member, and administrators. The Consolidation Committee met weekly

for four months and presented their final recommendation to the Board of Trustees. The Board has agreed to close two schools in the 2018-2019 school year.

Oak Grove serves a diverse group of students. Our student population is: 29% English Learners representing 51 languages spoken in the district, 31% of the students qualify for the free and reduced-price school lunch, 13% of the students receive special education services. There are 53% of unduplicated students who are English Learners, low socioeconomic, and/or Foster Youth. Currently there are 25 Foster Youth families and 50 families who are considered homeless under McKinney Vento. Below is the Oak Grove student demographics.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Due to the Oak Grove declining student population, and the increase to the State Teacher Retirement System (STRS) and Public Employee Retirement System (PERS), the three year projection for the district's revenue and expenses forced the district to make some difficult decisions regarding budget reductions. We continue to focus on ensuring Oak Grove students are career and college ready in spite of budget reductions. We worked closely with stakeholders throughout the district and analyzed student performance data. Six goals have been identified as the focus within the next three years to improve the outcomes for all students.

Goal 1 - All students will be proficient in meeting and/or exceeding all Common Core State Standards.

All teachers are implementing Common Core standards, strategies, and materials. The English Language Arts (ELA) instructional strategies are Sobrato Early Academic Language (SEAL) and Project Based Learning (PBL). The materials for ELA are Core Knowledge Language Arts (CKLA) in grades K-2 and Expeditionary Learning in grades 3-8. Mathematics instructional strategies include Number Talks and exploration of mathematical practices such as constructing viable arguments and critiquing the reasoning of others. The math adopted curriculum includes Engage

New York and College Preparatory Mathematics. We have begun to explore and implement the Next Generation Science Standards in SEAL, PBL, and grades 7-8 Science.

Goal 2 - We will accelerate the student proficiency for English Learners (EL), low socio-economic, Foster Youth, students of color and students with disabilities (SWD).

There is a substantial increase in the California English Language Development Test (CELDT) results for English learners and this translates to increased redesignation rates. All staff have been trained in the California ELA/ELD Framework, and in 2017-28 all staff received three days of training on integrated and designated ELD, Part II of the CA ELD Standards: How English Works. The SEAL Model's focus is on developing student academic language skills through content.

Goal 3 - We will provide an inclusive learning environment for students with disabilities to best support social, emotional and academic development.

School Services completed a special education study to provide a comprehensive analysis of services. As we move forward, staff are focusing on providing full access to core curriculum in the least restrictive environment and utilizing Response to Intervention (RtI) strategies. We continue to develop a multi-tiered systems approach to instruction to provide students access to all standards based curriculum in an equitable manner.

Goal 4 - Students will use technology to master 21st Century Skills of collaboration, communication, critical thinking, and creativity.

All Oak Grove students have daily access to Chromebooks. We are two-to-one in grades TK-5, and one-to-one in grades 6-8. The infrastructure and technology support for access to the internet is very strong based on the annual Technology Survey done by teachers and students. Teachers continue to learn and implement ways to use the technology as a Common Core integrated instructional tool.

Goal 5 - School and classroom environments support learning, creativity, safety, and engagement. The Positive Behavioral Interventions and Support (PBIS) Schoolwide Evaluation Tool indicates that Oak Grove Schools are implementing PBIS with an average of 82% fidelity. 82% of elementary school students and 71% of grade 7 students surveyed reported they felt safe on the CA Healthy Kids Survey.

Goal 6 - We will actively engage parents and community members in supporting the implementation of CCSS instruction and providing input to program decisions.

Parent workshops were focused on Emotional Wellness & Safety, Educational Technology, and College and Career Readiness. Parents attended district activities such as the Cultural Arts Expo, Cinco de Mayo, and Sobrato Early Academic Language (SEAL) gallery walks. Students and parents were recognized at different annual events throughout the year such as at our DreamKeepers and the Hispanic Student Recognition Awards ceremonies, (facilitated by our African American and Latino Leaders in Equity Development (ALLIED) group), our Every Student Succeeds ceremony (facilitated by the Oak Grove Management Association), and and Celebration of English Proficiency and Student Success Vision Awards.

Based on the Stakeholder Input Process, the actions and services in the LCAP fell into the following top priority areas of focus for each goal:

1. Hire and retain quality staff & provide professional development based on instructional needs and student data
2. Continue with SEAL strategies and professional development on the ELA/ELD Framework strategies
3. Provide a Special Education Coach

4. Purchase and maintain student Chromebooks, and update the classroom environment furniture, short-throw projectors, etc.
5. Ensure all facilities are safe and positive learning environments & continue to provide counselors at the intermediate schools
6. Provide Social Services to families in need & continue to provide Community Liaisons at the schools

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Based on CAASPP results from the 2016-17 school year, Oak Grove School District is proud of the following data summary:

ELA:

- Oak Grove English Learners exceeded the state average of students who met or exceeded standards in English Language Arts by 11%.
- Males show an overall growth of +2% in ELA from 2015-16.
- Grade 4 shows a +1% increase in ELA in comparison to 2015-16. The highest growth in ELA is grade 7 with +6%.
- All sub-groups indicate a growth in ELA between 2015-16 and 2016-17, except African American students with -4% and Asian students with -1%.
- The highest ELA growth is Filipino with +4%, and English Learners +3%.

Math:

- OGSD exceeded the California average of all students who met or exceeded standards in math by 5%.
- Males show an overall growth of +2% in Math from 2015-16. Females show a +1% increase.
- Grade 7 shows a +6% increase in Math in comparison to 2015-16. The highest growth in Math is grade 3 with +6%.
- All sub-groups indicate a growth in math between 2015-16 and 2016-17, except Filipino students with -1% and Asian students with no increase.

* The highest math growth was English learners and Economically Disadvantaged students. Both subgroups showed +3% increase.

- Oak Grove English Learners exceeded the state average of students who met or exceeded standards in math by 11%.

Additionally, between 2012-13 and 2016-17, 15.5% of ELs grew one or more levels on the CELDT. The percentage of ELs “stuck” in intermediate levels of English decreased by 9% while our

percentage of ELs at Early Advanced and Advanced levels jumped 6% and 8% respectively. Additionally, the number of ELs reclassified to English proficient increased significantly from 353 in 2012-13 to 514 in 2017-18. Lastly, on the California Assessment of Student Performance and Progress (CAASPP) assessment, the percentage of ELs meeting or exceeding standards in ELA and math grew 9% from 2014-15 to 2016-17.

Our most recent mid-year iReady benchmark assessment data shows significant gains in students on or above grade level in ELA and Math between Diagnostic 1 (D1) in September and Diagnostic 2 (D2) in December. By grade level, we saw the following percentage gain from Diagnostic 1 to 2:

District-wide ELA % gains of students on or above grade level between D1 and D2

K: +31%

1st: +20%

2nd: +20%

3rd: +13%

4th: +13%

5th: +9%

6th: +10%

7th: +4%

8th: +6%

District-wide Math % gains of students on or above grade level between D1 and D2

K: +22%

1st: +24%

2nd: +17%

3rd: +22%

4th: +17%

5th: +13%

6th: +14%

7th: +8%

8th: +8%

Based on Diagnostic 2 scores, our district SBAC predicted proficiency based on December D2 scores were :

Reading 53% (2017 SBAC was 50%)

Math 43% (2017 SBAC was 42%)

In summary, at mid-way through the year, we are predicted to increase students at standard in ELA by 3% and remain steady in math. However, this predicted proficiency is still with half a year of instruction remaining between December and June.

CAASPP Math Results: By Grade Level

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

On the CA Schools Dashboard, the district Academic Indicators for All students were "yellow" for both ELA and Math and "orange" for suspension rate. Our Special Education student sub-group showed "red" under ELA and "orange" in Math due to the decline in results from 2014-15 to 2016-17. Our English Learners sub group showed "orange" in ELA due to low status of students meeting proficiency. Our Socially Disadvantaged, African American and Hispanic sub groups scored "orange" in both academic indicators due to low status of students meeting proficiency.

Research is overwhelming that instructor effectiveness is the key to improving outcomes for all students, so the OGSD LCAP invests heavily in instructional coaching in content, rigor,

relationships, and relevant pedagogy to improve academic outcomes for all students. Additionally, we will utilize data to target support of our coaches at sites and with students who show the greatest need.

We are also continuing to invest in professional development for teachers regarding implementation of California Standard aligned curricula and pedagogy. All of our teachers will receive professional development at our three AB days around ELD standards, integrated and designated ELD, and an overview of the new annual ELPAC assessment for our language learners with the connection on how to best support their needs in the classroom so that they are prepared for the increased demands of the ELPAC.

We also continue to invest in targeted support and intervention programs (iReady, Read 180, Systems 44, Math 180, etc.) to meet the instructional needs of English learners, and students with disability (SWD) at all grade levels.

In response to the orange indicator exhibiting a need for improvement on the California Dashboard we will focus on professional development, coaching, and monitoring of integrated and designated ELD instruction in all content areas. We will continue ELD support classes in our intermediate schools. Sobrato Early Academic Language (SEAL) will continue to be implemented in TK-3 grades and is also be implemented in 4-5 at our Title 1 schools. Our English Language Teacher Partners will provide intensive professional development for EL instruction district-wide focused on a model of rigor, relevance, and engagement with EL considerations.

We are also monitoring and providing targeted support to our African American students that had exhibited a decline in their ELA progress. Instructional coaches model research based teaching strategies and provide teacher guidance.

This report shows the performance levels for all students and for each student group on the state indicators. Select any of the underlined indicators for more detailed information.

State Indicators	All Students	English Learners	Foster Youth	Homeless	Socioeconomically Disadvantaged	Students with Disabilities	African American
Chronic Absenteeism	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Suspension Rate (K-12)							
English Learner Progress (1-12)		N/A	N/A	N/A	N/A	N/A	N/A
English Language Arts (3-8)			*				
Mathematics (3-8)			*				

Performance Levels:

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

For the following subgroups, the Academic Indicator was "orange or red."

To address the Special Education gap, the OGSD LCAP included a new Goal (Goal 3) which included the following actions and services:

- Continue to be a focus for hiring highly qualified staff.
- Implement Response to Intervention and focus on the Least Restrictive Environment at all schools.
- Explore curriculum to meet the needs of students with disability.

To address the English Learner gap, OGSD LCAP includes the following actions and services:

- Improve integrated and designated English Language Development (ELD) instruction in content areas, professional development will be provided to all staff. LCAP Goal 2.
- Continue classes of ELD content support at the intermediate schools for EL level 1 and EL level 2 students. LCAP Goal 2.
- Continue implementing the Sobrato Early Academic Language (SEAL) strategies in grades TK-3. Additionally, begin implementation in grades 4-5 at our 4 Title 1 funded schools.
- Coaches and English Language Teacher Partners will provide professional development and model rigor and relevant pedagogy with EL considerations. LCAP Goal 1-2

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Increased or Improved services

Centralized Title I funds will be allocated to four Title I schools (Christopher, Edenvale, Miner and Stipe) to provide additional support based on the site needs addressed in their Single Plan for Student Achievement (SPSA).

Davis Intermediate School will receive additional Supplemental money to address specific site needs addressed in the SPSA. These five schools (Davis, Christopher, Edenvale, Miner and Stipe) have the largest English Learners and low-income student groups so the Title I funds are all based on site specific needs and determined by their School Site Councils.

We will meet with the 25 Foster Youth families specifically to explore what their needs may be beside what Santa Clara Foster Services provides. Individually, the families have never requested additional services in the past. We believe meeting with them as a group could generate specific ideas. The fall meeting will be facilitated by the Assistant Superintendent, Educational Services, and the district Social Worker.

Our California Dashboard indicates that our English Learners are represented as Orange on their academic progress. With this in mind, it is critical for us to focus on accelerating their language acquisition and comprehension of core content. Our plan targets the learning of our EL's as well as our low socioeconomic students and foster youth.

Oak Grove has been proactive and determined in providing a rigorous, research-based instructional approach/model for our EL/low socio economic/Foster Youth students, particularly those in our Title I schools but also for disadvantaged students in all of our schools. It is critical that ELs receive daily, high-quality grade level core instruction alongside their native English-speaking peers that is combined with effective strategies that are ensures access as well as appropriately-designed designated ELD instruction. The Sobrato Early Academic Language (SEAL) EL model is designed

as an early prevention in the primary grades delivery model. Our Title I schools have high percentages of high-need students and continue to receive a multitude of resources, but all other schools in the district also have a large percentage of EL students and other high-need student populations. The total percentage of students in our EL subgroup and low socioeconomic level at our Title I schools is exceeded by the percentage of EL/low socioeconomic level enrolled at all non-Title I schools. It is critical that ELs receive daily, high-quality grade level core instruction alongside their native English-speaking peers that is combined with effective strategies that's ensures access as well as appropriately-designed designated ELD instruction.

The justification for the expenditures is based on the number and percent of long-term EL students within Oak Grove. This fact that all schools in Oak Grove have a significant number of EL students, demands that we provide services to all schools equitably as each school in our district has a significant EL and low socioeconomic population that must be served with high quality instruction.

All certificated staff will participate in three full days of professional development focused on the ELD/ELA Framework, specific strategies for EL students, and the new English Language Proficiency Assessments for California (ELPAC).

Sobrato Early Academic Language (SEAL): As a supplemental grant expenditure, our district adopted the SEAL model systemically to deliver grade level standards through robust, initial instructional strategies in language development in Transitional Kindergarten (TK) through 3rd. SEAL promotes the development of biliteracy, affirming, and supporting home language for English Learners and families, and developing high levels of proficiency in both the primary language and English. The SEAL model was designed drawing upon research on preventing the creation of Long Term English Learners and enacts the research on effective English Learner high-yield pedagogical practices. These two bodies of research, together with an analysis of the challenges of implementing the new Common Core State Standards, establish the foundation for the SEAL model. SEAL is a rich, powerful language and literacy model developed to boost the academic vocabulary and cognitive conceptual understanding of English Learners. The instructional practices and strategies in SEAL are proven methodologies that have produced results with English Learners. With this model, all ELs are instructed during general education classes with the goal of developing academically proficient and literate students. Furthermore, the SEAL instructional model is 100% aligned to the ELA common core state standards in both English and Spanish, the ELD Standards, the ELA/ELD Framework, the Next Generation Science Standards (NGSS) and the new History/Social Science Framework. In an effort to meet the literacy and language development needs of all EL students in all schools across the district, intensive training in SEAL is provided at elementary school for TK-3rd grade teachers. This year, we also started implementation of the SEAL model in grades 4-5 at our 4 Title 1 funded schools. We strongly believe that all ELs should have equal access to high levels of instructional and English language support. Therefore, providing SEAL instruction in our classrooms ensures that every EL student has access to high-quality, deep learning of the English language in all content areas.

More information regarding how Supplemental funds are found in Increased or Improved Services for Unduplicated Pupils section of the LCAP.

Budget Summary

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION**AMOUNT**

Total General Fund Budget Expenditures For LCAP Year

\$119,534,700

Total Funds Budgeted for Planned Actions/Services to Meet The Goals in the LCAP for LCAP Year

\$111,567,066.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

\$7,967,634 Total Expenditures that are not included in LCAP that contribute to schools overall functions include:

1. Schools & Department allocations reserved for materials & supplies, services, equipment, leases & rentals
2. Sub Costs & additional time & contractual costs for certificated and classified employees
3. Support services including audit, legal, negotiations, insurance, testing, postage, etc.
4. Other highly qualified staff, not funded by Base or in LCAP, funded by Parcel Tax and other restricted general fund
5. Early retirement and other general long term obligations

DESCRIPTION**AMOUNT**

Total Projected LCFF Revenues for LCAP Year

\$91,196,941

Annual Update

LCAP Year Reviewed: **2017-18**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

All students will be proficient in meeting and/or exceeding all Common Core State Standards.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
 Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)

Local Priorities:

Annual Measurable Outcomes

Expected

Metric/Indicator

We will analyze the California Student Achievement of Performance and Achievement (CAASPP), Smarter Balanced (SBAC) English Language Arts (ELA) and Math results, and the indicators on the CA Schools Dashboard.

We will analyze the iReady results for grades Kindergarten through grade 8 as a local measure.

All students will have access to a broad course of study in math, science, social studies, English Language Arts, PE and Visual Performing Arts in grades 4-6. Middle schools participate in Career Exploration/Awareness courses.

William's Act audit for highly qualified staff and instructional materials.

Actual

On the Fall 2017 California Schools Dashboard, Oak Grove indicates a status of 3 points below level 3 and a decrease of 1.9 points in ELA and a status of 20 points below level 3 and an increase of 2.7 points in mathematics. Both ELA and mathematics are yellow.

In 2016-17, there was 50% of students achieving levels 3 and 4 in ELA and a 43% in mathematics grade 3-8.

We used iReady as our district benchmark assessment three times a year in September, December and May. Our recent mid-year data shows district-wide ELA % gains of students on or above grade level between D1 and D2

K: +31%
1st: +20%
2nd: +20%
3rd: +13%
4th: +13%
5th: +9%
6th: +10%
7th: +4%
8th: +6%

Expected

17-18

We will

- increase the CAASPP SBAC Level 3-4 results by 5% higher than the prior year in ELA and Math for all students in grades 3-8.
- increase the points above level 3 in ELA and Math on the Dashboard by at least 7 points.
- increase 5% more students on grade level on iReady mid-year.
- We will continue to provide a broad course of study in math, science, social studies, English Language Arts, and PE at all grades and Visual Performing Arts in grades 4-6. 60% of middle schools participate in Career Exploration/Awareness courses.
- analyze staffing to ensure 100% appropriately assigned teachers are credentialed in subject areas.
- complete the Williams Act audit in the fall to ensure sufficient access to instructional materials in all schools.

Actual

District-wide Math % gains of students on or above grade level between D1 and D2

K: +22%
1st: +24%
2nd: +17%
3rd: +22%
4th: +17%
5th: +13%
6th: +14%
7th: +8%
8th: +8%

Based on Diagnostic 2 scores, our district SBAC predicted proficiency based on December D2 scores were :

Reading 53% (2017 SBAC was 50%)
Math 43% (2017 SBAC was 42%)

In summary, at mid-way through the year, we are predicted to increase students at standard in ELA by 3% and remain steady in math. However, this predicted proficiency is still with half a year of instruction to go.

We passed our Williams Act audit, ensuring sufficient access to instructional materials in all schools.

98.7% of our teachers are appropriately credentialed.

We continue to provide a broad course of study in math, science, social studies, English Language Arts and PE at all grades with Visual Performing Arts in grades 4-6.

60% of middle schools participate in Career Exploration/ Awareness courses.

Expected

Baseline

2015-16 CAASPP Results

ELA: 50% of the students were at levels 3 and 4.

Math: 42% of the students were at levels 3 and 4.

On the California Schools Dashboard:

- ELA - 1 point from below level 3 and +7.3 points from 2014-15
- Math - 22.8 points below level 3 and +5.8 points from 2014-15
- All students performance are indicated green in both ELA and Math.
- Student populations in green and blue include: Asian, Filipino, Two/+Race and White
- Student populations in yellow are EL, Socioeconomically Disadvantaged, African American, Hispanic.
- The Student population in red is Students with Disabilities which is addressed in Goal 3.

iReady mid-year results (January 2017) indicate that for ELA: the following percent of students are at or above standard:

Kinder - 53%

Grade 1 - 43%

Grade 2 - 51%

Grade 3 - 59%

Grade 4 - 41%

Grade 5 - 34%

Grade 6 - 39%

Grade 7 - 47%

Grade 8 - 44%

iReady mid-year results (January 2017) indicates that for math the following percent of students are at or above standard:

Kinder - 41%

Grade 1 - 36%

Actual

This section represents baseline data from 2015-16. Actual data not reported here.

Actions / Services

Action 2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Provide professional development to teachers and coaches on the Next Generation Science Standards (NGSS) and Framework. Research and provide resources to support NGSS instruction.</p> <p>Some materials will be available for hands-on materials to support NGSS student investigations. These material expenses are accounted for in Action 9 of this goal.</p> <p>Working with the ELTPs and district coaches, we will embed NGSS in the SEAL and PBL Units.</p>	<p>NGSS Committee meeting dates: 2/15/18, 4/19/18 (anticipate that 27 members for 1.5 hours times two dates)</p> <p>NGSS Release dates: 3/8, 3/15, 3/29, 4/19, 4/26, 5/2 - 20 teachers each</p> <p>ELTPs and district coaches utilized site planning days and SEAL Unit Development Days for intentional planning on where to embed NGSS with content-based units.</p>	<p>Subs 232 for grades for grades 4-6 (NGSS) 1000-1999: Certificated Personnel Salaries Title II \$40,600</p> <p>Subs 232 for grades for grades 4-6 (NGSS) 3000-3999: Employee Benefits Title II \$1,429</p>	<p>Subs 232 for grades for grades 4-6 (NGSS) 1000-1999: Certificated Personnel Salaries Title II \$40,600</p> <p>Subs 232 for grades for grades 4-6 (NGSS) 3000-3999: Employee Benefits Title II \$1,429</p>

Action 3

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Instructional Coaches will continue to provide classroom and planning support as requested by teachers and administrators to accelerate the learning of all students. They will provide professional development to teachers and continue to focus on new strategies and curriculum that best supports student learning of the CCSS. Research has confirmed that quality instruction is the most effective factor in impacting the learning of English Language Learners. Our coaches support our teachers on a daily basis through instructional design of integrated and designated ELD, intense vocabulary development in ELA, math, and science, differentiated instruction and high leverage teaching strategies. This will equip our classroom teachers with powerful teaching tools to utilize in their classroom. Their primary focus will ensure that quality instructional practices support low socio-economic students, Foster Youth and English Learners so that we achieve the goal that all students will be proficient.</p>	<p>Our ELA and math Partners in Academic Learning (PAL) coaches have provided support to teachers throughout the district on implementation of Common Core instructional standards and strategies such as Project Based Learning, Guided Reading, Writing, Expeditionary Learning materials, Number Talks, College Preparatory Math and Engage New York Math using SBAC Interim Assessments and more. They attended ELPAC trainings, and provided DLT and DMT support. The PAL coaches also supported teacher learning during the AB Days. The PAL coaches participated in iReady training and how to best utilize the resources for targeted support of student learning. The PAL coaches also provided PD to administrators, teachers, and other coaches as needed.</p> <p>Our PAL coaches also worked with several schools to provide targeted ELA and math support (coaching and professional development support) based on data.</p> <p>The Special Education Coach worked with new Special Education staff on classroom management, completing IEPs and assessments, and providing Common Core standards and curriculum for their students. She</p>	<p>Math & ELA Coaches 1000-1999: Certificated Personnel Salaries Supplemental \$547,459</p> <p>Math / ELA Coaches and each Intermediate School 3000-3999: Employee Benefits Supplemental \$193,025</p>	<p>Math & ELA Coaches 1000-1999: Certificated Personnel Salaries Supplemental \$507,755</p> <p>Math & ELA Coaches 3000-3999: Employee Benefits Supplemental \$208,133</p>

facilitated monthly Special Education staff professional development with the Director and Coordinator of Special Education. She provided training for staff on the CAASPP, CAA, and ELPAC accommodations for our students with IEPs. Additionally, she provided professional development of Universal Design Learning (UDL) and Least Restrictive Environment (LRE) Indicator criteria.

One instructional coach provided at each of our three intermediate schools. They work with teachers and administrators to support high quality instruction of Common Core Standards

Action 4

<p>Provide students experiences in art, music, P.E., and other electives. Continue to provide Introduction to Recorder in 4th grade, Introduction to Vocal Music in 5th grade, and Introduction to Art in 6th grade classes throughout the entire district. The intermediate schools offer a variety of electives. After school sports are offered at the Intermediate Schools. Continue to communicate the importance of physical health and activity for all students. Continue to evaluate school lunch options to ensure healthy choices are provided.</p>	<p>Students in TK-6th received at minimum 200 minutes of physical education per two weeks. Students at the intermediate school received a PE period each day. There is an itinerant PE teacher at Christopher 7/8, Indigo 5-8, and the Academy. Students at the intermediate school received an elective period each day, and the arts are also integrated in ELA, Science, and History/Social Science activities. The three intermediate schools implemented "Project Lead the Way" as a career tech elective.</p> <p>Globaloria was offered at Herman, Davis, and Christopher.</p>	<p>After School Sports, PE, VPA 1000-1999: Certificated Personnel Salaries Base \$423,494</p> <p>VPA 2000-2999: Classified Personnel Salaries Base \$200</p> <p>After School Sports, PE, VPA 3000-3999: Employee Benefits Base \$145,000</p> <p>After School Sports, VPA 4000-4999: Books And Supplies Base \$6,250</p> <p>VPA Printing 5700-5799: Transfers Of Direct Costs Base \$3,500</p> <p>After School Sports, VPA 5800: Professional/Consulting Services</p>	<p>After School Sports, PE, VPA 1000-1999: Certificated Personnel Salaries Base \$404,766</p> <p>VPA 2000-2999: Classified Personnel Salaries Base \$200</p> <p>After School Sports, PE, VPA 3000-3999: Employee Benefits Base \$137,946</p> <p>After School Sports, VPA 4000-4999: Books And Supplies Base \$6,054</p> <p>VPA Printing 5700-5799: Transfers Of Direct Costs Base \$3,250</p> <p>After School Sports, VPA 5000-5999: Services And Other</p>

Third, fourth, fifth, and sixth graders received Visual and Performing Arts (VPA). Third graders received 11 weeks of vocal music. Fourth graders received vocal music and recorder for 11 weeks each; Fifth graders received vocal music and art for 11 weeks each; Sixth graders received art for 11 weeks. Piano tuning provided for 8 schools for upkeep and maintenance.

Qualifying students received After School Vocal Music Instruction once a week.

Students receiving Tier 3 intervention for fine and gross motor received adapted materials to support access to the core curriculum.

Oak Grove School District runs the National School Lunch program, a federally assisted meal program requiring schools to serve lunches that meet the federal requirements. School lunches must meet meal pattern and nutrition standards based on the latest Dietary Guidelines for Americans. The current meal pattern increased the availability of fruits, vegetables, and whole grains on the school menu. The meal pattern's dietary specifications set specific caloric limits to ensure age-appropriate meals for grades K-5, 6-8, and 9-12. Other meal enhancements included gradual reductions in the

Globaloria 5000-5999: Services And Other Operating Expenditures Base \$15,000

sodium content of the meals (sodium targets must be reached by school year 2017-18 and school year 2022-23). While school lunches must meet federal meal requirements, decisions about what specific foods to serve and how they are prepared are made by local school food authorities. Sodexo provided a regional menu for all (Sodexo contracted). Schools in California and each district had the ability to customize choices to better serve their demographics. All menus were nutritionally analyzed and fulfilled the component requirements of the Health Hunger-Free Kids Act (HHFKA). Menus were changed quarterly, sometimes monthly, depending on the availability of product. Sodexo used Freshpoint Produce Distributor for all produce needs, which procures almost all of their product locally (within a 200 mile radius).

Saturday Academy: Our Saturday Academies operate approximately 10 times per year @ each site and is a comprehensive program designed to provide a broad scope of instructional programs for our students ranging from extended learning opportunities that are aligned to the CCSS to a wide variety of enrichment classes. Our own certificated teachers and other support staff plan and implement rigorous and fun learning experiences that keeps students coming back for more sessions.

The Saturday Academy program also captures lost ADA revenues through our 4-hour sessions that also includes a nutritional break.

Action 7

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>We will continue to provide Choice Programs for students, including TWBI (Two-Way Bilingual Immersion program), Indigo (Parent Involvement Program), AdVENTURE STEMS (grades 5-8), STEM Leadership Academy at Christopher (grades 7-8), and the Independent Study Program (ISP TK-8). The Bilingual Program in grades K-3 at Christopher, Edenvale, and Stipe will focus on providing primary Spanish support classes to students in three Title 1 Schools. The development in a student's first language is critical to his or her development of high proficiency in a second language. Primary language is a resource which makes content area instruction in English much more comprehensible and allows students to learn a second language in a more expeditious manner.</p>	<p>A variety of choice programs were offered to students and families to meet the needs of diverse learners in order to meet proficiency towards Common Core State Standards:</p> <p>The Oak Grove Two-Way Bilingual Program was expanded to include grade 2 this year. Necessary instructional materials, technology, assessments and furniture were purchased in this expansion. Additionally, a consultant to the program provided direction and guidance for program implementation. There are 6 classes currently: two each of kindergarten, first grade, and second grade. Teachers were provided professional development (2 hours for 2 days: 6 teachers).</p> <p>Indigo Program had twelve classes which covered grades K-8.</p> <p>The AdVENTURE Science Technology Engineering Math (STEM) Program had 8 full time teachers, a 0.2 music teacher, and 1.4 P.E. teachers.</p>	<p>Most costs are found in Action 1 and 9</p> <p>The Association of Two Way/Dual Language Education (TWIBL) 5000-5999: Services And Other Operating Expenditures Base \$14,500</p>	<p>Most costs are found in Action 1 and 9</p> <p>The Association of Two Way/Dual Language Education (TWIBL) 5000-5999: Services And Other Operating Expenditures Base \$23,500</p>

The Christopher STEM Leadership Academy had two classes for students in grades 7-8.

The Independent Study Program was available to students in TK-8th grade.

Christopher offered the Spanish Bilingual Program in grades K-4; Stipe and Edenvale offered the Spanish Bilingual Program in grades K-3.

RECRUITMENT:
Ongoing communication, Choice Program Option Nights, parent meetings, flyers and brochures, and tours were provided for all district choice programs.

Action 8

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Continue the use of the iReady diagnostic assessment program three times a year (iReady). Continue the extended testing window for Kinder as a result of teacher feedback from 2015-16, and use ECSI for kindergarten. Analyze overall usage of the toolkit and growth monitoring assessments to guide instruction. Continue to offer professional development as needed for teachers, coaches, and administrators. At the end of the year, we will need to determine if</p>	<p>iReady diagnostic assessment was implemented in the Fall, Winter and Spring as a diagnostic tool to measure academic progress in ELA and Math.</p> <p>Our TWBI program utilized CPAA, EDL2, Pre-LAS, and LAS for assessment.</p> <p>Istation was used in our TWBI program and in our bilingual programs as an intervention program with embedded</p>	<p>iReady 4000-4999: Books And Supplies Base \$358,887</p> <p>School City 4000-4999: Books And Supplies Base \$85,000</p> <p>30 licenses for ESGI Kindergarten 4000-4999: Books And Supplies Lottery \$4,770</p> <p>NWEA (CPAA), LAS, EDL2 - Spanish Assessments 4000-4999: Books And Supplies Lottery \$7,050</p>	<p>iReady 4000-4999: Books And Supplies Base \$358,887</p> <p>School City 4000-4999: Books And Supplies Base \$85,000</p> <p>30 licenses for ESGI Kindergarten 4000-4999: Books And Supplies Lottery \$4,770</p> <p>NWEA (CPAA), LAS, EDL2 - Spanish Assessments 4000-4999: Books And Supplies Lottery \$7,050</p>

we will continue to use iReady or a different assessment.

Expand the use of the SBAC Interim Assessments.

Evaluate whether or not to continue with iReady for the 2018-19 school year or determine alternative assessments.

Continue to use SchoolCity as the student data warehouse for analysis of all the assessments, PE testing, GATE testing, and grades TK-6 Report Cards and Alternative Report Cards.

assessments to monitor student progress.

Our kindergarten students were also assessed using ESGI.

PD on SBAC Interim Assessments was given and teachers had the opportunity to administer them in grades 3-8.

PD FOR iREADY for Administrators and Instructional Leaders:
8/30 (1 sub required)
1/24 (1 sub required and 16 TOSAs paid on a time card for 1 hour)
3/7

MDTP assessment was administered to all sixth grade students for placement into seventh grade Compacted Math.

We will continue utilizing iReady as our district benchmark assessment for the 2018-19 school year. This year, we added a focus of PD for teachers around iReady's tools of growth monitoring, standards mastery, usage and pass rates, and intentional use of lessons and quizzes as formative assessment tools.

School City was utilized for Report Cards, Rapid Response assessments, PE testing, and GATE testing, as well as serving as a data warehouse.

All 3rd grade students across the district took the Raven GATE placement test online from 3/6/18-4/13/18. Additionally, fourth and fifth graders who did not take it the previous year were given an opportunity to take the test. GATE teacher reps attended a training to administer the test.

District GATE Teacher Rep meetings: 10/19/17 & 2/8/18
 District GATE Parent Meetings: 10/16/17 & 2/7/18

Action 9

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Purchase and print curriculum materials, such as, but not limited to, Expeditionary Learning, Core Knowledge Language Arts, Engage New York, CPM, and Fuel Education for ISP. We will also continue to explore other curriculum as it becomes available. Continue to research NGSS resources as they become available.</p>	<p>In addition to the online Fuel Education, the Ready Curriculum was purchased for Independent Study Program (ISP) for grades TK-8.</p> <p>Bridges Math was purchased for 8 teachers who piloted Bridges last year.</p> <p>Utah Math/MVP Math was printed for the 8th grade Compacted teachers at Bernal and Herman.</p> <p>EdGems was the math curriculum piloted at Davis.</p> <p>CPM replacement materials were purchased for 6th - 8th grades.</p>	<p>Fuel Education for ISP 4000-4999: Books And Supplies Lottery \$30,000</p> <p>Spanish Math Materials 5700-5799: Transfers Of Direct Costs Title III \$8,000</p> <p>CPM Replacement Math for grades 6-8 4000-4999: Books And Supplies Lottery \$30,000</p> <p>Engage New York Math Printing 5700-5799: Transfers Of Direct Costs Lottery \$200,000</p> <p>Expeditionary Learning ELA Printing 5800: Professional/Consulting Services And Operating Expenditures Lottery \$165,000</p>	<p>Fuel Education for ISP 4000-4999: Books And Supplies Lottery \$30,000</p> <p>Spanish Math Materials 5700-5799: Transfers Of Direct Costs Title III \$8,000</p> <p>CPM Replacement Math for grades 6-8 4000-4999: Books And Supplies Lottery \$30,000</p> <p>Engage New York Math Printing 5700-5799: Transfers Of Direct Costs Lottery \$200,000</p> <p>Expeditionary Learning ELA Printing 5000-5999: Services And Other Operating Expenditures Lottery \$165,000</p>

ELA printing of CKLA and Expeditionary Learning was provided for teachers as district-adopted curriculum

Path to Excel supplied our math workbooks in English.

We printed math workbooks in Spanish for our bilingual and TWBI classes.

Read 180 and Math 180 were purchased as Tier 3 interventions for our students with disabilities (SWD) and our English learners (EL).

Instructional curriculum was purchased for TWBI: Benchmark, Dreambox, Istation, library books and math materials.

Handwriting without Tears was purchased for students in Transitional Kindergarten.

We paid for the license to use the library database software, DESTINY.

Library books, Follet License and Destiny software licence purchased for use in our school libraries.

iReady was purchased by the district as online curriculum support for K-8th grade students to access grade level standards.

Expeditionary Learning ELA (Follett, American Reading) 4000-4999: Books And Supplies Lottery \$30,000

Action 13

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>For schools with a high number of EL students and students from low socio-economic levels, we are providing Visual & Performing Arts opportunities through Music for Minors and Community School of Music & Art. Research shows that there is theoretical and psychological support for the inclusion of music and art in the teaching of English. English Learners acquire vocabulary and grammar, improve spelling, enhance rote memorization and develop the linguistic skills of reading, writing, speaking and listening (Jalongo & Bromley, 1984, McCarthey, 1985, Martin, 1983, Mitchell, 1983, Jully, 1975) through music. Educators confirm that the pleasure derived from music boosts the learning of language. Knowing the importance of music to language acquisition, Music for Minors and Community School of Music & Art provides English Learners with enhanced learning opportunities. Neurologists (Maess & Koelsh, 2001) have discovered that both musical and linguistic syntax are</p>	<p>In a partnership with Music for Minors, vocal music instruction was added for TK to 2nd grades at the 4 Title I schools.</p> <p>In a partnership with Community School of Music and Art (CSMA), art instruction was added to 2nd grade at the 4 Title I schools.</p>	<p>Music for Minors Contract 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$41,250</p>	<p>Music for Minors Contract 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$41,250</p> <p>Community School of Music and Art (CSMA) 5000-5999: Services And Other Operating Expenditures Supplemental \$11,000</p>

similarly processed. Music and language are, of course, two dramatically different forms of communication. However as Ayotte (2004) observed, both music and language share the “same auditory, perceptive, and cognitive mechanisms that impose a structure on auditory information received by the senses.”

pension costs and declining enrollment.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall, there was an increase in the number of teachers utilizing the adopted common core curriculum. Through unit development and professional development days, we have engaged in implementation of how to integrate our core curriculum with the SEAL model. We have increased utilization of our instructional coaches for professional development tailored to the needs of our schools and teachers. The roll out of Interim Assessment Blocks, iReady resources, School City assessments, PLC development at sites based on formative assessment data was a district-wide focus of communication and professional development with standardized implementation. We provided opportunities for all teachers to attend professional development at regularly scheduled induction meetings. Providing consistent implementation of foundational CORE curriculum was a focus this year through PD in iReady, Expeditionary Learning, Guided Reading, Engage NY math, and common formative assessments. We were able to provide resources, funding and online supports for teachers in implementing NGSS curriculum in their classrooms.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

We saw increased utilization of iReady resources through our focus of usage and pass rates district-wide. Our comparison of students on or above grade level between diagnostic 1 and 2 show dramatic changes with a difference of up to 24% more students on or above grade level from September to December. Additionally, our predicted proficiency scores for SBAC show 53% of students in Reading and 43% of students in math predicted to be at levels 3 and 4 based on D2 results.

Our PAL coaches have provided numerous professional development in accessing Interim Assessment Blocks (IAB) to teachers district-wide, and we've seen gains in teachers utilizing these formative assessments in comparison to last year.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 7 - Added additional budget for recruitment related expenditures for the TWBI program.

Action 9 - Did not anticipate additional expense.

Action 10 - Change in personnel.

Action 13 - CSMA contract existed in prior years. However, amount for contract was not included in the Adopted LCAP.

Action 16 - Supplemental reserve no longer necessary as money was re-allocated to different areas of supplemental need.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As we reflect and refine our actions for next year, we want to target PD for teachers to capture a systematic roll out of foundational skills and our adopted math and ELA curriculum with our coaching support focused on common standards mapping and formative assessments, communicated district-wide through an aligned PD calendar at our school sites by learning community and/or through the use of common release days. We also see the need for more mentors for Special Education as we currently have 13 teachers/interns with 1 mentor to address all of their needs. Additionally, to support our coaches in mentoring teachers throughout the district, we plan to explore opportunities to further their professional development.

Annual Update

LCAP Year Reviewed: **2017-18**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 2

We will accelerate the academic achievement toward meeting or exceeding standards for English Learners (EL), low socioeconomic disadvantaged students, Foster Youth, and students of color, as well as increase the language proficiency for EL.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)

Local Priorities:

Annual Measurable Outcomes

Expected

Metric/Indicator

We will analyze the California Student Achievement of Performance and Achievement (CAASPP), Smarter Balanced (SBAC) English Language Arts (ELA) and Math results, and the indicators on the CA Schools Dashboard.

California English Language Development Test (CELDT) and English Language Proficiency Assessment in California (ELPAC) initials and summatives.

We will analyze annual reclassification data of our EL students based on district criteria.

Actual

OGEA ELA	2014-15 to 2016-17	Growth/Difference:
EL	14% to 23%	+9%
RFEP	72% to 77%	+5%
Econ. Disadv.	30% to 35%	+5%
Hispanic	31% to 34%	+4%
African American	37% to 36%	-1%

Dashboard Results

2015-16: Difference from 3: 1 point below Change: increase of 7.3 points
 2016-17: Difference from 3: 3 points below Change: decrease of 1.9 points

OGEA Math	2015-16 to 2016-17	Growth/Difference:
EL	11% to 23%	+12%
RFEP	60% to 62%	+2%
Econ. Disadv.	22% to 26%	+3%
Hispanic	21% to 25%	+4%
African American	25% to 27%	+2%

Dashboard Results

2015-16: Difference from 3: 22.8 points below Change: increase of 5.8 points

Expected

17-18

We will

- increase the CAASPP SBAC Level 3-4 results by 5% higher than the prior year in ELA and Math for all students in grades 3-8.
- increase the points toward level 3 in ELA and Math on the Dashboard by at least 7.
- increase the English Learner Progress to 75% with an increase of 3%.

We will create a new baseline using ELPAC summative results.

We will increase our EL reclassification results by 2%.

Actual

2016-17: Difference from 3: 20.1 points below Change: increase of 2.7 points

English Learner Progress Indicator (ELPI):

2016: 77.6%

2017: 76.1%

We administered the ELPAC Summative assessment this year and anticipate baseline results in May or June 2018.

EL Reclassification:

Between 2012-13 and 2016-17, 15.5% of ELs grew one or more levels on the CELDT. The percentage of ELs “stuck” in intermediate levels of English decreased by 9% while our percentage of ELs at Early Advanced and Advanced levels jumped 6% and 8% respectively. Additionally, the number of ELs reclassified to English proficient increased significantly from 353 in 2012-13 to 514 in 2017-18. Lastly, on the California Assessment of Student Performance and Progress (CAASPP) assessment, the percentage of ELs meeting or exceeding standards in ELA and math grew 9% from 2014-15 to 2016-17.

Expected

Baseline

CAASPP Student Populations:

2015-16 ELA Results

African American 39%

Hispanic 34%

Special Education 11%

English Learners 19%

Economic Disadv 33%

All 50%

2015-16 Math

African American 26%

Hispanic 25%

Special Education 9%

English Learners 20%

Economic Disadv 26%

All 42%

On the California Schools Dashboard:

- Student populations in yellow are EL, Socioeconomically Disadvantaged, African American, Hispanic.
- The Student population in red is Students with Disabilities which is addressed in Goal 2.
- The English Learner Progress was indicated orange, but the CELDT results used were from 2013-14.

2015-16 - 64.5% ELs increased on CELDT at least one level.

2015-16 -56.8% EL students more than five years in a CA school met English language proficiency.

2015-16 -33.3% EL students less than five years in a CA school met English language proficiency.

Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Provide the PreK-3rd comprehensive 2 year professional development model, Sobrato Early Academic Language (SEAL). The SEAL model was designed by Dr. Laurie Olsen, a national expert in language learner education. The SEAL model pulls together the most current research on effective practices and implements the knowledge base from effective school improvement. It focuses on meeting the demands of the Common Core standards and ELD Standards while addressing the needs of English Learners, their parents, and their teachers. The SEAL model is a response to the persistent achievement gap facing English Learners. It was developed drawing upon the research on preventing the creation of Long Term English Learners, and enacts the research on effective English Learner practices along with the implementation of the Common Core, ELD Standards, ELA/ELD Framework, Next Generation Science Standards (NGSS), and the new history/social science framework. The SEAL model was designed on three foundations. Foundation #1: Research on</p>	<p>A total of 174 TK- 5th grade teachers at 14 sites participated in SEAL PD and SEAL implementation. 25 teachers are in year 4 or 5 of SEAL at 4 sites receiving coaching and planning from the ELTPs (1 at each site) and 3 days of grade level unit development. 104 TK - 3rd grade teachers are in year 3 or 4 of SEAL and received 3 or 5 days of grade level collaborative unit development. 45 TK- 5th grade teachers are in year 1 or 2 of SEAL PD at the 14 sites receiving 11 - 13 days of PD which may include a 2-day launch overview, 6 days of module training and 5 days of unit development. SEAL PD for District Personnel: October 16 & 17 and February 12 - SEAL New Principal PD; December 14 & 15 - SEAL Leadership PD; August 22 & 23, November 13, April 23 - New SEAL Coaches; November 3, January 22, April 30 - Year 3+ SEAL Coaches; August 22 & 23, November 27, April 20 - Grade 4/5 SEAL Coaches; January 23, January 25, February 15 - Instructional Rounds for Coaches and Principals. The ELTPs</p>	<p>SEAL Subs (686 days) and Unit Development 1000-1999: Certificated Personnel Salaries Title III \$115,921</p> <p>SEAL Subs (280 days) 3000-3999: Employee Benefits Title III \$4,079</p> <p>SEAL Subs (561 days) 1000-1999: Certificated Personnel Salaries Supplemental \$98,175</p> <p>SEAL Subs (561 days) 3000-3999: Employee Benefits Supplemental \$3,455</p> <p>SEAL Materials 4000-4999: Books And Supplies Supplemental \$60,000</p> <p>SEAL Materials 4000-4999: Books And Supplies Title III \$7,000</p> <p>Translations 2000-2999: Classified Personnel Salaries Supplemental \$9,114</p> <p>Translations 3000-3999: Employee Benefits Supplemental \$886</p>	<p>SEAL Subs (686 days) and Unit Development 1000-1999: Certificated Personnel Salaries Title III \$115,921</p> <p>SEAL Subs (686 days) and Unit Development 3000-3999: Employee Benefits Title III \$3,748</p> <p>SEAL Subs (561 days) 1000-1999: Certificated Personnel Salaries Supplemental \$98,175</p> <p>SEAL Subs (561 days) 3000-3999: Employee Benefits Supplemental \$3,111</p> <p>SEAL Materials 4000-4999: Books And Supplies Supplemental \$60,000</p> <p>SEAL Materials 4000-4999: Books And Supplies Title III \$7,000</p> <p>Translations 2000-2999: Classified Personnel Salaries Supplemental \$9,114</p> <p>Translations 3000-3999: Employee Benefits Supplemental \$860</p>

preventing the creation of Long Term English Learners. Foundation

#2: Enacting the research on effective English Learner Practices from Improving Education for English Learners: Research-Based Approaches by CDE. Key research findings include: 1) Quality early childhood education; 2) An emphasis on oral language; 3) Explicit focus on academic language; 4) Language develops in context, not in isolation; 5) Specific and additional instructional supports and scaffolded instruction; 6) Dedicated and intentional ELD instruction; 7) Development of the home language; 8) Strong relationships between home and school. Foundation

#3: Addressing the demands of Common Core, ELD Standards, and the ELA/ ELD Framework. English Learner Teacher Partners (ELTPs) as Instructional Coaches: Provide ELTPS at each site to provide ongoing coaching and facilitation in order to fully implement SEAL. This includes planning and facilitation of grade level unit development days as well as supporting the teachers with the SEAL strategies and implementation through on site coaching and planning. SEAL materials: In order to implement the SEAL model, we provide additional materials for the SEAL model for each classroom that is

participated in professional development and collaboration for SEAL coaching and English Language Arts (ELA)/ English Language Development (ELD) every Friday afternoon for 3 hours. The ELTPs participated in 4 days of ELPAC training.

There are a total of 14 sites providing SEAL PD at various grade levels depending on the year of SEAL PD and implementation. Here are the number of teacher release days by cohort and grade level.

Cohort 1,2,4 TK: 9-7, 1-31, 3-28 - 7 teachers (21)

Cohort 1 K-1: 9-18, 2-8, 4-18 - 17 teachers (51)

Total teacher release days = 1066

14 ELTPs, 1 at each site, provided coaching, grade level planning, materials, support, and facilitation of grade level unit development planning on a daily basis. This included facilitating grade level UDDs and attending module trainings with their teachers. The ELTPs purpose is to provide quality coaching (model lessons, team teaching, planning and facilitating grade level unit development days) and grade level

planning for our teachers to meet the needs of our EL students.

2016-17 Summer Bridge: 2 week session from June 12 - June 23, 2017. 30 teachers and 8 coaches participated in the Summer Bridge. There were 3 sites with a total of 17 classes where the teachers team taught. The coaches provided coaching in the morning as well as the afternoon sessions. A parent component was included during Summer Bridge where the parents attended workshops facilitated by the coaches. These workshops share with the parents the learning strategies that were practiced in the classrooms. 359 students participated at 3 sites. The students attended 3 1/2 hours in the morning and the teachers continued with professional development and planning for 3 hours in the afternoon.

School will implement the Rigor, Relevance and Learner	All Principals:	ICLE Trainer for new principals 5800: Professional/Consulting Services And Operating	ICLE Trainer for new principals

Engagement Framework in all content areas.

All principals participated in monthly site walkthroughs using the Collaborative Instructional Review (CIRs) looking at Rigor, Relevance and Learner Engagement with considerations for our English learners. Principals used rubrics in their walkthroughs to look for evidence of student learning. Additionally, the principals brought their evidence from the walkthroughs to monthly PLC meetings to calibrate their findings and discuss next steps for rigor, relevance and learner engagement at their sites. The walkthroughs and monthly PLC focus on devising a common voice and shared vocabulary for rigorous, relevant and engaging instruction.

Sustainability for our New Principals:

Our four new principals and ESD leadership collaborated in providing professional development to sustain our work with implementing Common Core with rigor. The International Center for Leadership in Education (ICLE) provided professional development for the four new principals four times during the school year in September, December, March and May. The new principals spent a 1/2 day with ICLE to receive professional development on the Rigor and Relevance Framework with English Learner Considerations. The new principals

Subs for teacher release time for school visits 5000-5999: Services And Other Operating Expenditures Supplemental \$25,000

Subs for teacher release time for school visits 5000-5999: Services And Other Operating Expenditures Supplemental \$25,000

uses the Collaborative Instructional Review Process to equip their leadership teams and teachers with establishing and communicating clear expectations around student learning, instructional excellence and effective practice.

Subs were not required to implement the work for this action. Monthly walkthroughs were done during existing Learning Community collaboration time and new principals did not require a sub since the professional development was only for a 1/2 day off site.

In addition to using various formative and summative data to inform instructional practices, a district-wide focus of consistent and accountable Professional Learning Communities (PLC) was established through monthly PLC collaboration time at monthly Curriculum and Instruction leadership meetings. Common goals across all sites centered around:

- establishing consistent and regular PLC meeting time at sites
- training a team of PLC facilitators at all sites
- creating a common and shared portfolio of PLC work across sites
- establishing a regular process of looking at student formative data

and establishing response in instruction to meet learning needs

- providing targeted PD and collaboration for 3 sites to engage in partnership with New Teacher Center. This included 4 Facilitator forums, principal attendance at Administrator Facilitation overviews and training teacher leaders at these sites in 3-day facilitator PD.

PLC Facilitators' Training was held on two separate occasions:

We sent 3 teachers from Hayes to attend the trainings on 10/10, 10/11, and 10/24.

We sent 4 teachers from Anderson, 1 from Del Roble, and 2 from Hayes to attend on 2/14, 2/15, and 2/27.

One Day Administrators' training was held on 11/2 and 2/13. Four administrators attended on 11/2; 5 attended on 2/13.

Action 7

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Additional ELD teachers, 1.0 FTE per the Herman and Bernal Intermediate Schools and 2 FTEs	Four Intermediate School ELD teachers:	Intermediate School ELD Specialists 1000-1999:	Intermediate School ELD Specialists

at Davis to support the EL students with specific strategies and interventions with language development by providing ELD Support Classes.

Attended 2 days (8/28 and 11/6) of training for English 3D and teach a period of English 3D at their sites. Attended 1 day of training for Read 180 or System 44 in August. (Budget Accounted for in Goal 1, Action 11)

Digital Licenses and materials were purchased for English 3D for three intermediate schools.

Two of the three ELD teachers teach Read 180 for a double period for students who qualify for this Tier 3 intervention. One of the three schools offered Read 180 as an after school intervention for EL students who qualify.

All 4 Intermediate School ELD teachers had 2 planning days (12/19 and 4/10) with district office administrators to discuss consistency in programs, needs for ELs at intermediate schools, preparing students for ELPAC, and to co-plan and collaborate together.

Our four Title I schools are provided with an additional teacher to lower overall class size to provide more individualized instruction to students. This allows classroom teachers to facilitate targeted small group classroom interventions concentrated on improving English Language development.

Certificated Personnel Salaries Supplemental \$239,638

Intermediate School ELD Specialists 3000-3999: Employee Benefits Supplemental \$100,350

English 3D 4000-4999: Books And Supplies Title III \$15,007

1000-1999: Certificated Personnel Salaries Supplemental \$295,119

Intermediate School ELD Specialists 3000-3999: Employee Benefits Supplemental \$114,444

English 3D 4000-4999: Books And Supplies Title III \$15,007

Additional Title I Teacher - Christopher - Stipe 1000-1999: Certificated Personnel Salaries Supplemental \$181,528

Additional Title I Teacher - Christopher - Stipe 1000-1999: Certificated Personnel Salaries Supplemental \$64,717

Action 8

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Partners in School Innovation (PSI) will analyze data and support the staff at three Title I schools. Based on the analysis, decide the next steps and focus with PSI. Title 1 schools will continue participating in a Professional Learning Community in an Instructional Leadership Team network facilitated by Partner leaders.</p>	<p>PSI staff, called SIPs, provide extensive instructional program and PLC support to Leadership Teams at three Title I schools. PSI staff has led site teams to develop Theories of Action and to implement their Instructional Focus based on site-based student achievement data and professional learning needs. PSI staff consistently collaborates with administrators, coaches and teachers to analyze formative and summative data, examine student work exemplars, and develop student interventions in regular Results-Oriented Cycles of Inquiry. Twice annually, PSI partners with each school's Instructional Leadership Team (ILT) or CEIT (approximately 21 teachers) to establish year-long instructional goals and areas of academic focus.</p>	<p>Partners in School Innovation Contract 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$330,000</p>	<p>Partners in School Innovation Contract 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$330,000</p>

Action 9

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Davis Intermediate School has 62.5% low socioeconomic disadvantaged students and 30% English Learners. This is significantly higher than the other</p>	<p>Davis Intermediate School had one additional teacher provided by the district to support lower class size and focused English language instruction for the benefit of EL</p>	<p>Davis allocation 0000: Unrestricted Supplemental \$151,909</p>	<p>Davis allocation 0000: Unrestricted Supplemental \$151,909</p>

two Oak Grove intermediate schools. We will provide Davis Intermediate Schools with additional funds for additional staff, teacher planning days, and professional development in order to achieve the goal that all students will be proficient and we will accelerate the results of the low socioeconomic disadvantaged students and English Learners.

students. English Language Learners below grade level in reading participate in Read 180 and/or System 44 intervention. English Language Learners below grade level in math participate in Math 180 interventions.

Action 10

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Provide and continue to analyze the effectiveness of the intervention programs (e.g. READ 180, System 44, I-Ready and Rosetta Stone, Reading A-Z, etc.) and implement with consistency and fidelity to support unduplicated students.</p>	<p>For English learners who qualify, the following interventions were provided:</p> <p>Tier 1 Support: iReady is provided as a resource for EL students at all 19 schools through tailored lessons, targeted intervention of small group instruction or 1:1 instruction using resources in the Teacher Toolbox.</p> <p>Tier 2 Support: Rosetta Stone online licenses and support materials are provided for newcomers in grades 2-8 at all sites.</p> <p>Tier 3 Support: Read 180 and System 44 at four Title 1 funded schools and 2 intermediate schools. Provided at one intermediate school as an after school intervention.</p>	<p>Rosetta Stone (100 Licenses), Reading A-Z, Reading 180 Consumables and Licenses, Carrousel, Headphones 4000-4999: Books And Supplies Title III \$47,500</p> <p>Read 180 and System 44 = Consumables 4000-4999: Books And Supplies Supplemental \$115,000</p>	<p>Rosetta Stone (100 Licenses), Reading A-Z, Reading 180 Consumables and Licenses, Carrousel, Headphones 4000-4999: Books And Supplies Title III \$47,500</p> <p>Read 180 and System 44 = Consumables 4000-4999: Books And Supplies Supplemental \$42,000</p> <p>Read 180 and System 44 = Consumables 5000-5999: Services And Other Operating Expenditures Supplemental \$73,000</p>

Action 12

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>The Math Coaches will focus specifically on the African American students in math. After the 2016-17 CAASPP results are released, they will analyze them by school, grade and individual students. It will become their specific cycle of inquiry to determine the specific math cluster or domain or instructional strategy to increase the achievement of African American students in mathematics.</p>	<p>Using data, the coaches focused on targeted schools and grade levels. They worked with teachers to determine the specific areas to best support their students in math and used assessments to guide their planning and instruction.</p> <p>We also emphasized the use of IABs in third-eighth grade classes, and School City/Rapid Response assessments for K-2. Our PALs provided PD on IABs to principals at a C&I, and they were also available on meeting-free Wednesdays for principals to drop in and discuss IABs. PALs were also invited to the elementary sites to provide PD on the IABs for the teachers.</p> <p>Additionally, growth monitoring was utilized through iReady as another formative data point throughout the year for math.</p> <p>In February, data was pulled regarding how many IABs were given by site and grade level. As of 2/6/18, the number of IABs given throughout the district were: Third grade: 614 IABs (213 as of this time last year)</p>	<p>No additional cost - part of the Coaches work</p>	

Fourth grade:492 IABs (401 as of this time last year)
 Fifth grade: 423 IABs (225 as of this time last year)
 Sixth grade: 258 IABs (195 as of this time last year)
 Seventh grade: 340 IABs (0 as of this time last year)
 Eighth grade: 126 IABs (0 as of this time last year)

Teachers used IAB data and School City data to inform their class instruction.

pension costs and declining enrollment.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall we felt successful in the implementation of services and actions to achieve this goal. Highlighted successes included a co-planned and standardized roll-out of PD across the district to address ELD standards, the implementation of SEAL combo units for the first year, and the start of the SEAL model in grade 4/5 SEAL at 4 sites. Also, a systematic and consistent implementation of PLCs at sites focused on student data review and response through instruction. Additionally, we achieved successful initial implementation of ELPAC summative assessment through training testers, providing an overview of ELPAC for teachers and administrators district-wide, and starting and administering ELPAC summative testing within our planned time frame.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

We reclassified 161 more students this year based on academic and summative assessment data for our English learners.

Teachers are using more formative data opportunities to look at and analyze student progress on a more regular basis through PLC. For example, in the use of Interim Assessment Blocks (IABs) as a formative tool, we saw the number of assigned math IABs (administered from September to February) increase from 1034 in 2016-17 to 2253. That represents over a 200% increase in utilization of this powerful tool. Eighty-nine percent of sites have trained facilitators to lead the work of collaboration and data analysis on a regular basis. Additionally, monthly leadership walkthroughs and PLC collaboration time at C&I meetings have laid the foundation of shared implementation of PLC through a collaborative and accountable process.

Academic language, student collaboration and engagement were evident in all SEAL classrooms. There is continued cross-site teacher collaboration by grade level in the development of strategies and units. All teachers are aware of the ELA/ELD Framework, ELD standards and integrated and designated ELD. Lessons are being planned with the framework components in mind. Student academic discussions are becoming more focused on the content and citing evidence for their thinking in ELA and math.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 2 & Action 3 - Printing expenditures were higher than anticipated.

Action 7 - The additional Title I teachers was not included after LCAP adoption.

Action 10 - Change in object code.

Action 14 - Supplemental reserve no longer necessary as money was re-allocated to different areas of supplemental need

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Looking towards actions and services for next year in Goal 2, we have a goal of implementation of SEAL in all of our elementary schools. With consolidation of schools, we anticipate that all elementary school sites will have significant percentages of ELs with needs that would benefit from the SEAL model. Additionally, we see a need under action 1 to plan for 1-2 principals' convenings for sites implementing the SEAL model to discuss implementation, next steps and rigorous administration to meet the needs of our EL students.

Within our bilingual classrooms, our goal is to increase the program to 4th and 5th grade, while expanding the TWBI program to 3rd grade next year.

In reflection of this goal, we saw a need for planning and collaboration time for ELD teachers at the intermediate schools and ELD instructional assistants in addition to our teachers in the bilingual and TWBI programs.

Since no new administrators are expected for the following year, we will not have a need for a consultant in 18-19 for the sustainability of rigor, relevance and learner engagement rubrics, but the continued implementation of these rubrics will be implemented via monthly walkthroughs and leadership PLC collaboration.

Read 180 will be implemented at all three of the middle schools.

We will continue to explore a better way to spend safety net money for after-school support.

Math coaches will be moved to Goal 1.

Annual Update

LCAP Year Reviewed: **2017-18**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 3

We will provide an inclusive learning environment for students with disabilities to best support social, emotional, and academic development.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 7: Course Access (Conditions of Learning)

Local Priorities:

Annual Measurable Outcomes

Expected

Metric/Indicator

We will analyze the California Student Achievement of Performance and Achievement (CAASPP), Smarter Balanced (SBAC) English Language Arts (ELA) and Math results, and the indicators on the CA Schools Dashboard.

The Performance Indicator Review Measure of the amount of service on an IEP.

17-18

Increase the Special Education results on ELA and Math CAASPP by 10%.

Increase the Special Education Dashboard indicators by minimum of 7 points toward level 3 in ELA and Math.

Actual

OGEA ELA	2015-16 to 2016-17	Growth/Difference:
SWD	12% to 12%	no change

Dashboard Results

2015-16: Difference from 3: 96.9 points below Change: decrease of 0.6 points
 2016-17: Difference from 3: 104.4 points below Change: decrease of 7.5 points

OGEA Math	2015-16 to 2016-17	Growth/Difference:
SWD	9% to 11%	+2%

Dashboard Results

2015-16: Difference from 3: 127.4 points below Change: decrease of 4.3 points
 2016-17: Difference from 3: 124.1 points below Change: increase of 3.3 points

Provide a Special Education Coach who will support teachers with classroom management, IEPs, curriculum, instructional strategies, CAASPP testing accommodations and the California Alternative Assessment (CAA).

Special education (SE) coach provided several hours of training to all induction teachers in their Induction workshops. Provided IEP, 504, brown file walkthrough and special populations RtI training to all induction teachers 8/28, 10/23, and 3/26.

SE coach provided training to district Instructional assistants at beginning of year welcome back PD in August.

SE Coach provided procedural training throughout the year to all special education staff through monthly all-staff meetings and attended Support staff meetings at individual school sites, as requested. Additionally, she provided small group trainings on relevant topics (IEP compliance, TOMs entry for CAASPP, etc.) throughout the year.

SE coach provides a minimum of 4 hours of support monthly for a total of 8 induction candidates. SE coach provided a minimum of 4 hours monthly for 6 interns as a part of their internship agreement between the district and the university.

SE coach is CAASPP coordinator for special education and attended state provided training updates for the SBAC. SE Coach provided training, materials and DFAs for all special education teachers for SBAC and CAA.

Coach 1000-1999: Certificated Personnel Salaries Special Education \$104,522

Coach - Kim Nichol 1000-1999: Certificated Personnel Salaries Special Education \$104,595

Coach 3000-3999: Employee Benefits Special Education \$41,019

Coach 3000-3999: Employee Benefits Special Education \$41,565

SE Coach supported all teachers with IEP procedures and compliance through either one-on-one targeted support or small group trainings.

SE Coach researched and provided input on curriculum for new dyslexia legislation, categorical ID program strand and all categorical and non-categorical programs.

Participated in special education PD around UDL and special education for principals.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We were able to accomplish all actions listed under Goal 3. The special education staff provided PD focused on least restrictive environment, multi-leveled systems of support and guidance to new teachers around a variety of curriculum and programs. Mental health services, support for assessments and communication in students' primary language, information regarding assessments, compliance and new curriculum was provided through the special education coach and other district staff.

To support data analysis of Read 180 and System 44 implementation and effectiveness, the special education program specialist sent monthly data reports to sites to reflect on next steps.

Additionally, we were successful in meeting compliance needs with the support of district special education staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

In reviewing data from Read 180 and System 44, we saw the following results:
Phonics Inventory, System 44: 12 students moved from pre or beginning reader to developing decoder; 10 students moved from developing decoder to advancing decoder.

Reading Inventory for Read 180: average student lexile growth of 76 points.

Math Inventory: Math 180 average quantile growth of 75 points.

When used with fidelity, Read 180 and System 44 shows impressive results.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 7 - Expenditures are more than anticipated overall, Costs such as NPS, Legal and other related Special Ed services have increased to meet students needs.

Action 9 - Supplemental reserve no longer necessary as money was re-allocated to different areas of supplemental need.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Under actions and services under goal 3, we will continue to explore other options for curriculum for students with autism.

We will develop a system of regular accountability, implementation and coaching support of Read 180 and System 44--consistency is needed.

We will continue our focus of clarifying support at multi levels for all students to meet their academic, behavioral and social emotional needs through an MTSS model.

Annual Update

LCAP Year Reviewed: 2017-18

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 4

Students will use technology to master the 21st Century Skills of collaboration, communication, critical thinking and creativity. Oak Grove will provide innovative strategies with support for technology implementation that would enhance student learning of core academic subject knowledge, and meet technology standards.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 5: Pupil Engagement (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Annual Measurable Outcomes

Expected

Metric/Indicator

We will continue with the Annual Technology Survey (Brightbyte) given to all teachers and students in grades 4-8.

We will monitor the participation rates on local resources like iReady, Read 180, Systems 44 and CAASPP Tests.

Actual

The annual Student Technology Survey indicated that 78.5% of students in grades 3-8 use technology weekly at school. Of the 78.5% who access weekly, 69.9% indicated that they used Chromebooks on a daily basis at school.

99.2% of teachers report their students (including EL Students) use technology to access core subjects and standards when needed. Of these teachers, 57.5% indicate students access technology on a daily basis. All English Learners use the technology to access ELA and Math through a variety of online resources such as i-Ready, Read/Math180, System 44, Rosetta Stone (English), and Google's G Suite. We would like to continue to focus on the frequency of access.

98% of our students have enrolled in grades 3-8 took the SBAC test on Chromebooks in 2016-2017.

79% of students are utilizing technology to master the 4Cs with their peers. 60% of students are utilizing technology to master the 4Cs with their teachers.

Expected

17-18

85% of the students will use technology daily as an instructional tool to master core the grade level technology standards.

95% of ELs will use technology to access core subjects and master the ELD standards.

We will continue to monitor to ensure that 95% of all students will participate in CAASPP Testing on the Chromebooks and laptops.

95% of students will access core subject areas using 21st Century Skills of collaboration, communication, critical thinking and creativity.

Baseline

The 2016-17 annual Technology Survey (Brightbyte) indicated that 64% of the students in grades 4-8 use technology weekly, and 29% use the technology at least monthly.

91% of all teachers report they can get devices for their students, including EL students, when needed more than half of the time. 93% of all teachers report the student to computer ratio is 2 to 1 or 1 to 1.

The Technology Survey indicated that access to the internet was 91% of the time. Students had access to Chromebooks at least weekly. All English Learners used the technology to access ELA and mathematics through i-Ready, or other resources like Google, Read 180, Systems 44. We want to continue to focus on the reliability and frequency of access.

97-98% of the students enrolled in grades 3-8 took the CAASPP Test on Chromebooks in 2015-16, and expect the same for 2016-17.

All students have access to the core subjects, and the Technology Survey indicated Oak Grove students are advanced in the technology foundation skills, online skills, multimedia skills. Students' beliefs about using technology in learning was scored at an advanced level.

Actual

Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Maintain and repair Chromebooks/laptops for a student 2-to-1 ratio in grades TK-5 and 1-to-1 ratio in grades 6-8 with carts and/or cases.	Chromebooks and Laptops have been maintained and repaired to keep at least a 2:1 ratio in grades TK-5 and 1:1 ratio in grades 6-8 with carts. have not been invented.”We must be prepared to embrace a landscape where technology in teaching and learning becomes part of the fabric of modeling, observation sharing, and the new and expanded peer groups all of us can experience. However, there are millions of students in California who do not have adequate access to technology in their classrooms or at home. According to the K–12 High Speed 2013 Annual Report, 791 California schools today have a T-1 line (1.5 Mbps) or lower broadband access—inadequate for the needs of today’s students. We must ensure that every one of California’s 6.2 million students can take advantage of the opportunities education technology presents. We must not allow some students to fail to have the opportunity to learn basic skills required to interact in a digital world. We need to make sure every student has access to, and the knowledge to use, the technology needed to successfully participate in the Smarter Balanced assessments. We must not allow a lack of technology—or ineffective implementation—to become the roots of the next achievement gap. " Research indicates, “Even if all the equipment was accessible and working, there was still a good deal of complexity in integrating technology into instruction. The emphasis on standardized testing increased this complexity, as teachers often could not figure out

English Learners, Foster Youth, and low socioeconomic students are being provided instruction in the California Technology Standards, and using Chromebooks on a regular basis (at least weekly). Using technology is a critical skill in being career and college ready. We want to provide a digital divide between our students who have access at home and students who do not.

how best to prepare students for tests while also emphasizing the kinds of discovery learning that are enhanced by technology use. Again, complexity was heightened in low-SES schools because of the special attention given to raising test scores in those schools as well as the larger numbers of English language learners (ELs) those schools enrolled. For example, in a number of classrooms, we witnessed ELs cutting and pasting information from the Internet to complete an assignment, with no evident understanding of the material they were working with. This last example is an illustration of what we called performativity, that is, technological performance for its own sake rather than in connection with meaningful learning goals. Designing technology-enhanced lessons for culturally and linguistically diverse students with limited English literacy is without doubt complicated, but it can yield important rewards when done well (see examples in succeeding discussions and further examples in Brown, Cummins, & Sayers, 2007).

Action 3

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Maintain staff technology devices, online software such as Infinite	The IT department has maintained and supported all district and site	4000-4999: Books And Supplies Base \$239,850	4000-4999: Books And Supplies Base \$14,800

Action 4

Planned Actions/Services

The Informational Technology Department will ensure all IT Help Desk tickets are completed within 30 days that the ticket was created.

The Informational Technology and EdTech staff will continue to collaborate, and work as a team to provide the infrastructure and innovative ideas for technology implementation that would enhance student learning of core academic subject knowledge, and meet technology standards.

Actual Actions/Services

Help Desk Tickets:
 From July to January 2,348 Help Desk Tickets were submitted. 2,316 Help Desk Tickets were completed and closed. Once a ticket is created, our average initial response time is within 24 hours. On average, tickets are resolved within 48 hours. We averaged only 20 tickets left open at the end of the month. Some of the pending tickets were based on waiting on the person who submitted the ticket to provide more information to IT.

The Informational Technology and EdTech staff meet together on a weekly basis to discuss best practices, resolutions to common issues, and planning for future projects.

Budgeted Expenditures

IT Staff 2000-2999: Classified Personnel Salaries Base \$576,317

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Provide online resources for students and teachers. (e.g. EdTech How Tos, Google Learning Center, Video Conference Calls, etc.)

All of the resources listed are available to students and teachers. Additional online resources include public EdTech How to Videos, flyers, and documents. The EdTech Facebook page and blog are also available to all staff for ideas, and best practices on integrating technology as a Common Core tool. Webinars are provided at the Santa Clara County Office of Education, EdSurge, Google, Microsoft, etc.

No cost

Action 6

Planned Actions/Services

Oak Grove ensures that all student data information is compliant with Family Educational Rights and Privacy Act (FERPA), the Children's Online Privacy Protection Act (COPPA), and CA Student Online Personal Information Protection Act (SOPIPA), and AB 1584 regulations. We will educate and work with students, staff and community on being respectful, responsible, and safe digital citizens.

Actual Actions/Services

Oak Grove School District has joined as a member of the California Student Privacy Alliance which is attempting to streamline this aspect of entering into contracts/agreements with vendors.

The California Student Data Privacy Agreement (CSDPA) was created by a team of districts, vendors and legal counsel, and is designed to meet both federal and California student data privacy requirements. It has been sanctioned by the California Attorney General's office, Kathleen Stiles, Chief Privacy Officer of the US Department of Education, and PTAC. Due to the extensive process in developing the CSDPA and its wide acceptance by districts and vendors, the CSDPA is now recognized as the de-facto

Budgeted Expenditures

No cost

Estimated Actual Expenditures

statewide agreement in California, and is the sole agreement districts are urged to use.

The EdTech Team presented educational workshops to the community, District Staff, and the teachers' union to inform of processes and practices along student data privacy. The EdTech Team also presented at the California Educational Technology Professionals Association (CETPA) on the topic of Student Privacy and the process flow in which they have been utilizing to become the leading contributing district to the CSPA in the state.

Action 7

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The Annual Technology Survey reports:

99.2% of teachers report their students (including EL Students) use technology to access core subjects and standards when needed, and 78.5% of students do so on at least a weekly basis.

68.8% of students to collaborate online with classmates at least once a month.

70.3% of students identify and solve problems using technology at least monthly.

36.9% of teachers report that students write essays online at least monthly; however 63.6% of students report writing essays online at least monthly.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Teachers who have difficulty getting access to high-quality computers for students when needed are much less likely to plan and implement classroom activities that include digital communication, digital collaboration, digital creativity, and critical thinking.

Oak Grove students have access to Chromebooks and 100% of teachers can get devices for their students when needed. 100% of teachers have access to a computer of their own all the time. 100% teachers receive instructional planning within a week of the request.

So access is a strength in Oak Grove.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 3 - Obj. 4xxx - Software purchases were reclassified to obj 5xxx, Obj 5xxx - Some software, licensing, & other contract costs were not taken into consideration, 6xxx - Under estimated server costs, 7xxxx - Lease for server/storage cost was not considered.

Action 10 - Supplemental reserve no longer necessary as money was re-allocated to different areas of supplemental need.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We need to continue to build and provide teachers with professional development in the following areas:

Foundational skills like answering emails or creating spreadsheets.

Online skills essential for contributing and collaborating on the internet.

Multimedia skills, which is the ability to manipulate media and record or edit audio or video.

Digital citizenship skills.

We still find classrooms where technology is used as a "center" rather than as an instructional tool for mastering 21st Century Skills. Our goal would be to model examples of how computers can be used to support a blended learning model, rather than a stand alone tool.

Based on the California Schools' Dashboard, our focus of support would continue to be English Learners English proficiency. We all need to identify supports for Special Education students in ELA and Mathematics.

Once California Computer Science Standards are adopted, the EdTech team will explore options on how to best integrate them into the lessons in our schools.

Annual Update

LCAP Year Reviewed: **2017-18**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 5

School and classroom environments support learning, creativity, safety and engagement.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Annual Measurable Outcomes

Expected

Metric/Indicator

William's Act Facilities SARC.

Chronic Absenteeism

CA Dashboard: Suspension/Expulsion Rates

Students perception of school safety and climate on the CA Healthy Kids Survey

PBIS Schoolwide Evaluation (SET)

Middle School Drop-Out Rate

Actual

The Director of Maintenance and Operations inputted on all the SARCS that all schools received at least a rating of Good on the Williams facilities inspections.

CA Healthy Kids Survey: Student Survey Data

The CA Healthy Kids Survey Student Survey of 5th and 7th graders results regarding student engagement:

1. Report that they feel safe within a positive school environment
2016-17: 84% of students in grade 5 and 71% of students in grade 7 report they felt safe at school
2017-18: 87% of students in grade 5 and 69% of students in grade 7 report they felt safe at school

The 2016-2017 chronic absenteeism rate was 8.1%.

The Fall 2017 suspension rate is 3.2%.

Expected

17-18

We will:

- Receive facilities rating of good or excellent in all schools on the Williams audit.
- Decrease the number of chronic student absenteeism by 1%
- Decrease the suspension and expulsion rate at all schools by 1%.
- The California Healthy Kids Survey will be given each year and will increase the percent of students reporting feeling safe within a positive school climate by 3%.
- Continue to monitor PBIS implementation to maintain a minimum of 90% implementation.
- Continue to monitor middle drop-out rate of student to maintain a 0%

Baseline

In 2015-16, all facilities receiving a rate of good on the William's facilities indicators on the SARCs.

The 2015-16 Chronic Absenteeism is 4% of students.

The Dashboard indicator for suspension/expulsion rate is 1.8% with a declined significantly -2.3%. All student populations are in green or blue except Students with Disabilities and African American students in yellow.

84% of students in grade 5 and 71% of grade 7 students report they feel safe at school based on the 2016 Healthy Kids Survey.

The PBIS Schoolwide Evaluation Tool (SET) indicates that on average 91% implementation of Tier 1 districtwide full implementation.

The 2015-16 middle school drop-out rate is 0% of students.

Actual

The SET is a PBIS data collection method that is completed annually at each school in order to evaluate the continued implementation of TIER 1 within the PBIS framework. For the 2017-18 school year, the average implementation rate of PBIS across the district was 82%

Actions / Services

	10/19/17 – Noon Duties (Frost)	4

Total # of Participants: 222

2) PBIS TEAM MEETINGS

Each school site also identifies several dates throughout the year when either their PBIS team or their leadership team analyzes the implementation of Tier 1 on a school-wide level. The purpose of the meeting is to (a) look at current behavior data, (b) discuss areas of success and areas of need based

on the data and (c) develop a plan of action to address any areas of need. Plans of action are designed to meet the specific needs at that school site and should always be based on data. For the 2017-18 school year, sites have ranged throughout the district in the number of meetings held, with an average 2.3 meetings held per site.

3) PBIS IMPLEMENTATION DATA

The SET is a PBIS data collection method that is completed annually at each school in order to evaluate the continued implementation of TIER 1 within the PBIS framework. The SET involves interviewing staff, students, observing PBIS posters and visuals around the school, observing PBIS implementation in the classrooms, and analyzing the PBIS documents (i.e. lesson plans, teaching matrix, reward system, referral forms, etc.). The results are then entered into the PBISapps.org website to obtain a score of implementation in the following areas: expectations defined, expectations taught, reward system in place, violations systems in place, decision-making through the team, administration management, and district support. The SET data is presented to each site's administrator and/or shared with the PBIS/Leadership team. For the 2017-18 school year, the average implementation rate across the district was 82%.

TIER 2

Tier 2 applies to students who have had solid access to Tier 1 teaching and supports, yet fall below expected levels of social or behavioral performance for their age/grade. This may be indicated by receiving more office discipline referrals, social concerns reported by teacher or parent, or a history of behavioral difficulties in the school setting. These students are considered to be at some risk for behavioral difficulties impeding learning, but not within the high-risk area. This is approximately 10-15 percent of students on any given campus. Previously, each school in the district had been trained in the evidence-based Tier 2 Intervention: Check/In, Check/Out. The focus of Tier 2 this school year was on revising the Student Success Team process (SST) to create a uniform process across the district. The SST process is a way of helping teams (professionals and parents) plan for interventions to address individual student needs.

schools the SST training
presentation by the end of
September 2017.

TIER 3

Tier 3 is intended to the 3-5% of students that require intensive, individualized interventions. In the area of behavior, this often results in a Functional Behavior Analysis assessment and the development and implementation of a Behavior Intervention Plan. When a student requires more intensive, individualized support after having implemented Tiers 1 & 2 with fidelity, an FBA and BIP development may be a necessary Tier 3 type of support. This is typically developed with an IEP team (individualized Education Plan) at the student's school. The FBA process includes collaboration with teams during the interviewing and data collection of the FBA, facilitation of discussions around the function of behavior, and coaching in the development of the Behavior Intervention plan (BIP).

Therapeutic Crisis Intervention (TCI) is another pyramid framework that involves the training of de-escalation skills, behavior support techniques, emotional support during a students' crisis and (if ultimately necessary) restraints to ensure staff and student safety. TCI is typically implemented for students who require more intensive interventions; however, some of the skills such as active listening and behavior supports can be implemented as Tier 2 interventions as well. The District PBIS Coach and two other TCI trainers provide professional development and training to both certificated and classified staff in TCI in order to minimize student crisis, positively support student behavior, and keep students in the Least Restrictive Environment (LRE). The 2 day De-Escalation training (16 hours) includes classified and certificated staff (middleschool gen ed, special ed, IAs, counselors, teachers in charge, support staff) who are trained in crisis prevention and de-escalation techniques. The 4 day Full Training (32 hours) includes classified and certificated staff (special ed, IAs, support staff, teachers in charge, administrators) who are trained in crisis prevention and de-escalation techniques, as well as safety restraint techniques. The 1 day Refresher (8 hours) includes classified and certificated staff who have been previously

certified in TCI and receive a refresher every other year to maintain certification. The district has over 200 TCI certified staff members at all 19 sites, with a total of 61 new participants trained this current school year.

Action 2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Ensure all facilities and sites are safe and provide positive learning environments. We provide patrol services at the Title I schools to ensure campus security in support of student learning and parent engagement.	Graffiti and vandalism can cost a school a great deal of money in repairs. They also may contribute to a perception that the school is not well-cared for and is an unsafe environment for students and staff. Because the writing of graffiti and	Patrol Service for Davis and Title 1 Schools 5000-5999: Services And Other Operating Expenditures Supplemental \$30,000	Patrol Service for Davis and Title 1 Schools 5000-5999: Services And Other Operating Expenditures Supplemental \$30,000

acts of vandalism are usually carried out in secret, schools may discover that these types of misbehavior are difficult to curb. To reduce the amount of graffiti and vandalism that can occur at Title 1 funded schools and Davis Intermediate School, additional patrol and alarm response services were provided.

Action 3

Action 7

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Compared to more affluent students, children living in poverty are 25 percent more likely to miss three or more days of school per month (National Center for Education Statistics [NCES] 2006a). Low socioeconomic status (SES) children are more likely to experience serious health problems (Hughes and Ng 2003; Rothstein 2004). As a result, they are three times more likely to be chronically absent from school due to illness or injury (Bloom, Dey, and Freeman 2006). Specifically, children living in poverty suffer much higher rates of asthma, heart and kidney disease, epilepsy, digestive problems, as well as vision, dental, and hearing disorders (Case et al. 2002; Halfon and Newacheck 1993; Moonie et al. 2006). We will provide an additional two hours of health clerk time at each school in order to support families with student attendance and health concerns.</p>	<p>Our health clerks worked an additional two hours daily so as to support follow-up on attendance for the students at our schools. Research reinforces the value of coming to school on time every day as a critical element in student learning progress towards meeting standards. Communication with parents is critical in supporting student attendance by reminding parents and emphasizing the impact of daily attendance on student achievement.</p> <p>Hired 4 nurses to support medical needs of medically-fragile students, vision testing and other health-related needs throughout the district. Purchased specialized vision and hearing devices and supplies as needed. Training was provided for our school nurses to be up-to-date for new legal requirements.</p>	<p>Health Clerks (two hours per day) 2000-2999: Classified Personnel Salaries Supplemental \$163,586</p> <p>3000-3999: Employee Benefits Supplemental \$64,418</p>	<p>Health Clerks (two hours per day) 2000-2999: Classified Personnel Salaries Supplemental \$161,671</p> <p>Health Clerks (two hours per day) 3000-3999: Employee Benefits Supplemental \$61,438</p>

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall, we implemented the actions of this goal.

The School-wide Evaluation Tool (SET) is a survey of staff, students, administration and school-wide observations that evaluates the implementation of Tier 1 within the PBIS framework. In the 2016-17 school year, the average implementation rate was 91% district-wide with a range from 79% to 100% across schools. In the 2017-18 school year, the SET showed an average implementation rate of 82% district-wide, with a range from 37% to 100% across schools. Results from the staff portion of the survey indicate that 42% of those staff members who responded report areas of need in Tiers 2 & 3. This is being further evaluated during Spring 2018 through the Benchmarks of Advanced Tiers (BAT) survey with each school's PBIS/Leadership team so that specific areas of need can be identified.

Intermediate School Counselors and our itinerant mental health specialist worked with site administration and support staff to ensure that students were appropriately placed in classes. Additionally, they met with students to support social-emotional needs and students who required more intensive resources including 1:1 counseling and referrals to outside agencies. Counselors attended IEPs, SSTs and are an integral component of the support staff for students.

Health clerks worked to provide assistance to students and families around health and attendance needs.

Facilities were maintained and kept safe through the support of our maintenance and operations staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Bus incident data:

2016-17 106 bus incidents from Aug to Feb 16th

2017-18 143 bus incidents from Augs to Feb 16

Graffiti and Property Damage Data:

September to February 2016-2017: 26 out of 580 (4%) work orders report graffiti/property damage

September to February 2017-2018: 29 out of 599 (5%) work orders report graffiti/property damage

The main measure of the effectiveness of PBIS is the number of behavior incidents that are reported and documented into Infinite Campus. These incidents range from minor behaviors that required a warning only to major behaviors that required disciplinary

action, such as suspension. In 2016-17, the number of reported behavior incidents from the first half of the school year (Aug 2016 – Jan 2017) was over 3800 events involving over 1900 students. In 2017-18, the number of reported behavior incidents thus far in the 2017-18 school year (Aug 2016 – Jan 2017) was over 3800 events involving over 2000 students.

Attendance data:

Month 2:

2016: 97.36%

2017: 97.53%

Month 3:

2016: 96.68%

2017: 96.78%

Month 4:

2016: 96.64%

2017: 97.85%

Month 5:

2016: 95.91%

2017: 97.08%

Month 6:

2017: 95.27%

2018: 97.36%

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 3: Bus lease was not included at budgeted adoption: \$56,000.

Action 4 and 6: Salary and benefits for Mental Health Counselor (Action 4) at the intermediate schools was counted twice under Academic Counselor at Intermediate Schools in Action 6 at budget adoption. Estimated actuals now exclude this duplicate cost in Action 6.

Action 10: Supplemental reserve no longer necessary as money was re-allocated to different areas of supplemental need.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Through support of a grant, we will use Multi-Tiered Support Systems (MTSS) to establish clear tiers of support in academics, behavioral and social-emotional needs for students. This structure will further clarify our tiers of PBIS behavior supports.

With our offering of regular Saturday Academies, we will add an action for attendance recovery and extended learning.

We will add an action for nurses (service contract and ESY) and services for continuing support of our health and attendance needs for students.

The overall average implementation rate of PBIS Tier 1 across the district has declined by approximately 9% from 2016-17 to 2017-18, with a greater variation of implementation across each school as measured by the SET. In order to address the need for more consistent and effective implementation, a district team is receiving training in the Multi-tiered Support Systems (MTSS), which addresses both the behavior and academic side of tiered support (Tiers 1, 2 and 3) within the school system. Furthermore, school teams will continue to complete a needs assessment survey of advanced tiers (the BAT) in the spring and discussions will continue around how to redesign the PBIS system (as a part of MTSS) during the consolidation process.

Annual Update

LCAP Year Reviewed: **2017-18**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 6

We will actively engage families and community members in supporting the implementation of CCSS instruction, and providing input to program decisions.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)

Local Priorities:

Annual Measurable Outcomes

Expected

Metric/Indicator

We will provide the CA Healthy Kids Parent Survey to parents in grades 5 and 7 each year.

Sign In Sheets at District District Advisory Council (DAC), HABLA, Koffee Klatch, District English Language Advisory Committee (DELAC) and the Home & School Club/PTA Presidents to determine out of 20 schools have many schools are represented.

17-18

We will increase parent responses to Strong Agree and Agree by 5% for each of the questions in the baseline.

We will increase parent attendance at the district meetings by 10%.

 53% to 82% Home and School Club

School Consolidation Parent Attendance: Weekly 3-hour meetings starting on 9/25 and ending on 1/16 to share the decision making process for school consolidation as well as to receive stakeholder input from the community.

Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Social workers are critical liaisons between low-income families, Foster Youth and families of English learners. The profession of school social work began in the 20th century, fueled by immigration, life struggles, social conditions, and poverty which	School Social Worker and Pupil Personnel Services Credential interns provided direct and indirect services throughout 13 schools in our district. School Social Workers are key to providing and establishing a partnership between students, home, school staff and	Social Worker Supervisor 1000-1999: Certificated Personnel Salaries Supplemental \$102,980 Social Worker Supervisor 3000-3999: Employee Benefits Supplemental \$48,537	Social Worker Supervisor 1000-1999: Certificated Personnel Salaries Supplemental \$103,052 Social Worker Supervisor 3000-3999: Employee Benefits Supplemental \$48,816

affected the development and expansion of educational opportunities for all children (Allen-Meares, 2006 & Agresta, 2004). Interventions provided through school social work services have shown improved student attendance, reduction of child abuse and neglect, improved graduation rates and early identification of a disability. These factors are directly related to increased student achievement.

School Social workers expand Student and Learning Supports (SLS) and provide direct and indirect services as well systemic work (program development, implementation, team facilitation), to bring about increased and improved social and academic outcomes.

1. Provide socio-emotional, psychological and academic support for students and families.
2. Collaborate with community resources, local colleges and industry.
3. Continue to implement, strengthen and monitor a tiered system of support for students in need of academic and behavioral interventions. (e.g. Positive Behavior Intervention and Support (PBIS), Behavior Expectation Matrix, Response to Intervention (RtI2), Coordinated Early Intervention and Support.
4. Develop plans to increase opportunities, services and supports at all schools. Utilize the

community. At the time of this writing, approximately 140 student contacts have been documented. Services provided included socio-emotional, psychological and academic support for students and families. To ensure Student and Learning Supports (SLS) services, the school social work model serves as an integrated component in building and linking home, school and community based engagement and interventions. Strategies in place confirm success in all students and ensure a life plan after graduation.

Services were provided at school sites and included case management, resources and referrals to community agencies. Plans were developed to increase opportunities, services and supports for students and families at schools. A broader range of supports and interventions were developed and taught based on curriculum skills for the individual student needs. Classroom presentations and lessons around psycho-education, social/emotional learning and health and wellness were provided. Group facilitation around social skills and student empowerment were opportunities for students to be engaged and empowered in their learning while creating an opportunity for student leadership and bond to their school community. The PBIS model of student check-in's and individual counseling, interventions and

Social Worker Interns 2000-2999: Classified Personnel Salaries Supplemental \$20,000

Professional Development 5000-5999: Services And Other Operating Expenditures Supplemental \$10,000

program development skills that School Social Workers have to accomplish building and implementing these systems of support.

5. Develop plans to increase opportunities for students to be engaged and empowered in their learning (e.g., service learning, leadership groups, student focus groups, and community services and service hours) and more bonded to their school community.

6. Implement (or continue to operate) a comprehensive program to support the social, emotional, behavioral, and educational needs of foster youth. The program includes assessment of needs, assistance in gaining access to services and resources, and monitoring outcomes.

contact with parents and staff were managed and maintained appropriately to ensure student success and improved academic support.

School Social Workers established partnerships between school staff, community agencies, parents, and students by creating a school based programs that support student and parent engagement and positive school climate where the school environment is welcoming, where students, staff and families feel connected, safe and supported.

Action 2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Monitor the effectiveness of the digital communication systems to families (e.g. Blackboard Connect, Peachjar, district and site webpages, Infinite Campus parent portal, and School Loop at the intermediate schools).</p>	<p>Regular digital communication with families and community members is provided through the use of Blackboard Connect, Peachjar, school webpages, district website, Infinite Campus parent portal and School Loop. All information is continuously and regularly maintained by staff to provide current and up to date communication.</p>	<p>Costs are in Goal 4, Action 3</p>	

Action 3

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Provide Community Liaisons at all sites to support access to school and district programs to all families. Community Liaisons provide another important support to low income families, Foster Youth and English Learners. They link students and families with services within the school, and across Santa Clara County such as housing, clothing, food shelters, and the many agencies available that families may not be aware of.</p>	<p>We have four full time community liaisons and one half time community liaison. They are individually assigned to schools to provide full coverage for all students and their families. Community Liaisons are integral members of school support staff and are an important bridge between home and family.</p>	<p>Community Liaisons 2000-2999: Classified Personnel Salaries Supplemental \$213,346</p> <p>Community Liaisons 3000-3999: Employee Benefits Supplemental \$77,731</p> <p>Mileage and Cell Phones 5000-5999: Services And Other Operating Expenditures Supplemental \$3,000</p> <p>Community Liaisons 2000-2999: Classified Personnel Salaries Title I \$30,878</p> <p>Community Liaisons 3000-3999: Employee Benefits Title I \$11,757</p>	<p>Community Liaisons 2000-2999: Classified Personnel Salaries Supplemental \$216,278</p> <p>Community Liaisons 3000-3999: Employee Benefits Supplemental \$77,534</p> <p>Mileage and Cell Phones 5000-5999: Services And Other Operating Expenditures Supplemental \$3,000</p> <p>Community Liaisons 2000-2999: Classified Personnel Salaries Title I \$0</p> <p>Community Liaisons 3000-3999: Employee Benefits Title I \$0</p>

<p>The Family Engagement Program Administrator position is funded to ensure that meaningful engagement of families in their children’s learning transpires in order to support both school readiness in early learners and later academic success in school. The primary focus to ensure that EL, low socioeconomic, and Foster Youth families are fully engaged and attending the family activities and trainings.</p>	<p>The position was eliminated as part of our budget cuts.</p>	<p>2000-2999: Classified Personnel Salaries Supplemental \$54,730</p>	<p>Family Engagement Program Administrator 2000-2999: Classified Personnel Salaries Supplemental \$0</p>
<p>As a means to supporting family engagement and children’s learning, it is crucial that district and school programs implement strategies for developing partnerships with families (Henderson & Mapp, 2002). Furthermore, Family Engagement strategies should be appropriate for the diverse population these programs serve and reflect a commitment to outreach (Colombo, 2006; Crawford & Zygouris-Coe, 2006). In addition, in some cultures, multi-generational households are common, and extended family members and fictive kin have important roles in caring for and raising children (McAdoo, 2000; Valdez, 1999). Henderson and Mapp (2002) highlight the importance of family by recognizing that “all family members—siblings, grandparents, aunts, uncles, and fictive kin—who may be friends or neighbors, often</p>		<p>3000-3999: Employee Benefits Supplemental \$25,293</p>	<p>Family Engagement Program Administrator 3000-3999: Employee Benefits Supplemental \$0</p>

contribute in significant ways to children’s education and development.” Epstein (2001) presents a comprehensive approach of engagement for family and professional partnerships. The model, known as the Action Team for Partnerships (ATP), identifies practices that schools can implement to facilitate family engagement for the purpose of improving student achievement. The model recognizes that diverse needs and expectations exist across families and educators and that what may work in the life of one child may not work for another. In these instances, the model calls for families and educators to work together, to develop goals, and to establish the best possible practices that are meaningful and appropriate for both parties. This model is being implemented in schools across the district with the support of this position.

Action 8

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We were able to implement most actions from this goal.

The school social work intern program has been highly effective as an integrated school model of support. An Associate Clinical Social Worker supervises interns in their practice. This model of support has shown to be highly effective and in high demand across our k-8 schools. Parents, students and staff continue to seek their school social workers and value its supports.

We offered a variety of Parent Information Nights and SEAL Parent Workshops that covered a variety of topics ranging from Emotional Wellness and Safety, The Importance of Parent Advocacy at Schools, and How to Support your Child at School.

We were not able to implement the ATP and Raising a Reader programs as planned because of a reduction of the Family Engagement Program Administrator Position being cut due to budget cuts

Our Community Liaisons supported our Title 1 funded schools 2 days/week. All other sites received Community Liaison support 1 day/week. Community Liasion costs can be found under Goal 6, Action 3.

Several of our district parent meetings had to reduce their frequency of meeting dates this year. Due to budget constraints as a result of declining enrollment, a School Consolidation Team was established to meet weekly for 3 hours from 9/25 to 1/16. The School Consolidation Committee had representation from 18 out of our 19 schools as well as parent representation from our district parent committees (i.e. Koffee Klatch, HABLA, etc.) The purpose of the meetings was to have a collaboration from a variety of stakeholders to aid in making difficult decisions around school closures. Parent voice and engagement in these meetings was a priority and goal.

Due to the frequency, commitment and interest surrounding this School Consolidation Committee, several other district parent meeting dates were taken off of the calendar this year so that all parents would be free to attend.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Parent attendance at workshops and Parent Information Nights indicate an interest in relevant and engaging topics that help parents navigate and support our school system.

The assistance of our Community Liaisons and Social Workers is valued and sought after district-wide. Parents, students and staff continue to seek out their school Social Workers and campus community staff and value their support.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 3 - Community Liaisons were reclassified to 100% Supplemental. Community Liaison costs are included under Goal 6, Action 3.

Action 5 - Expenditures for translation services were higher than anticipated.

Action 7 - Family Engagement Administrative Support Position cut due to budget constraints.

Action 9: Supplemental reserve no longer necessary as money was re-allocated to different areas of supplemental need.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will remove the action and services of the ATP and Raising a Reader programs due to budget constraints and a reduction of the administrative support position

We will develop site transition teams at our schools through the school consolidation process. We will elicit the participation of school parents and community members to be a key member on these transition teams.

Stakeholder Engagement

LCAP Year: 2018-19

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Stakeholders' Meetings included district parent meetings and meetings with every school staff at least once during the year. The Superintendent and Executive Team provided information about student and staff progress in Common Core, on facilities updates such as the Bond program, and other programs requested by the different groups. Additionally, we had weekly School Consolidation meetings where 18 of the 19 school sites had a parent representative to give input on the school closure process. Additionally, a representative from district parents groups, such as Koffee Klatch and HABLA, were included in the School Consolidation Committee. Participants at these meetings had the opportunity to ask questions or share concerns.

Presentations included:

Board of Trustees Presentations:

September 8 CAASPP Results

November 9 CA Dashboard Local Indicator Results

January 11 English Learner Data and Program Update (LCAP Goal 2)

February 8 School Accountability Report Cards (SARCs)

March 22 LCAP Annual Update (LCAP Goals 1-6)

May 12 Stakeholder Input Results

May 24 2017-18 LCAP Goals and Actions Draft

June 14 Public Hearing Re: 2017-18 LCAP Goals and Actions

June 28 Board Decision on 2017-18 LCAP Approval

Home and School Club Presidents':

October 18 School Consolidation Committee, Future Topics

April 18 LCAP Update and Stakeholders Input

May 3 End-of-Year Parent Meeting

District Advisory Committee Presentations:

October 5 Opening, School Consolidation, Topics of Discussion for the Year

November 2 Modernization, Facility Use Charges, Nominations for Secretary

April 19 LCAP Update and Stakeholder Input, School Consolidation Update, 18-19 School Calendar

May 3 End-of-Year Meeting

Hispanic Advisory Board for Learning and Assessment (HABLA)

October 11 Budget, Enrollment, School Consolidation

December 13 School Consolidation Update

March 7 School Consolidation and District Boundary Update

April 11 LCAP Update and Stakeholder Input

Koffee Klatch (African American Parent Group)

October 24 Budget/Enrollment Update, School Consolidation Committee Update

March 20 LCAP Update and Stakeholder Input

District English Learner Advisory Committee (DELAC)

November 2 Purpose of DELAC, Officer Elections, Q and A

December 7 Data, CELDT, Reclassification, AMAO

February 1 School Closures, Professional Development for Teachers, Reclassification

March 8 A to G Requirements, Long Term English Learners

April 12 LCAP Update and Stakeholder Input

May 10 Topics to be Determined

Oak Grove School District (OGSD) created processes to gather input from all stakeholders, including representatives from all numerically significant Sub-groups, in order to develop the District's Local Control Accountability Plan. Specific LCAP Annual Update and LCAP Input Meetings were:

- March 14 Principals and Educational Services Administrators
- March 15 Student Advisory Committee – a student from each school
- March 20 District Koffee Klatch Parent Group
- April 11 Hispanic Parent Group (HABLA) (representation from each school, including the four Title 1 Schools)
- April 12 District English Learners Advisory Committee (DELAC) (representation from each school, including the four Title 1 Schools)
- April 18 Home and School Club members
- April 19 District Advisory Committee (DAC) (representation from each school, including the four Title 1 Schools)
- April 20 District Office staff
- April 24: all OGEA bargaining members
- April 24: all CSEA and AFSCME bargaining members

The 2016-17 LCAP was posted on the Oak Grove website. Information about what the LCAP and LCFF were also available. LCAP Annual Update and Survey were available to students, parents, and staff during the Stakeholder meetings and on the Oak Grove website from March 14-April 27. The LCAP website could be translated into any language that a stakeholder needed. The survey was provided in English, Spanish, and Vietnamese. An LCAP Connect Ed Email was sent in English, Spanish, and Vietnamese to families with a the link to the 2018-19 LCAP Input Survey. Staff and parents were encouraged to participate in the survey by site principals as well. The input from all the stakeholders will be presented at the May 12 Board Meeting. The results of the Stakeholder Input will posted on all the websites.

The Public Hearing on the LCAP will be on June 14, 2018 where community members can see and provide input on the 2018-19 LCAP.

The Board of Trustees give made a decision on the final Oak Grove 2018-19 LCAP on June 28, 2018.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

LCAP Input Survey: Oak Grove stakeholders were provided a survey via Survey Monkey to provide input to the Oak Grove LCAP. One question specifically asked which student group they represented (e.g., English Learners, low socioeconomic, Foster Youth, students with Individualized Education Programs, etc.) in order for us to monitor the engagement of all specific sub-groups. Participants were given time to review the Annual Update, discuss and ask questions. District staff was available to answer questions. The participants then completed a 2018-19 LCAP Input Survey. Videos and detailed information were provided on the LCAP webpage to assist parents who might not know what SEAL, Rtl, PBL, PBIS, etc. are.

Feedback from each stakeholder group, and the online survey were used to develop the District's goals, actions, and services outlined in the LCAP. All comments, questions, and feedback were compiled into a summary and spreadsheet for review. All data was analyzed in order to inform revisions to the LCAP. See appendix for synthesized stakeholder input from the survey. Knowledge of student achievement data also contributed to the input and suggestions that stakeholders provided to support the goals, actions, and services in the LCAP. The data revealed common themes that were used to revise the LCAP.

Based on the Stakeholder Input Process, the actions and services in the LCAP fell into the following top priority areas of focus for each goal:

1. Hire and retain quality staff & provide professional development based on instructional needs and student data
2. Continue with SEAL strategies and professional development on the ELA/ELD Framework strategies
3. Provide a Special Education Coach
4. Purchase and maintain student Chromebooks, and update the classroom environment furniture, short-throw projectors, etc.
5. Ensure all facilities are safe and positive learning environments & continue to provide counselors at the intermediate schools
6. Provide Social Services to families in need & continue to provide Community Liaisons at the schools

All actions that were ranked #1-6 were included in the new plan. A few actions that were ranked lower may have been moved to 2019-20. Comments that were stated five or more times were also included or embedded in the 2018-19 plan. Single suggested comments were less likely to be included. Some stakeholders' input and comments are part of the collective bargaining agreement (e.g., salary and benefits, class size reduction, teacher prep time).

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 1

All students will be proficient in meeting and/or exceeding all Common Core State Standards.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
 Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)

Local Priorities:

Identified Need:

With the implementation of CCSS and SBAC, we are finding that our students are showing gaps in foundational literacy skills. We plan to focus our coaching on balanced literacy skills (reading and writing across content areas) and foundational literacy skills (phonemic awareness and phonics). We also plan to provide professional development to our coaching staff regarding the new NGSS instructional practices. Should the Board of Trustees approve a new math adoption, professional development will be provided as needed.

Expected Annual Measurable Outcomes

Actions/Services

Select from New, Modified, or Unchanged for 2017-18

Modified Action

2017-18 Actions/Services

Provide professional development to teachers and coaches on the Next Generation Science Standards (NGSS) and Framework. Research and provide resources to support NGSS instruction.

Some materials will be available for hands-on materials to support NGSS student investigations. These material expenses are accounted for in Action 9 of this goal.

Working with the ELTPs and district coaches, we will embed NGSS in the SEAL and PBL Units.

Select from New, Modified, or Unchanged for 2018-19

Modified Action

2018-19 Actions/Services

Continue implementation of the NGSS Framework. Provide professional development, coaching and resources for all teachers. Hire consultants, i.e. SCCOE, as needed for updated professional development.

Additional materials will be available to support NGSS student investigations. We will begin to explore State adoptions for NGSS when they become available.

Continue to offer online science resources.

Continue to research NGSS resources as they become available.

Select from New, Modified, or Unchanged for 2019-20

Modified Action

2019-20 Actions/Services

Continue implementation of the NGSS Framework. Provide professional development, coaching and resources for all teachers. Hire consultants, i.e. SCCOE, as needed for updated professional development.

Additional materials will be available to support NGSS student investigations. We will begin to explore State adoptions for NGSS when they become available.

Continue to offer online science resources.

Continue to research NGSS resources as they become available.

Create and implement an NGSS articulation plan for 6th grade and intermediate schools.

Using The Tech Museum of Innovation's engineering design challenge learning model and San Jose State University's computer science integrated instructional model, grade K-12 staff at participating schools provide instruction that regularly engages students in engineering challenges and in which they develop real-life problem solving, collaboration, communication, creativity, critical thinking, perseverance, technology-use and other 21st Century Skills critical to career readiness. Leverage The Tech Academies of Innovation program to select and support 4 teachers or after school leaders each year to participate in a 2-year, engineering education leadership program that provides 100 hours of professional development on integrating engineering and computer science across the curriculum to become Engineering Education Leaders (EELs) and Software Engineering Education Leaders (SEELs). Leverage The Tech Academies of Innovation program to provide additional support and release time to EELs and SEELs to provide engineering and computer science professional development to staff throughout the district.

Select from New, Modified, or Unchanged for 2017-18

Modified Action

2017-18 Actions/Services

Instructional Coaches will continue to provide classroom and planning support as requested by teachers and administrators to accelerate the learning of all students. They will provide professional development to teachers and continue to focus on new strategies and curriculum that best supports student learning of the CCSS. Research has confirmed that quality instruction is the most effective factor in impacting the learning of English Language Learners. Our coaches support our teachers on a daily basis through instructional design of integrated and designated ELD, intense vocabulary development in ELA, math, and science, differentiated instruction and high leverage teaching strategies. This will equip our classroom teachers with powerful teaching tools to utilize in their classroom. Their primary focus will ensure that quality instructional practices support low socio-economic students, Foster Youth and English Learners so that we achieve the goal that all students will be proficient.

Select from New, Modified, or Unchanged for 2018-19

Modified Action

2018-19 Actions/Services

PALs (Partners in Academic Learning) Instructional Coaches for ELA and Math and Intermediate School coaches will continue to provide classroom and planning support to accelerate the learning of all students.

They will provide professional development and facilitate common planning days by grade level, department and/or team to all teachers and continue to focus on common backwards mapping, collaborative planning and common assessment.

Targeted coaching cycles will be determined based on data and needs of students and teachers.

Professional development is available to support site plans and goals, leadership team, Special Education team meetings, various district-wide training and the Induction program.

Additionally, PALs/Intermediate Coaches will be mentors for Induction teachers.

2017-18 Actions/Services

We will continue to provide Choice Programs for students, including TWBI (Two-Way Bilingual Immersion program), Indigo (Parent Involvement Program), AdVENTURE STEMS (grades 5-8), STEM Leadership Academy at Christopher (grades 7-8), and the Independent Study Program (ISP TK-8). The Bilingual Program in grades K-3 at Christopher, Edenvale, and Stipe will focus on providing primary Spanish support classes to students in three Title 1 Schools. The development in a student's first language is critical to his or her development of high proficiency in a second language. Primary language is a resource which makes content area instruction in English much more comprehensible and allows students to learn a second language in a more expeditious manner.

2018-19 Actions/Services

We will continue to provide Program Options for students, including TWBI (Two-Way Bilingual Immersion program), Indigo (Parent Involvement Program), AdVENTURE STEM (grades 5-8), STEM Leadership Academy at Christopher (grades 7-8), and the Independent Study Program (ISP TK-8).

The Bilingual Program in grades K-4 at Christopher, Edenvale, and Stipe will focus on providing primary Spanish support classes to students at three Title 1 funded schools. The development in a student's first language is critical to his or her development of high proficiency in a second language. Primary language is a resource which makes content area instruction in English much more comprehensible and allows students to learn a second language in a more expeditious manner.

2019-20 Actions/Services

Modified Action

2017-18 Actions/Services

Continue the use of the iReady diagnostic assessment program three times a year (iReady). Continue the extended testing

2018-19 Actions/Services

Implement common formative and summative math and ELA assessments.

2019-20 Actions/Services

Implement common formative and summative math and ELA assessments.

window for Kinder as a result of teacher feedback from 2015-16, and use EGSI for kindergarten. Analyze overall usage of the toolkit and growth monitoring assessments to guide instruction. Continue to offer professional development as needed for teachers, coaches, and administrators. At the end of the year, we will need to determine if we will continue to use iReady or a different assessment.

Expand the use of the SBAC Interim Assessments.

Evaluate whether or not to continue with iReady for the 2018-19 school year or determine alternative assessments.

Continue to use SchoolCity as the student data warehouse for analysis of all the assessments, PE testing, GATE testing, and grades TK-6 Report Cards and Alternative Report Cards.

Continue to utilize iReady as a resource for intervention, an adaptive 1:1 learning tool, formative assessments and as a diagnostic assessment three times a year for all students in grades K-8 district-wide and grade 2-3 in the TWBI program.

Provide 2 professional development trainings per site focused around new features for 2018-19 as well as Growth Monitoring and/or Standards Mastery as a formative assessment tool.

Provide 1 professional development training to all new teachers to Oak Grove.

Teachers will have access to and will utilize the online Teacher Toolbox for resources K-8 as aligned to their Ready curriculum.

Explore the iReady writing curriculum at a minimum of one site or as an intervention resource.

For schools with a high number of EL students and students from low socio-economic levels, we are providing Visual & Performing Arts opportunities through Music for Minors and Community School of Music & Art.

Research shows that there is theoretical and psychological support for the inclusion of music and art in the teaching of English. English Learners acquire vocabulary and grammar, improve spelling, enhance rote memorization and develop the linguistic skills of reading, writing, speaking and listening (Jalongo & Bromley, 1984, McCarthey, 1985, Martin, 1983, Mitchell, 1983, Jolly, 1975) through music. Educators confirm that the pleasure

music to language acquisition, Music for Minors and Community School of Music & Art provides English Learners with enhanced learning opportunities. Neurologists (Maess & Koelsh, 2001) have discovered that both musical and linguistic syntax are similarly processed. Music and language are, of course, two dramatically different forms of communication. However as Ayotte (2004) observed, both music and language share the “same auditory, perceptive, and cognitive mechanisms that impose a structure on auditory information received by the senses.”

derived from music boosts the learning of language. Knowing the importance of music to language acquisition, Music for Minors and Community School of Music & Art provides English Learners with enhanced learning opportunities. Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Modified Goal

Goal 2

We will accelerate the academic achievement toward meeting or exceeding standards for English Learners (EL), low socioeconomic disadvantaged students, Foster Youth, and students of color, as well as increase the language proficiency for EL.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)

Local Priorities:

Identified Need:

Based on CAASPP performance results, we must focus on closing the achievement gap. There is an ELA achievement gap between All students and ELs of 31%, between All students and low socioeconomic of 17%, between All students and African American of 11%, between All students and Hispanic of 16%. There is a Math achievement gap between All students and ELs of 22%, between All students and low socioeconomic of 16%, between All students and African American of 10%, between All students and Hispanic of 17%. The CA School Dashboard indicates that African American math is orange due to a decline in results between 2014-15 and 2015-16.

There is an identified need to continue to increase English Language proficiency for ELs in order to reclassify our students and decrease the number of Long Term English Learners (LTELs).

Expected Annual Measurable Outcomes

Provide the comprehensive 2 year professional development model, Sobrato Early Academic Language (SEAL) for

2019-20 Actions/Services

Provide the comprehensive 2 year professional development model, Sobrato Early Academic Language (SEAL) for

(SEAL). The SEAL model was designed by Dr. Laurie Olsen, a national expert in language learner education. The SEAL model pulls together the most current research on effective practices and implements the knowledge base from effective school improvement. It focuses on meeting the demands of the Common Core standards and ELD Standards while addressing the needs of English Learners, their parents, and their teachers. The SEAL model is a response to the persistent achievement gap facing English Learners. It was developed drawing upon the research on preventing the creation of Long Term English Learners, and enacts the research on effective English Learner practices along with the implementation of the Common Core, ELD Standards, ELA/ELD Framework, Next Generation Science Standards (NGSS), and the new history/social science framework. The SEAL model was designed on three foundations. Foundation #1: Research on preventing the creation of Long Term English Learners. Foundation #2: Enacting the research on effective English Learner Practices from Improving Education for English Learners: Research-Based Approaches by CDE. Key research findings include: 1) Quality early childhood education; 2) An emphasis on oral language; 3) Explicit focus on academic language; 4) Language develops in context, not in isolation; 5) Specific and additional instructional supports and scaffolded instruction; 6) Dedicated and intentional ELD instruction;

teachers new to TK-3rd grade at 12 elementary schools.

Provide the comprehensive 2 year professional development model to teachers in 4th and 5th grade at 3 elementary schools.

Provide 3-5 release days for each teacher instructing in the SEAL model for unit development, unit refinement, collaboration and alignment of units to grade level standards and assessments. Identify and order instructional materials to implement an engaging and language-rich academic language development model.

Create and provide units to teachers in combination classes in K/1, 1/2 and 2/3.

Plan and provide Summer Bridge, an extended year program for English Learners with a focus on academic language development.

Provide ongoing professional development for site and district leadership to attend 2-3 convenings and instructional rounds through SEAL.

Release days for combination teachers and 4/5 SEAL teachers will be paid for out of a grant through Sobrato.

Unit development of combination units will be paid for out of a grant through Sobrato.

teachers new to TK-3rd grade at 12 elementary schools.

Provide the comprehensive 2 year professional development model to teachers in 4th and 5th grade at 3 elementary schools.

Provide 3-5 release days for each teacher instructing in the SEAL model for unit development, unit refinement, collaboration and alignment of units to grade level standards and assessments. Identify and order instructional materials to implement an engaging and language-rich academic language development model.

Create and provide units to teachers in combination classes in K/1, 1/2 and 2/3.

Plan and provide Summer Bridge, an extended year program for English Learners with a focus on academic language development.

Provide ongoing professional development for site and district leadership to attend 2-3 convenings and instructional rounds through SEAL.

7) Development of the home language; 8) Strong relationships between home and school. Foundation
 #3: Addressing the demands of Common Core, ELD Standards, and the ELA/ ELD Framework. English Learner Teacher Partners (ELTPs) as Instructional Coaches: Provide ELTPS at each site to provide ongoing coaching and facilitation in order to fully implement SEAL. This includes planning and facilitation of grade level unit development days as well as supporting the teachers with the SEAL strategies and implementation through on site coaching and planning. SEAL materials: In order to implement the SEAL model, we provide additional materials for the SEAL model for each classroom that is approximately \$2000/class over 2 years.

Personnel, support and supplies for our two SEAL demonstration sites will be paid for out of a grant through Sobrato.

New Action

Select from New, Modified, or Unchanged for 2018-19

Modified Action

Select from New, Modified, or Unchanged for 2019-20

Modified Action

2017-18 Actions/Services

The Math Coaches will focus specifically on the African American students in math. After the 2016-17 CAASPP results are released, they will analyze them by school, grade and individual students. It will become their specific cycle of inquiry to determine the specific math cluster or domain or instructional strategy to increase the achievement of African American students in mathematics.

2018-19 Actions/Services

After the 2017-18 CAASPP results are released, our coaches will analyze the data by school, grade and individual students. Targeted data areas will become the focus of coaching cycles to determine the specific math and ELA domains or instructional strategies to increase the achievement of subgroups performing at orange or red in ELA or math on the CA Dashboard.

2019-20 Actions/Services

After the 2017-18 CAASPP results are released, our coaches will analyze the data by school, grade and individual students. Targeted data areas will become the focus of coaching cycles to determine the specific math and ELA domains or instructional strategies to increase the achievement of subgroups performing at orange or red in ELA or math on the CA Dashboard.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 3

We will provide an inclusive learning environment for students with disabilities to best support social, emotional, and academic development.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 7: Course Access (Conditions of Learning)

Local Priorities:

Identified Need:

One reason Oak Grove did not meet state LRE targets is that only about one-quarter of its special education services are delivered in the regular classroom. By comparison, about half of specialized services are delivered at SWDs' regular schools but in separate classrooms. These latter services consist of part-day "pull-outs" from or supplements to regular classroom instruction (for students with less severe needs) as well as "special day" classes (for students who need more intensive accommodations). Students in special day classes typically spend most or all of their days in a specially designed instructional setting. The remaining one-quarter of special education services are provided at locations other than the regular school. For students with very severe disabilities, services sometimes are offered at separate settings, such as, specially certified nonpublic schools, or county facilities.

The Oak Grove Least Restrictive Environment Collaborative identified root causes such as:

- not having a common philosophy
- it is not a high priority
- need for further professional development

Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<p>We will analyze the California Student Achievement of Performance and Achievement (CAASPP), Smarter Balanced (SBAC) English Language Arts (ELA) and Math results, and the indicators on the CA Schools Dashboard.</p> <p>The Performance Indicator Review Measure of the amount of service on an IEP.</p>	<p>CAASPP Student Populations:</p> <p>2015-16 ELA Results</p> <p>Special Education 11%</p> <p>All 50%</p> <p>2015-16 Math Results</p> <p>Special Education 9%</p> <p>All 42%</p> <p>On the California Schools Dashboard:</p> <ul style="list-style-type: none"> The Student population in red is Students with Disabilities in both ELA and Math. <p>96.9 points below level 3 in ELA and 127.4 points below level 3 in Math.</p>	<p>Increase the Special Education results on ELA and Math CAASPP by 10%.</p> <p>Increase the Special Education Dashboard indicates by minimum of 7 points toward level 3 in ELA and Math.</p>	<p>Increase the CAASPP SBAC percent of students with disabilities subgroup meeting or exceeding standards by 8-10% higher than the prior year in ELA and Math in grades 3-8.</p> <p>Increase our students with disabilities subgroup by one performance level on the CA Dashboard from the prior year in ELA and Math in grades 3-8.</p>	<p>Increase the Special Education results on ELA and Math CAASPP by 10%.</p> <p>Increase the Special Education Dashboard indicates by minimum of 7 points toward level 3 in ELA and Math.</p>
<p>Oak Grove's goal is to increase inclusion rates to at least 50% of students with disabilities (SWD) in the general classroom for 80% of</p>	<p>Inclusion Rates: 40.63% of SWD are receiving 80% of their day in a general education class.</p>	<p>49.2% of SWD will receive 80% of their day in a general education class.</p>	<p>We will meet the State targets on the Performance Indicator Review Measure of the amount of service on an IEP.</p>	<p>We will meet the State targets on the Performance Indicator Review Measure of the amount of service on an IEP.</p>

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
the day, and less than 25% of students with disability will be in general education less than 40% of the day.	<p>(Inside regular education classroom 80% or more of the day for students with IEP's, including speech only, RSP, and SDC)</p> <p>No more than 24.6% of SWD are in a general education class less than 40%. (Inside regular education classroom less than 40% of the day for students who receive special ed services for 60% or more of the day)</p>	28.13% of SWD be in a general education class less than 40% of their day.		

Planned Actions / Services

Complete a copy of the following table for each of the LEA's Actions/Services. Duplicate the table, including Budgeted Expenditures, as needed.

Modified Action

2017-18 Actions/Services

Provide professional development on what is LRE, Multi-tiered System of Supports (MTSS)/Response to Intervention and instruction RtI2. We will focus on inclusion best practices for administrators, staff redefining their roles and responsibility, problem solving, time for planning, co-teaching, determining the best assessment, strategies for developing access to the general education curriculum and differentiating instruction.

2018-19 Actions/Services

A diverse committee of stakeholders for MTSS will develop a plan for implementation. A grant received from the CDE for technical support will assist in funding this work. Six days of staff development was provided and will inform the continued progress beginning with our two pilot schools.

The completed Fidelity Integrity Assessment (FIA) is being used to self-assess and determine levels of implementation with regards to systemic infrastructure at our two pilot schools.

2019-20 Actions/Services

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 4

Students will use technology to master the 21st Century Skills of collaboration, communication, critical thinking and creativity. Oak Grove will provide innovative strategies with support for technology implementation that would enhance student learning of core academic subject knowledge, and meet technology standards.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 5: Pupil Engagement (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Identified Need:

We have some teachers who implement technology as a center, or use it more as a separate resource outside of CCSS Instruction. Furthermore, in 2016-17, there were 5% of the teachers who reported that they never use technology as part of their instruction. We need to continue to identify those teachers and classes to provide the professional development and coaching they need to ensure equal access to the technology tools and standards.

As technology becomes a more and more significant part of everyday life, it's also apparent that it's here to stay in the world of education. Mobile devices, online solutions, and the plethora of apps for education are helping teachers and students deepen learning and collaborate in the classroom. However, this increasing use of technology can pose a challenge for students who don't have access to devices or an Internet connection at home. They're often left at a disadvantage in comparison to students with access to the wealth of information that technology offers, and in turn, the economic divide in education increases. In today's always-on world, no student should be put at a disadvantage because of difficulties accessing technology. English language learners' experience with technology can vary greatly from one student to the next. Some kids may have never used a computer.

Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<p>We will continue with the Annual Technology Survey (Brightbyte) given to all teachers and students in grades 4-8.</p> <p>We will monitor the participation rates on local resources like iReady, Read 180, Systems 44 and CAASPP Tests.</p>	<p>The 2016-17 annual Technology Survey (Brightbyte) indicated that 64% of the students in grades 4-8 use technology weekly, and 29% use the technology at least monthly.</p> <p>91% of all teachers report they can get devices for their students, including EL students, when needed more than half of the time. 93% of all teachers report the student to computer ratio is 2 to 1 or 1 to 1.</p> <p>The Technology Survey indicated that access to the internet was 91% of the time. Students had access to Chromebooks at least weekly. All English Learners used the technology to access ELA and mathematics through i-Ready, or other resources like Google, Read 180, Systems 44. We want to continue to focus on the reliability</p>	<p>85% of the students will use technology daily as an instructional tool to master core the grade level technology standards.</p> <p>95% of ELs will use technology to access core subjects and master the ELD standards.</p> <p>We will continue to monitor to ensure that 95% of all students will participate in CAASPP Testing on the Chromebooks and laptops.</p> <p>95% of students will access core subject areas using 21st Century Skills of collaboration, communication, critical thinking and creativity.</p>	<p>90% of the students will use technology daily as an instructional tool to master the grade level technology standards.</p> <p>100% of ELs will use technology to access core subjects and master the ELD standards.</p> <p>We will continue to monitor to ensure that 95% of all students will participate in CAASPP Testing on the Chromebooks and laptops.</p> <p>100% of students will access core subject areas using 21st Century Skills of collaboration, communication, critical thinking and creativity.</p>	<p>95% of the students will use technology daily as an instructional tool to master the grade level technology standards.</p> <p>We will continue to monitor to ensure 100% of ELs will use technology to access core subjects and master the ELD standards.</p> <p>We will continue to monitor to ensure that 95% of all students will participate in CAASPP Testing on the Chromebooks and laptops.</p> <p>We will continue to monitor to ensure 100% of students will access core subject areas using 21st Century Skills of collaboration, communication, critical thinking and creativity.</p>

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
	<p>and frequency of access.</p> <p>97-98% of the students enrolled in grades 3-8 took the CAASPP Test on Chromebooks in 2015-16, and expect the same for 2016-17.</p> <p>All students have access to the core subjects, and the Technology Survey indicated Oak Grove students are advanced in the technology foundation skills, online skills, multimedia skills. Students' beliefs about using technology in learning was scored at an advanced level.</p>

We will provide EdTech coaching and professional development to teachers and administrators to ensure quality implementation of the CCSS and digital citizenship Technology Standards and integrated technology research-based practices (e.g. PBL, SEAL, Google Apps, coding, mathematics, etc.)

From California's Empowering Learning: A Blueprint for California Education Technology 2014-17, "Stanford University Professor Dr. Linda Darling-Hammond, the co-chair of Superintendent Torlakson's

2018-19 Actions/Services

We will provide EdTech coaching and professional development to teachers and administrators to ensure quality implementation of the CCSS and digital citizenship Technology Standards and integrated technology research-based practices (e.g. assessments, PBL, SEAL, Google Apps, NGSS, coding, mathematics, etc.).

EdTech district Coaches will continue to provide classroom and planning support to accelerate the learning of all students.

2019-20 Actions/Services

We will provide EdTech coaching and professional development to teachers and administrators to ensure quality implementation of the CCSS and digital citizenship Technology Standards and integrated technology research-based practices (e.g. assessments, PBL, SEAL, Google Apps, NGSS, coding, mathematics, etc.).

EdTech district Coaches will continue to provide classroom and planning support to accelerate the learning of all students.

Transition Advisory Team, described this new mission for schools in her book *The Flat World and Education*: “The new mission of schools is to prepare students to work at jobs that do not yet exist, creating ideas and solutions for products and problems that have not yet been identified, using technologies that have not been invented.” We must be prepared to embrace a landscape where technology in teaching and learning becomes part of the fabric of modeling, observation sharing, and the new and expanded peer groups all of us can experience. However, there are millions of students in California who do not have adequate access to technology in their classrooms or at home. According to the K–12 High Speed 2013 Annual Report, 791 California schools today have a T-1 line (1.5 Mbps) or lower broadband access—inadequate for the needs of today’s students. We must ensure that every one of California’s 6.2 million students can take advantage of the opportunities education technology presents. We must not allow some students to fail to have the opportunity to learn basic skills required to interact in a digital world. We need to make sure every student has access to, and the knowledge to use, the technology needed to successfully participate in the Smarter Balanced assessments. We must not allow a lack of technology—or ineffective implementation—to become the roots of the next achievement gap. ” Research indicates, “Even if all the equipment was accessible and working, there was still a good deal of complexity in

They will provide professional development and and model best practices in the classroom based on site need and teacher request.

They provide classroom support by managing site-based and districtwide systems such as Google applications, RAZ Kids, iReady, RocketLit, Clever, Rosetta Stone, including various other systems.

EdTech coaches work with district staff, students and parent to ensure functionality of technology to advance students' education (ie. chromebooks, projectors, document cameras, tablets, casting devices, etc.)

They provide direction to the district for the best practices concerning the use and purchase of technology devices and software applications.

In partnership with all district departments, EdTech coaches provide support and consultation to help develop technology processes and practices to better streamline efficiency and compliance.

They support processing of chromebooks purchased during the school year in labeling, tagging, maintaining an inventory database and managing the devices.

Additionally, they ensure that report cards and grading for intermediate schools are

integrating technology into instruction. The emphasis on standardized testing increased this complexity, as teachers often could not figure out how best to prepare students for tests while also emphasizing the kinds of discovery learning that are enhanced by technology use. Again, complexity was heightened in low-SES schools because of the special attention given to raising test scores in those schools as well as the larger numbers of English language learners (ELs) those schools enrolled. For example, in a number of classrooms, we witnessed ELs cutting and pasting information from the Internet to complete an assignment, with no evident understanding of the material they were working with. This last example is an illustration of what we called performativity, that is, technological performance for its own sake rather than in connection with meaningful learning goals. Designing technology-enhanced lessons for culturally and linguistically diverse students with limited English literacy is without doubt complicated, but it can yield important rewards when done well (see examples in succeeding discussions and further examples in Brown, Cummins, & Sayers, 2007).

processed, managed and delivered to support home and school communication.

EdTech supports the design, training and ADA compliance for the district and school site websites.

EdTech coaches will continue participating in current professional development to enhance their practice, and ensure that the district remains competitive in 21st century learning.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 5

School and classroom environments support learning, creativity, safety and engagement.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities:

Identified Need:

There is a loss of instructional time due to suspensions and absenteeism. While we have decreased the rate in the past few years, over 400 students are being suspended, and there are 20 students with chronic absenteeism. There are a quarter of the students in grade 7 who indicated they did not feel safe at school on the California Health Kids Survey.

CA Healthy Kids Survey Results - Grade 5

- Feel safe at school 82%
- Been hit or pushed 43%
- Mean rumors spread about you 44%
- Been called bad names or mean jokes made about you 46%
- Saw a weapon at school 14%

CA Healthy Kids Survey Results - Grade 7

- Experienced any harassment or bullying 39 %
- Had mean rumors or lies spread about you 36%
- Been afraid of being beaten up 19%

- Been in a physical fight 12%
- Seen a weapon on campus 13%
- Been drunk or “high” on drugs at school, ever 2%

Select from New, Modified, or Unchanged for 2018-19

Modified Action

Select from New, Modified, or Unchanged for 2019-20

Modified Action

2017-18 Actions/Services

Implement, monitor, and continue to provide professional development and coaching in (PBIS) Positive Behavioral Interventions and Supports. PBIS is a three tiered Rtl approach. In Tier I, students will be respectful, responsible and safe in all learning locations: classroom, library, locker room, playground, online, etc. We need to focus on implementing Tier II and Tier III interventions based on the data. When a behavior event occurs, and resolution is given to the student, we will monitor whether a positive approach was used to restore the relationships and expectations for the student.

2018-19 Actions/Services

Implement, monitor, and provide professional development to site teams on the main tenets and practices of (PBIS) Positive Behavioral Interventions and Supports.

PBIS is a three-tiered approach. In Tier I the focus is on prevention through establishing common systemic expectations and practices. 80% of students respond at this level.

Tier II is designated to provide targeted small group or 1:1 interventions to support students who are not responding to tier 1 practices. 10-15% of students respond at this level.

Tier III is designed to diminish frequency and intensity of problem behavior through individualized supports that are customized for students based on case and circumstance. 3-5% of students respond at this level.

2019-20 Actions/Services

Implement, monitor, and provide professional development to site teams on the main tenets and practices of (PBIS) Positive Behavioral Interventions and Supports.

PBIS is a three-tiered approach. In Tier I the focus is on prevention through establishing common systemic expectations and practices. 80% of students respond at this level.

Tier II is designated to provide targeted small group or 1:1 interventions to support students who are not responding to tier 1 practices. 15% of students respond at this level.

Tier III is designed to diminish frequency and intensity of problem behavior through supports that are customized for students based on case and circumstance. 5% of students respond at this level.

Through systematic release time of site PBIS teams and through site PD time, the focus will be on clarifying expectations and supports in each of these tiers of PBIS.

Restorative Justice Practice PD will be provided for the three middle schools for continued implementation.

Through systematic release time of site PBIS teams and through site PD time, the focus will be on clarifying expectations and supports in each of these tiers of PBIS.

Restorative Justice Practice PD will be provided for the three middle schools for continued implementation.

2017-18 Actions/Services

Provide Mental Health Services to students in need. Provide a mental health counselor for the intermediate schools.

2018-19 Actions/Services

Provide individual and small group mental health services to students in need. Provide a mental health counselor for the intermediate schools and ensure continued up-to-date professional development. Interns will support counseling needs for unduplicated students.

School Social workers expand Student and Learning Supports and provide direct and indirect services as well systemic work (program development, implementation, team facilitation), to bring about increased and improved social and academic outcomes.
1. Provide socio-emotional, psychological and academic support for students and families.
2. Collaborate with community resources, local colleges and industry to connect with student needs.

2019-20 Actions/Services

Provide individual and small group mental health services to students in need. Provide a mental health counselor for the intermediate schools and ensure continued up-to-date professional development. Interns will support counseling needs for unduplicated students.

School Social workers expand Student and Learning Supports and provide direct and indirect services as well systemic work (program development, implementation, team facilitation), to bring about increased and improved social and academic outcomes.
1. Provide socio-emotional, psychological and academic support for students and families.
2. Collaborate with community resources, local colleges and industry to connect with student needs.

3. Continue to implement, strengthen and monitor a tiered system of support for students in need of academic and behavioral interventions. (e.g. Positive Behavior Intervention and Support (PBIS), Behavior Expectation Matrix, Response to Intervention (RtI2), Coordinated Early Intervention and Support.

4. Develop plans to increase opportunities for students to be engaged and empowered in their learning (e.g., service learning, leadership groups, student focus groups, and community services and service hours) and more bonded to their school community.

5. Implement (or continue to operate) a comprehensive program to support the social, emotional, behavioral, and educational needs of foster youth. The program includes assessment of needs, assistance in gaining access to services and resources, and monitoring outcomes.

School Linked Services (SLS) Program Specialists will provide Suicide Prevention Training (QPR), coordinate services with community agencies, align services provided by the district mental health support staff, organize and facilitate a tiered model of mental health interventions, and respond to crisis situations. Training on socio-emotional learning will be provided to staff and families.

Momentum received a grant to offer Mental Health First Aid trainings to increase mental health awareness in

Training on socio-emotional learning will be provided to staff and families.

Momentum received a grant to offer Mental Health First Aid trainings to increase mental health awareness in

schools and community. Mental Health First Aid is an 8-hour course that gives people the skills to help someone who is developing a mental health problem or experiencing a mental health crisis. The evidence behind the program demonstrates that it does build mental health literacy, helping the public identify, understand, and respond to signs of mental illness. District mental health program specialist will coordinate with Momentum to offer Mental Health First Aid to our district staff and parents. The goal is to train at least 20 people in the next three years.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 6

We will actively engage families and community members in supporting the implementation of CCSS instruction, and providing input to program decisions.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)
 Priority 6: School Climate (Engagement)

Local Priorities:

Identified Need:

Many principals report they have a low attendance at various parent meetings and events. At the district level, parent groups such as HABLA, African American Koffee Klatch, and DELAC meetings, less than 50% of the schools have consistent representation.

Expected Annual Measurable Outcomes

2017-18 Actions/Services

Social workers are critical liaisons between low-income families, Foster Youth and families of English learners. The profession of school social work began in the 20th century, fueled by immigration, life struggles, social conditions, and poverty which affected the development and expansion of educational opportunities for all children (Allen-Meares, 2006 & Agresta, 2004).

2018-19 Actions/Services

Social workers are a critical liaisons between low-income families, Foster Youth and families of English learners. The profession of school social work began in the 20th century, fueled by immigration, life struggles, social conditions, and poverty which affected the development and expansion of educational opportunities for all children (Allen-Meares, 2006 & Agresta, 2004).

2019-20 Actions/Services

Social workers are a critical liaisons between low-income families, Foster Youth and families of English learners. The profession of school social work began in the 20th century, fueled by immigration, life struggles, social conditions, and poverty which affected the development and expansion of educational opportunities for all children (Allen-Meares, 2006 & Agresta, 2004).

Interventions provided through school social work services have shown improved student attendance, reduction of child abuse and neglect, improved graduation rates and early identification of a disability. These factors are directly related to increased student achievement.

School Social workers expand Student and Learning Supports (SLS) and provide direct and indirect services as well systemic work (program development, implementation, team facilitation), to bring about increased and improved social and academic outcomes.

1. Provide socio-emotional, psychological and academic support for students and families.
2. Collaborate with community resources, local colleges and industry.
3. Continue to implement, strengthen and monitor a tiered system of support for students in need of academic and behavioral interventions. (e.g. Positive Behavior Intervention and Support (PBIS), Behavior Expectation Matrix, Response to Intervention (RtI2), Coordinated Early Intervention and Support.
4. Develop plans to increase opportunities, services and supports at all schools. Utilize the program development skills that School Social Workers have to accomplish building and implementing these systems of support.
5. Develop plans to increase opportunities for students to be engaged and empowered in their learning (e.g., service learning, leadership groups, student focus

The Family Engagement Program Administrator position is funded to ensure that meaningful engagement of families in their children’s learning transpires in order to support both school readiness in early learners and later academic success in school. The primary focus to ensure that EL, low socioeconomic, and Foster Youth families are fully engaged and attending the family activities and trainings.

As a means to supporting family engagement and children’s learning, it is crucial that district and school programs implement strategies for developing partnerships with families (Henderson & Mapp, 2002). Furthermore, Family Engagement strategies should be appropriate for the diverse population these programs serve and reflect a commitment to outreach (Colombo, 2006; Crawford & Zygouris-Coe, 2006). In addition, in some cultures, multi-generational households are common, and extended family members and fictive kin have important roles in caring for and raising children (McAdoo, 2000; Valdez, 1999). Henderson and Mapp (2002) highlight the importance of family by recognizing that “all family members—siblings, grandparents, aunts, uncles, and fictive kin—who may be friends or

2018-19 Actions/Services

Community Liaisons will collaborate School Linked Services (SLS) Program Specialists and with school principals to implement mental health support services and family engagement strategies that will assist students to achieve the academic goals in the Single Plan for Student Achievement (SPSA). Implementation of best practices for family engagement include but not limited to the following:

- Relational – build respectful and trusting relationships between home and school.
- A “Welcoming” Environment – pledge that all families feel welcome at the school beginning when parents enter the building in the front office; encourage volunteering with a variety of meaningful opportunities that include different skills; make “welcoming” phone calls before the school year starts; update signage to guarantee that positive messages are displayed.
- Linked to Learning – connect families to the teaching and learning goals for the students; develop capacity by providing tips/strategies for parents through workshops in CCSS, SBAC, PBIS, literacy, math.

neighbors, often contribute in significant ways to children’s education and development.” Epstein (2001) presents a comprehensive approach of engagement for family and professional partnerships. The model, known as the Action Team for Partnerships (ATP), identifies practices that schools can implement to facilitate family engagement for the purpose of improving student achievement. The model recognizes that diverse needs and expectations exist across families and educators and that what may work in the life of one child may not work for another. In these instances, the model calls for families and educators to work together, to develop goals, and to establish the best possible practices that are meaningful and appropriate for both parties. This model is being implemented in schools across the district with the support of this position.

- Communication – ensure engagement in regular, positive, two-way communication about student learning.
- Interactive – learn from each other; listen to families’ stories.
- Collaborative – assure that families and school staff is equal partners in decisions that affect children; seek input and feedback from families.

The evidence is consistent, positive, and convincing: families have a major influence on their children’s achievement in school and through life. Research continues to grow and build an ever-strengthening case. When schools, families, and community groups work together to support learning, children tend to do better in school, stay in school longer, and like school more. Many studies found that students with involved parents, no matter what their income or background, were more likely to:

- earn higher grades and test scores, and enroll in higher-level programs;
- be promoted, pass their classes, and earn credits;
- attend school regularly;
- have better social skills, show improved behavior, and adapt well to school;
- graduate and go on to postsecondary education.

- have better social skills, show improved behavior, and adapt well to school;
- graduate and go on to postsecondary education.

Several studies found that families of all income and education levels, and from all ethnic and cultural groups, are engaged in supporting their children’s learning at home. White, middle-class families, however, tend to be more involved at school. Supporting more involvement at school from all parents may be an important strategy for addressing the achievement gap (Henderson, A., Mapp, K., 2002).

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2018-19**

Estimated Supplemental and Concentration Grant Funds

\$8,169,189

Percentage to Increase or Improve Services

10.33%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The 2018-2019 estimated supplemental LCFF money is \$8,114,489 based on step five of the LCFF formula.

The following serves to justify the Oak Grove School District's 2017-2018 LCAP Supplemental Grant Expenditures as "Principally Directed" and the "Most Effective" Use to Serve High-Need Student Goals:

Districtwide Focus:

Our California Dashboard indicates that our English Learners (ELs) and socioeconomically disadvantaged students are represented as Orange on their academic progress in English Language Arts. Additionally, our socioeconomically disadvantaged students are represented as Orange on their academic progress in Math and Suspension Rate. With this in mind, it is critical for us to focus on accelerating their language acquisition and comprehension of core content. Our plan targets the learning of our ELs as well as our socio-economically disadvantaged students and foster youth.

Oak Grove has been proactive and determined in providing a rigorous, research-based instructional approach/model for our ELs, Economically Disadvantaged students and Foster Youth students, particularly those in our Title I funded schools. It is critical that ELs receive daily, high-quality grade level core instruction alongside their native English-speaking peers that is combined with effective strategies that ensures access as well as appropriately-designed designated ELD instruction. The Sobrato Early Academic Language

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

(SEAL) EL model is designed as an early prevention in the primary grades delivery model. Our Title I schools have high percentages of high-need students and continue to receive a multitude of resources, but all other schools in the district also have a large percentage of EL students and other high-need student populations. The total percentage of students in our EL subgroup and low socioeconomic level at our Title I schools is exceeded by the percentage of EL/low socio economic level enrolled at all non-Title I schools. Oak Grove has an unduplicated pupil percentage of 53%, and 29% English learners representing 51 different languages. It is critical that ELs receive daily, high-quality grade level core instruction alongside their native English-speaking peers that is combined with effective strategies that's ensures access as well as appropriately-designed designated ELD instruction.

The justification for the expenditures is based on the number and percent of long-term EL students within Oak Grove. This fact that all schools in Oak Grove have a significant number of EL students, demands that we provide services to all schools equitably as each school in our district has a significant EL and low socio economic population that must be served with high quality instruction.

Research:

Sobrato Early Academic Language (SEAL)

As a supplemental grant expenditure, our district adopted the SEAL model systemically to deliver grade level standards through robust, initial instructional strategies in language development in Transitional Kindergarten (TK) through 3rd, and through 5th grade at our 3 Title I funded sites. SEAL promotes the development of biliteracy, affirming and supporting home language for English Learners and families, and developing high levels of proficiency in both the primary language and English. The SEAL model was designed drawing upon research on preventing the creation of Long Term English Learners and enacts the research on effective English Learner high-yield pedagogical practices. These two bodies of research, together with an analysis of the challenges of implementing the new Common Core State Standards, establish the foundation for the SEAL model. SEAL is a rich, powerful language and literacy model developed to boost the academic vocabulary and cognitive conceptual understanding of English Learners. The instructional practices and strategies in SEAL are proven methodologies that have produced results with English Learners. With this model, all ELs are instructed during general education classes with the goal of developing academically proficient and literate students. Furthermore, the SEAL instructional model is aligned to the ELA common core state standards in both English and Spanish, the ELD Standards, the ELA/ELD Framework, the Next Generation Science Standards (NGSS) and the new History/Social Science Framework. In an effort to meet the literacy and language development needs of all EL students in all schools across the district, intensive training in SEAL is

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

provided at elementary school for TK-3rd grade teachers, with three schools implementing through 5th grade. We strongly believe that all ELs should have equal access to high levels of instructional and English language support. Therefore, providing SEAL instruction in our classrooms ensures that every EL student has access to high-quality, deep learning of the English language in all content areas.

The SEAL Model is anchored by six research-based foundational components that infuse all aspects of teaching and learning throughout the school day:

- Alignment of preschool and the K-3 systems around a shared vision of powerful language development as the foundation for academic success – with support for transitions across systems and levels (including

Summer Bridge programs).

- Simultaneous academic language and literacy (including bilingual options).
- Language-rich environments and instruction with an emphasis on expressive and complex oral language development and enriched vocabulary.
- Text-rich curriculum and environments that engage children with books and the printed word, and lead to the appreciation and love of reading and writing.
- Language development through academic thematic units based upon science and social studies standards.
- An affirming learning environment that brings together teachers and parents to support strong language and literacy development at home and at school.

Partners in School Innovation (PSI)

Our three lowest performing Title 1 schools have also partnered with Partners in School Innovation (PSI). PSI's mission is to transform teaching and learning in the lowest performing public schools so that every student, regardless of background, thrives. Their research-based School Transformation Framework creates a measurable impact for the children served and builds capacity in teachers and leaders.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Partners in School Innovation focus their support on schools with high percentages of low-income students of color and at least five straight years of under-performance (generally in the bottom quartile on state assessments). In the past ten years, we have partnered with 16 districts in California, Illinois, Michigan, Mississippi, New Mexico and Pennsylvania.

Significant growth in achievement has been demonstrated in their partner schools. From 2009 to 2012, student achievement in PSI California schools improved at a significantly faster rate than a matched cohort of similar schools throughout the state. The percentage of students who scored proficient or higher on the California Standards Test in English Language Arts increased from 32% to 44%, compared to an increase at similar schools from 36% to 40%. According to a Mann-Whitney U test for non-parametric data, PSI schools improved at a statistically significant rate (U-value=43, z-score=-2.86, p=0.004). More recently, Partners in School Innovation demonstrated that their services have impact in multiple contexts. According to NWEA MAP testing among their nine partner schools in Michigan, average student achievement in reading grew from 11.4% at or above the norm in Fall 2012 to 24.4% at or above the norm in Spring 2016. An analysis of the mean performance levels at each school demonstrates that PSI students significantly increased the proportion of students achieving at the 50th percentile and higher (independent samples paired t-test; t-value=-5.9, p=0.00, 95% confidence level). PSI support in Michigan also demonstrates strong practical significance with an effect size of 3.7 (Glass' delta), meaning that student performance in 2016 is 3.7 standard deviations higher than in 2012.

Technology

From California's Empowering Learning A Blueprint for California Education Technology 2014-17, "Stanford University Professor Dr. Linda Darling-Hammond, the co-chair of Superintendent Torlakson's Transition Advisory Team, described this new mission for schools in her book, *The Flat World and Education*: "The new mission of schools is to prepare students to work at jobs that do not yet exist, creating ideas and solutions for products and problems that have not yet been identified, using technologies that have not been invented." We must be prepared to embrace a landscape where technology in teaching and learning becomes part of the fabric of modeling, observation sharing, and the new and expanded peer groups all of us can experience. However, there are millions of students in California who do not have adequate access to technology in their classrooms or at home. According to the K-12 High Speed 2013 Annual Report, 791 California schools today have a T-1 line (1.5 Mbps) or lower broadband access —inadequate for the needs of today's students. We must ensure that every one of California's 6.2 million students can take advantage of the opportunities education technology presents. We must not allow some students to fail to have the opportunity to learn basic skills required to interact in a digital world. We need to make sure every student has access to, and the knowledge to use, the technology needed to

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

successfully participate in the Smarter Balanced assessments. We must not allow a lack of technology—or ineffective implementation—to become the roots of the next achievement gap. " Research indicates, "Even if all the equipment was accessible and working, there was still a good deal of complexity in integrating technology into instruction. The emphasis on standardized testing increased this complexity, as teachers often could not figure out how best to prepare students for tests while also emphasizing the kinds of discovery learning that are enhanced by technology use. Again, complexity was heightened in low-SES schools because of the special attention given to raising test scores in those schools as well as the larger numbers of English learners (ELs) attending those schools. For example, in a number of classrooms, we witnessed ELs cutting and pasting information from the Internet to complete an assignment, with no evident understanding of the material they were working with. This last example is an illustration of what we called performativity, that is, technological performance for its own sake rather than in connection with meaningful learning goals. Designing technology-enhanced lessons for culturally and linguistically diverse students with limited English literacy is without a doubt complicated, but it can yield important rewards when done well (see examples in succeeding discussions and further examples in Brown, Cummins, & Sayers, 2007).

Visual & Performing Arts – Music for Minors

Research shows that there is theoretical and psychological support for the inclusion of music and art in the teaching of English. English Learners require vocabulary and grammar, improve spelling, enhance rote memorization and develop the linguistic of reading, writing, speaking, and listening through music (Jalongo & Bromley, 1984, McCarthey, 1985, Martin, 1983, Mitchell, 1983, Jully, 1975). Educators confirm that the pleasure derived from music boosts the learning of language.

Health Clerk – additional hours

Compared to more affluent students, children living in poverty are 25 percent more likely to miss three or more days of school per month (National Center for Education Statistics [NCES] 2006a). Low socioeconomic status (SES) children are more likely to experience serious health problems (Hughes and Ng 2003; Rothstein 2004). As a result, they are three times more likely to be chronically absent from school due to illness or injury (Bloom, Dey, and Freeman 2006). Specifically, children living in poverty suffer much higher rates of asthma, heart and kidney disease, epilepsy, digestive problems, as well as vision, dental, and hearing disorders (Case et al. 2002; Halfon and Newacheck 1993; Moonie et al. 2006).

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Social Workers

Social workers are critical liaisons between low-income families, Foster Youth and families of English learners. The profession of school social work began in the 20th century, fueled by immigration, life struggles, social conditions, and poverty which affected the development and expansion of educational opportunities for all children (Allen-Meares, 2006 & Agresta, 2004). Interventions provided through school social work services have shown improved student attendance, reduction of child abuse and neglect, improved graduation rates and early identification of a disability. These factors are directly related to increased student achievement.

Community Liaisons

Community Liaisons provide another important support to low income families, Foster Youth and English Learners. They link students and families with services within the school, and across Santa Clara County such as housing, clothing, food shelters, and the many agencies available that families may not be aware of.

Family Engagement

As a means to supporting family engagement and children's learning, it is crucial that district and school programs implement strategies for developing partnerships with families (Henderson & Mapp, 2002). Furthermore, Family Engagement strategies should be appropriate for the diverse population these programs serve and reflect a commitment to outreach (Colombo, 2006; Crawford & Zygouris-Coe, 2006). A program administrator is responsible for overseeing and facilitating family engagement activities throughout the district.

Actions & Services Provided:

1. We have two math coaches and one ELA coach who will focus on CCSS implementation with an emphasis on EL, socio-economically disadvantaged students and foster youth in grades TK-8th. We believe that in

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

addition to attending professional development and planning, teachers need classroom modeled lessons and a coach

to observe and provide direct feedback to individual teachers.

2. We will have two professional development and common planning days for all TK-5 teachers in math and K-2 for foundational skills with the objectives of common backwards mapping, collaborative planning and

common assessment with the focus on needs supporting our English learners in accessing grade level standards.

3. Administrative Support Staff to organize, manage, and ensure fidelity of implementation for all programs focused on EL, low socio economic and foster youth.

4. Visual and Performing Arts for students in schools with high levels of disadvantaged students.

5. SEAL Professional Development modules and grade level unit development days are provided for development of content based thematic units and collaboration across school sites.

6. All certificated staff will receive three full days of professional development addressing the needs of our unduplicated students: English Learner, Foster Youth or Socio-Economically Disadvantaged students. Our coaches

will attend professional development to stay current on practices for English Learners

7. Our English Language Teacher Partner (ELTP) and content instructional coaches work very closely with all classroom teachers to provide extensive training, modeling and coaching of high-return ELD strategies. Our

coaches participate in continuous intensive professional development to remain current in

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

SEAL/ELD/PBL/CCSS/assessments so as to become professional models and coaches for all our teachers. Coaches support classroom teaches on a daily basis with implementation of high quality instructional

practices that focus on the needs of English Learners and students from low-socioeconomic levels, and Foster Youth. In addition, coaches facilitate our districtwide, school level, and grade level professional

development.

8. Provide ELD Instructional Assistants to provide classroom support to EL newcomers and to students with CELDT level 1 & 2 or it's equivalency in the ELPAC in order to access grade level curriculum thought integrated

ELD instruction.

9. Maintain and monitor the focus on relationships, rigor, and relevance for all students while targeting English Learners, socio-economically disadvantaged students, Hispanic students, African American students and

Foster Youth though walkthroughs and data analysis using common rubrics and tools and PLC structures.

10. Additional ELD teachers at the intermediate schools to support EL students with specific strategies and interventions by providing ELD support classes.

11. Our collaboration with Partners in School Innovation (PSI) provides intensive support to three of our schools. PSI staff alongside school staff focus on deepening the implementation of the School Transformation

Framework and Results-Oriented Cycle of Inquiry with the school sites. In addition, PSI collaborates with district

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

leaders to design and deliver an instructional leadership team network for the district's Title I schools and their feeder middle school. The PSI staff consists of highly effective teachers and leaders, who are trained to act

as Results-Oriented Change Agents – providing on-the-ground thought partnership, coaching and technical

support in schools. They focus on supporting culturally responsive teachers who implement new strategies in their classrooms by ensuring each school implements a thoughtful professional learning plan that supports

teachers to learn new content, collaborate with their peers and receive individualized support and feedback. They partner with principals and their leadership teams to analyze data, set SMART goals, develop a

thoughtful plan of action, and engage in ongoing cycles of monitoring and adjustment for EL, Foster Youth and Socio-Economically Disadvantaged students. PSI works with district staff to develop a coaches'

professional learning community to engage in professional learning, coaching, and supporting one another for the purpose of reflecting and refining coaching practices that will ultimately impact teacher practice and

improve student achievement.

12. Provide additional staff, additional professional development, and additional planning days to our intermediate school with the highest EL and socio-economically disadvantaged population in order to accelerate the

learning of our most disadvantaged students.

13. Provide intensive intervention programs such as Read 180, Systems 44, iReady, Rosetta Stone, etc.) to support the various academic needs of our unduplicated students. READ 180 Universal is the leading blended

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

learning solution that accelerates learning for struggling readers by merging the latest brain science, adaptive technology, professional development, and knowledge for school and life. For middle-school students who

are two or more years behind in math, time is of the essence. Reteaching every missed skill and concept is impractical. MATH 180 focuses on deep understanding and mastery of the essential skills and concepts

necessary to unlock algebra and advanced mathematics. The MATH 180 scope and sequence is built around a focused and coherent curriculum that enables students to progress swiftly and successfully toward grade-

level curriculum. System 44 Next Generation is a new foundational reading program for the most challenged readers in Grades 3–12+. System 44 is proven to help students master the foundational reading skills

required for success with the new standards, college, and career through explicit instruction in phonics, comprehension, and writing. iReady Diagnostic adapts to each student, providing easier or harder questions

depending on students' answers to previous questions. By adapting across grades K–12, i-Ready Diagnostic helps teachers understand the root causes behind student challenges. This is especially beneficial for

providing differentiated instruction and for identifying gaps spanning back multiple years, or for determining where students are ready for further

challenge. i-Ready Diagnostic assesses student performance across the key domains in reading and mathematics for grades K–12, providing a valid data on individual student growth and next steps in instruction.

14. Provide after school safety nets and programs to students needing Tier II & Tier III supports.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

15. At our Title I schools, there is a need for bilingual support staff to serve students in their primary language to best meet the needs of our students and community. We have bilingual spanish support staff who work at

schools with high Spanish speaking families.
16. Technology provided to Title 1 schools and schools with high populations of EL and socioeconomically disadvantaged students. To ensure access to technology that enhances learning specifically for English learners,

low socio-economic students and Foster Youth, the technology and EdTech staff provide coaching on high leverage

technology strategies that is integrated in Common Core Standards implementation.
17. Our district social worker focuses on supporting the needs of EL, low socio economic and foster youth children and families. She supervises interns providing social, emotional, behavioral and academic support to our

disadvantaged students and their families.
18. Attendance clerks are provided with additional hours each day to monitor attendance and manage health concerns by providing regular quality communication with families.
19. Provide Community Liaisons at all sites to support access to school and district programs to all families.
20. Provide translations and/or interpreters and childcare whenever necessary to ensure accurate communication and participation of guardians/families.
21. Title I sites are provided with additional patrol services to ensure campus security in support of student learning.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

A portion of the Supplemental Funds will be set aside for salary increases (step and column, and COLA) for the personnel within the Supplemental actions.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2017-18**

Estimated Supplemental and Concentration Grant Funds

\$7,780,391

Percentage to Increase or Improve Services

10.39%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The 2017-2018 estimated supplemental LCFF money is \$7,780,391 based on step five of the LCFF formula.

The following serves to justify the Oak Grove School District's 2017-2018 LCAP Supplemental Grant Expenditures as "Principally Directed" and the "Most Effective" Use to Serve High-Need Student Goals:

Districtwide Focus:

Our California Dashboard indicates that our English Learners are represented as Orange on their academic progress. With this in mind, it is critical for us to focus on accelerating their language acquisition and comprehension of core content. Our plan targets the learning of our EL's as well as our low socio-economic students and foster youth.

Oak Grove has been proactive and determined in providing a rigorous, research-based instructional approach/model for our EL/low socio economic/Foster Youth students, particularly those in our Title I schools but also for disadvantaged students in all of our schools. It is critical that ELs receive daily, high-quality grade level core instruction alongside their native English-speaking peers that is combined with effective strategies that's ensures access as well as appropriately-designed designated ELD instruction. The Sobrato Early Academic Language (SEAL) EL model is designed as an early prevention in the primary grades delivery model. Our Title I schools have high percentages of high-need students and continue to receive a multitude of resources, but all other schools in the district also have a large percentage of EL students and other high-need student populations. The total percentage of students in our EL subgroup and low socioeconomic level at our Title I schools is exceeded by the percentage of EL/low socio economic level enrolled at all non-Title I schools. Oak Grove has a minority population of 82%, and 29% English learners representing 60 different languages. It is critical that ELs receive daily, high-quality grade level core instruction alongside their native English-speaking peers that is combined with effective strategies that's ensures access as well as appropriately-designed designated ELD instruction.

The justification for the expenditures is based on the number and percent of long-term EL students within Oak Grove. This fact that all schools in Oak Grove have a significant number of EL students, demands that we provide services to all schools equitably as each school in our district has a significant EL and low socio economic population that must be served with high quality instruction.

Research:

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Sobrato Early Academic Language (SEAL)

As a supplemental grant expenditure, our district adopted the SEAL model systemically to deliver grade level standards through robust, initial instructional strategies in language development in Transitional Kindergarten (TK) through 3rd. SEAL promotes the development of biliteracy, affirming, and supporting home language for English Learners and families, and developing high levels of proficiency in both the primary language and English. The SEAL model was designed drawing upon research on preventing the creation of Long Term English Learners and enacts the research on effective English Learner high-yield pedagogical practices. These two bodies of research, together with an analysis of the challenges of implementing the new Common Core State Standards, establish the foundation for the SEAL model. SEAL is a rich, powerful language and literacy model developed to boost the academic vocabulary and cognitive conceptual understanding of English Learners. The instructional practices and strategies in SEAL are proven methodologies that have produced results with English Learners. With this model, all ELs are instructed during general education classes with the goal of developing academically proficient and literate students. Furthermore, the SEAL instructional model is 100% aligned to the ELA common core state standards in both English and Spanish, the ELD Standards, the ELA/ELD Framework, the Next Generation Science Standards (NGSS) and the new History/Social Science Framework. In an effort to meet the literacy and language development needs of all EL students in all schools across the district, intensive training in SEAL is provided at elementary school for TK-3rd grade teachers. We strongly believe that all ELs should have equal access to high levels of instructional and English language support. Therefore, providing SEAL instruction in our classrooms ensures that every EL student has access to high-quality, deep learning of the English language in all content areas.

The SEAL Model is anchored by six research-based foundational components that infuse all aspects of teaching and learning throughout the school day:

- Alignment of preschool and the K-3 systems around a shared vision of powerful language development as the foundation for academic success – with support for transitions across systems and levels (including

Summer Bridge programs).

- Simultaneous academic language and literacy (including bilingual options).
- Language-rich environments and instruction with an emphasis on expressive and complex oral language development and enriched vocabulary.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

- Text-rich curriculum and environments that engage children with books and the printed word, and lead to the appreciation and love of reading and writing.
- Language development through academic thematic units based upon science and social studies standards.
- An affirming learning environment that brings together teachers and parents to support strong language and literacy development at home and at school.

Partners in School Innovation (PSI)

Our three lowest performing Title 1 schools have also partnered with Partners in School Innovation (PSI). PSI's mission is to transform teaching and learning in the lowest performing public schools so that every student, regardless of background, thrives. Their research-based School Transformation Framework creates a measurable impact for the children served and builds capacity in teachers and leaders.

Partners in School Innovation focus their support on schools with high percentages of low-income students of color and at least five straight years of under-performance (generally in the bottom quartile on state assessments). In the past ten years, we have partnered with 16 districts in California, Illinois, Michigan, Mississippi, New Mexico and Pennsylvania.

Significant growth in achievement has been demonstrated in their partner schools. From 2009 to 2012, student achievement in PSI California schools improved at a significantly faster rate than a matched cohort of similar schools throughout the state. The percentage of students who scored proficient or higher on the California Standards Test in English Language Arts increased from 32% to 44%, compared to an increase at similar schools from 36% to 40%. According to a Mann-Whitney U test for non-parametric data, PSI schools improved at a statistically significant rate (U-value=43, z-score=-2.86, p=0.004). More recently, Partners in School Innovation demonstrated that their services have impact in multiple contexts. According to NWEA MAP testing among their nine partner schools in Michigan, average student achievement in reading grew from 11.4% at or above the norm in Fall 2012 to 24.4% at or above the norm in Spring 2016. An analysis of the mean performance levels at each school demonstrates that PSI students significantly increased the proportion of students achieving at the 50th percentile and higher (independent samples paired t-test; t-value=-5.9, p=0.00, 95% confidence level). PSI support in Michigan also demonstrates strong practical significance with an effect size of 3.7 (Glass' delta), meaning that student performance in 2016 is 3.7 standard deviations higher than in 2012.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

International Center for Leadership in Education (ICLE)

ICLE coaches to ensure classroom instruction is rigorous, relevant and there is high learner engagement for the English Learners, Foster Youth, and Socio-Economic Disadvantaged Youth. The work includes the following:

- Build effective instruction based on rigorous and relevant expectations for our target sub-groups
- Create and implement an effective learner environment that is engaging and aligned to the learner needs
- Continue to develop content area knowledge and make it relevant to every learner
- Plan and provide learning experiences using effective research-based strategies that are embedded with best practices including the use of technology
- Use assessment and data to guide and differentiate instruction for EL, Foster Youth, and Socio-Economic Disadvantaged Youth
- Further content and instructional knowledge through continuous professional learning that is both enriching and collaborative

Technology

From California's Empowering Learning A Blueprint for California Education Technology 2014-17, "Stanford University Professor Dr. Linda Darling-Hammond, the co-chair of Superintendent Torlakson's Transition Advisory Team, described this new mission for schools in her book, *The Flat World and Education*: "The new mission of schools is to prepare students to work at jobs that do not yet exist, creating ideas and solutions for products and problems that have not yet been identified, using technologies that have not been invented." We must be prepared to embrace a landscape where technology in teaching and learning becomes part of the fabric of modeling, observation sharing, and the new and expanded peer groups all of us can experience. However, there are millions of students in California who do not have adequate access to technology in their classrooms or at home. According to the K-12 High Speed 2013 Annual Report, 791 California schools today have a T-1 line (1.5 Mbps) or lower broadband access—inadequate for the needs of today's students. We must ensure that every one of California's 6.2 million students can take advantage of the opportunities education technology presents. We must not allow some students to fail to have the opportunity to learn basic skills required to interact in a digital world. We need to make sure every student has access to, and the knowledge to use, the technology needed to successfully participate in the Smarter Balanced assessments. We must not allow a lack of technology—or ineffective implementation—to become the roots of the next achievement gap. " Research indicates, "Even if all the equipment was accessible and working, there was still a good deal of complexity in integrating technology into instruction. The emphasis on standardized testing

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

increased this complexity, as teachers often could not figure out how best to prepare students for tests while also emphasizing the kinds of discovery learning that are enhanced by technology use. Again, complexity was heightened in low-SES schools because of the special attention given to raising test scores in those schools as well as the larger numbers of English learners (ELs) attending those schools. For example, in a number of classrooms, we witnessed ELs cutting and pasting information from the Internet to complete an assignment, with no evident understanding of the material they were working with. This last example is an illustration of what we called performativity, that is, technological performance for its own sake rather than in connection with meaningful learning goals. Designing technology-enhanced lessons for culturally and linguistically diverse students with limited English literacy is without a doubt complicated, but it can yield important rewards when done well (see examples in succeeding discussions and further examples in Brown, Cummins, & Sayers, 2007).

Visual & Performing Arts – Music for Minors

Research shows that there is theoretical and psychological support for the inclusion of music and art in the teaching of English. English Learners require vocabulary and grammar, improve spelling, enhance rote memorization and develop the linguistic of reading, writing, speaking, and listening through music (Jalongo & Bromley, 1984, McCarthey, 1985, Martin, 1983, Mitchell, 1983, Jully, 1975). Educators confirm that the pleasure derived from music boosts the learning of language.

Health Clerk – additional hours

Compared to more affluent students, children living in poverty are 25 percent more likely to miss three or more days of school per month (National Center for Education Statistics [NCES] 2006a). Low socioeconomic status (SES) children are more likely to experience serious health problems (Hughes and Ng 2003; Rothstein 2004). As a result, they are three times more likely to be chronically absent from school due to illness or injury (Bloom, Dey, and Freeman 2006). Specifically, children living in poverty suffer much higher rates of asthma, heart and kidney disease, epilepsy, digestive problems, as well as vision, dental, and hearing disorders (Case et al. 2002; Halfon and Newacheck 1993; Moonie et al. 2006).

Social Workers

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Social workers are critical liaisons between low-income families, Foster Youth and families of English learners. The profession of school social work began in the 20th century, fueled by immigration, life struggles, social conditions, and poverty which affected the development and expansion of educational opportunities for all children (Allen-Meares, 2006 & Agresta, 2004). Interventions provided through school social work services have shown improved student attendance, reduction of child abuse and neglect, improved graduation rates and early identification of a disability. These factors are directly related to increased student achievement.

Community Liaisons

Community Liaisons provide another important support to low income families, Foster Youth and English Learners. They link students and families with services within the school, and across Santa Clara County such as housing, clothing, food shelters, and the many agencies available that families may not be aware of.

Family Engagement

As a means to supporting family engagement and children's learning, it is crucial that district and school programs implement strategies for developing partnerships with families (Henderson & Mapp, 2002). Furthermore, Family Engagement strategies should be appropriate for the diverse population these programs serve and reflect a commitment to outreach (Colombo, 2006; Crawford & Zygouris-Coe, 2006). A program administrator is responsible for overseeing and facilitating family engagement activities throughout the district.

Actions & Services Provided:

1. SEAL Professional Development modules and grade level unit development days are provided for development of content based thematic units and collaboration across school sites.
2. Districtwide professional development on designated/integrated ELD instruction in alignment with the ELD/ELA framework.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

3. Our English Language Teacher Partner (ELTP) and content instructional coaches work very closely with all classroom teachers to provide extensive training, modeling and coaching of high-return ELD strategies. Our coaches participate in continuous intensive professional development to remain current in SEAL/ELD/PBL/CCSS/assessments so as to become professional models and coaches for all our teachers. Coaches support classroom teaches on a daily basis with implementation of high quality instructional practices that focus on the needs of English Learners and students from low-socioeconomic levels, and Foster Youth. In additional, coaches facilitate our districtwide, school level, and grade level professional development.
4. Provide ELD Instructional Assistants to provide classroom support to EL newcomers and to students with CELDT level 1 & 2 or it's equivalency in the ELPAC in order to access grade level curriculum thought integrated ELD instruction.
5. ELPAC training for certificated and classified personnel, as needed.
6. International Center for Educational Leadership (ICLE) coaches to ensure classroom instruction is rigorous, relevant and there is high learner engagement for the English Learners, Foster Youth, and Socio-Economic Disadvantaged Youth.
7. Additional ELD teachers at the intermediate schools to support EL students with specific strategies and interventions by providing ELD support classes.
8. Our collaboration with Partners in School Innovation (PSI) provides intensive support to three of our Title 1 schools. PSI staff alongside school staff focus on deepening the implementation of the School Transformation Framework and Results-Oriented Cycle of Inquiry with the school sites. In addition, PSI collaborates with district leaders to design and deliver an instructional leadership team network for the district's Title I schools and their feeder middle school. The PSI staff consists of highly effective teachers and leaders, who are trained to act as Results-Oriented Change Agents – providing on-the-ground thought partnership, coaching and technical support in schools. They focus on supporting culturally responsive teachers who implement new strategies in their classrooms by ensuring each school implements a thoughtful professional learning plan that supports teachers to learn new content, collaborate with their peers and receive individualized support and feedback. They partner with principals and their leadership teams to analyze data, set SMART goals, develop a thoughtful plan of action, and engage in ongoing cycles of monitoring and adjustment for EL, Foster Youth and Socio-Economically Disadvantage students. PSI works with district staff to develop a coaches' professional learning

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

community to engage in professional learning, coaching, and supporting one another for the purpose of reflecting and refining coaching practices that will ultimately impact teacher practice and improve student achievement.

9. Provide additional staff, additional professional development, and additional planning days to our intermediate school with the highest EL/low socio economic population in order to accelerate the learning of our most disadvantaged students.

10. Provide intensive intervention programs such as Read 180, Systems 44, iReady, Rosetta Stone, etc.) to support the various academic needs of our unduplicated students.

? READ 180 Universal is the leading blended learning solution that accelerates learning for struggling readers by merging the latest brain science, adaptive technology, professional development, and knowledge for school and life.

? For middle-school students who are two or more years behind in math, time is of the essence. Reteaching every missed skill and concept is impractical. MATH 180 focuses on deep understanding and mastery of the essential skills and concepts necessary to unlock algebra and advanced mathematics. The MATH 180 scope and sequence is built around a focused and coherent curriculum that enables students to progress swiftly and successfully toward grade-level curriculum.

? System 44 Next Generation is a new foundational reading program for the most challenged readers in Grades 3–12+. System 44 is proven to help students master the foundational reading skills required for success with the new standards, college, and career through explicit instruction in phonics, comprehension, and writing.

? iReady Diagnostic adapts to each student, providing easier or harder questions depending on students' answers to previous questions. By adapting across grades K–12, i-Ready Diagnostic helps teachers understand the root causes behind student challenges. This is especially beneficial for providing differentiated instruction and for identifying gaps spanning back multiple years, or for determining where students are ready for further challenge. i-Ready Diagnostic assesses student performance across the key domains in reading and mathematics for grades K–12, providing a valid data on individual student growth and next steps in instruction.

11. Provide after school safety nets and programs to students needing Tier II & Tier III supports.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

12. We have hired two math coaches and one ELA coach who will focus on CCSS implementation with an emphasis on EL, low-socio economic and foster youth in grades TK-8th. We believe that in addition to attending professional development and planning, teachers need classroom modeled lessons and a coach to observe and provide direct feedback to individual teachers.

13. Technology provided to Title 1 schools and schools with high populations of EL /low socio economic students. To ensure access to technology that enhances learning specifically for English learners, low socio-economic students and Foster Youth, the technology and EdTech staff provide coaching on high leverage technology strategies that is integrated in Common Core Standards implementation.

14. Visual and Performing Arts for students in schools with high levels of disadvantaged students.

15. Administrative Support Staff to organize, manage, and ensure fidelity of implementation for all programs focused on EL, low socio economic and foster youth.

16. Salary increase for personnel paid through Supplemental (step and column, and COLA)

17. One of our additional bilingual psychologist works at our Title 1 schools to provide primary language support with assessments, mental health services, and family collaboration.

18. Title I sites are provided with additional patrol services to ensure campus security in support of student learning.

19. Attendance clerks are provided with additional hours each day to monitor attendance and manage health concerns by providing regular quality communication with families.

20. Our district social worker focuses on supporting the needs of EL, low socio economic and foster youth children and families. She supervises interns providing social, emotional, behavioral and academic support to our disadvantaged students and their families.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

21. Provide Community Liaisons at all sites to support access to school and district programs to all families.

22. Provide translations and/or interpreters and childcare whenever necessary to ensure accurate communication and participation of guardians/families.

23. Family engagement events, activities, and education are provided throughout the year under the direction of a Program Administrator.

A portion of the Supplemental Funds will be set aside for salary increases (step and column, and COLA) for the personnel within the Supplemental actions.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

Plan Summary

Annual Update

Stakeholder Engagement

Goals, Actions, and Services

Planned Actions/Services

Demonstration of Increased or Improved Services for Unduplicated Students

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year. When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with

the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided

in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering "All", "Students with Disabilities", or "Specific Student

Group(s)". If "Specific Student Group(s)" is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".
- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
 - b. Mathematics – CCSS for Mathematics
 - c. English Language Development (ELD)
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

- (a) “Chronic absenteeism rate” shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (b) “Middle School dropout rate” shall be calculated as set forth in 5 *CCR* Section 1039.1.
- (c) “High school dropout rate” shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) “High school graduation rate” shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (e) “Suspension rate” shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (f) “Expulsion rate” shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001,; 20 U.S.C. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified?
Where can these expenditures be found in the LEA's budget?

Prepared by the California Department of Education, October 2016

LCAP Expenditure Summary

Total Expenditures by Funding Source
